NEW ACQUISITION

St. Joseph's College Library has just acquired a University of Texas publication on *Sacred Art* by the French Dominican Marie-Alain Couturier. Father has been instrumental in bringing "great modern masters to the creation of church art and architecture."

Of interest to some alumnae is the fact that the translator is Father Granger Ryan, who taught History at the college in the late 30's and early 40's. He later became president of Seton College in Pennsylvania.

Sister Margaret Louise Shea, CSJ

Sister Margaret Louise Shea, CSJ

Pioneer in

Pre-school Education

Sister Margaret Louise Shea, CSJ, a pioneer in pre-school education and Director of the Dillon Child Study Center of St. Joseph's College from 1942 to 1980, died on December 21, 1993, at the age of 83. Graced with a keen intellect, a deep interest in childhood development and a generosity in serving others, Sister Margaret Louise was an outstanding educator and exemplary Sister of St. Joseph.

Born in Brooklyn, Margaret Shea attended Our Lady of Perpetual Help elementary school, and after completing her high school education at Bishop McDonnell's in 1930, entered the novitiate of the Congregation of St. Joseph in Brentwood. While a novice, she taught fifth grade at St. Teresa of Avila in Brooklyn. Her first teaching assignment as a Sister was a sixth grade class at Our Lady of Victory.

In September 1934, Sister Margaret Louise matriculated at St. Joseph's College and began full-time study. The following month, St. Joseph's College opened a pre-school for children between the ages of 2 - 4 1/2, and offered pre-school development courses. Sister took a lively interest in Child Study which was under the aegis of the Psychology Department. In 1938, having earned her bachelor's degree in Psychology, she taught at the newly founded kindergarten of the preschool, while pursuing studies for a master's degree at Columbia University. She received her MA in January 1940 and was introduced to college teaching by Margaret Gardner, the Director of the Preschool.

In 1942, when Margaret Gardner left St. Joseph's to be married, Sister succeeded her as Director. Meantime a major in Child Study was established which attracted so many students that a Child Study Department was created and Sister became chairperson.

From 1946 to 1949, Sister Margaret attended Catholic University full time and received her doctorate in Psychology - Psychiatry in 1950. She returned to the college as a full time professor and Director of the Dillon Center. In 1955, she

succeeded in getting the Child Study Program registered in Albany, which enabled students to receive their teaching certificate for early childhood classes, automatically.

Acknowledged as a leader and expert in the study of child development, Sister Margaret shared her expertise as an adjunct professor at the Catholic Universities of Washington and Puerto Rico during summers from 1960-68. A popular lecturer, she willingly gave lectures on Child Psychology at parish and diocesan programs, at New York City Board of Education, and at State and County conferences. St. Vincent's Child Care Services welcomed Sister as a consultant.

Sister Margaret was an active member of the Board of Child Care Institutions in New York City and served on a task force for the evaluation of the Day Care Centers of NYC Agency for Child Development. In 1973, Sister Margaret received the Mary L. Brady Award from the Catholic Teachers Association. In 1981, the Brooklyn Borough President presented her with a Certificate of Merit for her service on his Advisory board. Skilled in psychological testing, she directed testing programs for several religious congregations, including the Sisters of St. Joseph.

Professional memberships included the New York academy of Education and the American Psychological Association. In 1981 Sister became a fellow of the Menninger Foundation, a group devoted to mental health problems of the nation. Last October, Sister Margaret, who, was an active member of the Fellowship of Catholic Scholars, flew to California to attend their annual conference.

These professional involvements did not limit Sister's full participation in the religious activities of her local convent community and of the congregation. She served as a delegate to the recent chapters. A charter member of the Board of Trustees in Brentwood College, she also served as secretary from 1955 to

Deans' Presentations to the Board of Trustees

During 1993 our college Deans made brief presentations of their respective divisions to the St. Joseph's College Board of Trustees. Thomas Travis, PhD., Dean of General Studies, both campuses, presented his report on February 17th. After a brief history of the college read by S. Mary Florence Burns, PhD, S. Margaret Buckley EdD, Dean of Arts & Sciences in Brooklyn, reported at the May 12th meeting, and S. Jean Marie Amore, PhD., Dean of Arts & Sciences, in Patchogue, on October 13, 1993. We wish to share these informative up-to-date reviews with you.

DIVISION OF GENERAL STUDIES

The establishment of the Division of General Studies in the mid 1970's and its almost overnight success, is best explained in the context of two interrelated factors: the *first* is that the State Education Department was directing its colleges to increase educational opportunities for adults, minorities, and women. To accomplish this, the State encouraged colleges to be more flexible with regard to transfer credit policies, program requirements, and scheduling.

In response, St. Joseph's established the BS degree in General Studies, a highly flexible degree designed around the special needs of working adults. Special policies and procedures were put in place to serve these new students: non-restrictive admission requirements, transfer credit for prior professional training, credit for prior experiential learning, and convenient once-a-week classes offered nights and weekends, oftentimes at the work site.

The critical *second* factor supporting the Division's initial success was the push by the National League for Nursing to encourage registered nurses to continue their education and to earn the baccalaureate. From the beginning, the Division targeted this population, and it proved to be ideal. Within two to three years, we had over a thousand nurses taking our courses.

The Divisions ability to respond to this almost instantaneous demand underscores the important function that General Studies serves for the College. By design and in practice, the Division is an innovative, adaptive unit, which - happily-enjoys a great deal of support not only from the administration but from the faculty as well.

In 1979, the Division expanded its programs to include a BS in Community Health and a BS in Health Administration. There were two purposes for this expansion. One was to better serve the nurses. The second was the anticipation of a lessening demand from the RN population. To prepare for this, we took our first steps towards diversification. These new degrees were designed to be marketed to an array of allied health professionals, including X-ray technicians, dental hygienists, lab technicians, and administrative support personnel. Our objective was to get our promotional material into every unit of every health care facility on Long Island and in New York City.

In 1986, to strengthen our offerings to nurses, the College registered a B.S. in Nursing (BSN). This is a structured program that is costly for the College both with regard to the expense of additional full-time faculty and the need for specialized equipment. However, it is the preferred degree of the National League for Nursing and

we deemed the BSN essential if we wanted to continue to serve the nursing population. It has paid off. Today, approximately twenty percent of our students in the division of General Studies are in the BSN program, and this new offering has done much to enhance the reputation of the College with the health community.

Concurrently, we moved to diversify our programs to serve a non-health population. This was necessary because the enrollment for the health majors was declining - a reflection of (1) trends in that profession and (2) an increase in competition from other colleges.

In keeping with our mission to serve working adults, the next obvious area to develop was management. At first this took the form of developing a series of credit-bearing certificates attractive to adults climbing the management ladder. For example, we have business related certificates in: Leadership, Management, Human Resources, Training and Staff Development, and Data and Information Processing. What we did with these was to bring them to the work place and offer them on-site. The courses for these certificates would be presented in three hour blocks, typically at the conclusion of the working day. In this way we encouraged college-shy adults to take incremental clusterings of courses that bring them so close to a degree that they can no longer put off making the final commitment to earning the bachelor's degree.

To further encourage enrollment in the management area, we developed a special, one-of-a-kind program called the B.S. in Management of Human Resources. This is a flexible degree: built on the prior learning assessment rubric, and focused on the management of people. It is off to a good start and attracting adult students from management as well as the human resources sector.

Additionally, I want to highlight several activities that support non-traditional learners and contribute to the vitality of the communities served by the Brooklyn and Suffolk Campuses.

Law Enforcement Personnel Grants

Begun in 1989, this program involves offering tuition grants to New York City Police attending the Brooklyn, Campus. The success of this program has been tremendous. Police currently represent approximately one-fourth of our Brooklyn General Studies population, which helps to explain the Division's record-breaking high enrollment.

Training and Development

This effort is just getting off the ground. It involves offering non-credit workshops and seminars - on site or on

campus - to employees of hospitals and businesses. We can present a range of topics. For example, we have done Supervisory Skills at Booth Memorial Hospital, and Lotus and Wordperfect at our Suffolk Campus for the employees of North Atlantic Industries.

Continuing Education

The Summer Non-Credit program was started on the Suffolk Campus in 1991. We offered 19 workshops and enrolled 275 people. In the summer of 1992, the program showed substantial growth, with 31 offerings and a total enrollment of 456. And this is the trend we expect to continue.

In closing, I would say that for the future the Division will continue its efforts to identify new student populations and to devise better ways to deliver our services to them. In this way, we will make our contribution to help insure the success of the College.

BROOKLYN ARTS & SCIENCES

St. Joseph's College of Arts & Sciences here in Brooklyn is closely identified with the college founded in 1916 then known as St. Joseph's College for Women. While many aspects of the college have evolved over time, we continue to reflect the vision of the founders - to provide an education characterized by academic excellence and value orientation, with provision for career preparation.

Our student body of men and women comes from the five boroughs, primarily Brooklyn and Queens. Most come directly from high school, though we welcome returning students. Although we recruit in the public and private high schools, most come from Catholic high schools. Our student body reflects the ethnic diversity of the metropolitan area, with about 25-30% being minority students.

St. Joseph's is a liberal arts college, rooted in the liberal arts tradition. We offer a wide range of majors, the newest being Accounting and Business Administration, and the largest being Child Study. We have strong majors in Biology, Chemistry, English, History, Mathematics, Psychology, Social Sciences, Spanish and Speech.

We are proud of all our graduates, many of whom gain admission to medical and law schools and to graduate programs, and who have gone on to successful careers. Our reputation for preparing well-qualified teachers for the elementary and secondary schools is outstanding. Principals seek our graduates. We have a large and supportive alumni group in the area.

The faculty's primary commitment is to teaching and helping students to develop their full potential. Each year our graduates are given a questionnaire. One question we ask is what they value most in their education. Every year the same response stands out - the close relationship with faculty and other students. This is why applicants have been attracted to St. Joseph's College.

Although the small size of our college imposes limitations in terms of scheduling of classes and range of faculty, it allows each student to be known personally and to receive the support and challenge needed. We believe

this accounts for our high retention and graduation rates.

You have all read during the past year of violence and hate-speech incidents on college campuses. This has not happened at St. Joseph's because students know each other as persons, therefore there is no atmosphere of fear or hostility.

We continue to maintain our commitment to Brooklyn and the metropolitan area. We exist in a very competitive educational environment, surrounded by the huge public system and many private colleges. After a period of struggle, we are seeing an increase in enrollment, the result of serious and consistent efforts of our Admission staff. We have weathered the worst of the enrollment crunch. We are particularly pleased with the increase in the number of transfer students, especially those coming from Kingsborough Community College where an Early Childhood program articulates well with our Child Study major.

We look to our past with gratitude and our future with optimism. If we continue to grow, our big problem will be parking space!

SUFFOLK ARTS & SCIENCES

In 1971, St. Joseph's College established an extension in Brentwood which served Junior and Senior years. It was moved to Patchogue in 1979 with about 350 students. Since then the Suffolk Campus, now serving all four years, has grown to a current enrollment of 2,039.

I refer to an article I read recently, "Student Expectations of College." It states that because, nationally, the number of non-traditional students in colleges now significantly outweighs the number of 18 to 22 year old students, there has been a change in values, expectations and beliefs. No longer is college the central activity of their lives. Work and family overshadow this. Students want education nearby and at convenient hours. They seek a stripped-down version of college without extra curricular life and activities or specialty courses.

The non-traditional adult student makes up about one-third of the student body. We are being challenged more than ever to be faithful to the mission of the College, while at the same time meeting the needs of today's students. The mission of the college has always been to provide students with excellent professional preparation. We also envision the college as a time of personal change, a time for students to dream and reflect and to see differently, themselves, the world, and their place in the world.

We see the narrow expectations of the adult student reflected in the younger full-time student who is working thirty or more hours a week. Today, as we plan for the future, our challenge is to continue to prepare each student for a life characterized by integrity, intellectual and spiritual values, social responsibility and service - a life worthy of the College motto: *Esse non videri* - to be, not to seem, I think we are doing this.

We have an ideal population here. Of the 605 new students accepted in September 1993, 150 are freshmen; 275 are transfer students from Suffolk, Nassau, and

Farmingdale Community Colleges, Stony Brook and other colleges; 180 are adult returning students. This has proven enriching. The serious, experienced, adult students are good models and friends for the freshmen, while the freshman qualities of spontaneity, idealism, and openness are contagious.

We draw high school students from Riverhead, Mattituck and East Hampton in eastern Suffolk, to Lindenhurst in western Suffolk, and occasionally from one or two schools in Nassau. Our freshman class presents students from about 40 public high schools and 14 private schools. Over half of them receive financial aid (college grants and state and federal funds) and 66% of them have additional loans averaging \$3700 a year.

As the number of women entering the work force grows, we have an increasingly larger number of women coming to college part-time. Business and Accounting, majors that were predominantly male, have an almost equal number of women and men. Many of these women pursue their degrees while balancing a number of other responsibilities and stresses.

Regarding our academic program, the Child Study major is the largest, with an enrollment of about 450 students; Accounting and Business Administration majors are second; Human Relations, Recreation Therapy, and Psychology are also popular majors; and the traditional liberal arts programs are strong in servicing students with both major and core courses. The newest programs on our

campus, the math major and the math/computer science major, have attracted a number of academically strong students.

Surveys sent to alumni one year after graduation are consistent in indicating that 86% of alumni are employed, 62% of the 86% are employed in the fields related to their major, and 43% of our graduates pursue graduate study within one year of graduation.

Our buildings are well used. The Clare Rose Playhouse has earned a fine reputation for itself in the Suffolk area. Performances are usually sold out. Students receive an excellent experience from working there. The plays also include cast members from the community who have experience in acting in local theaters, and some interesting networking has occurred. The Callahan Library, made highly attractive by its structure and its state-of-the-art services, has added significantly to the academic environment of the campus. It is used well by faculty, students, and the local community.

As we grow and plan new programs, we face some practical as well as philosophical questions. How large do we want the Suffolk Campus to become? What directions should our growth and development take? How do we address our immediate needs for more classroom and office space, additional parking, and more appropriate areas for students to gather and hold their varied events?

Dr. Catherine Scorgia Kane '55

Dr. Catherine Kane, Pediatrician and Medical Director at Angel Guardian Home in Brooklyn, retired in June 1993, after thirty years of service to this well-known child care agency. At the time of her retirement she was responsible for the health and well-being of 800 foster children. Her first association with Angel Guardian was as a social worker during summer vacations, while attending Downstate Medical School.

Catherine, a pre-med student at SJC, graduated in 1955. Asked why she chose St. Joseph's, she says she didn't. She had applied to and was accepted by Hunter College, but on the day of her graduation was offered a full four-year scholarship to St. Joseph's College. Coming from Bishop McDonnell High School, a large school, Catherine loved the smallness of St. Joseph's and the more intimate, caring faculty. She has made wonderful, lasting friendships - she still plays Trivia regularly with Joan Scanlon Owens, as classmate pal. She enjoyed the opportunity of serving as President of the Undergraduate Association and was delighted in her junior year to be nominated to Who's Who in American Colleges and Universities. Kay majored in Chemistry and had a double minor in Biology and Math. Because she loved her freshman English course and was so fond of Sister Joseph Immaculate, she took additional English courses just for the enjoyment.

After graduation in 1955, Kay entered Downstate Medical College and received her medical Degree in 1959. Her internship, in Internal Medicine, was taken at Kings County Hospital Center. Dr. Scorgia then started her Residency in Pediatric Medicine in St. Vincent's Hospital in Manhattan. "It was the first time I took any of my education outside of Brooklyn" she mused. However, she returned to Kings County for her second year of Pediatrics and in her third year there, she served as Chief Resident. For the next three years, Dr. Scorgia worked full time in the Children's Emergency Room of Kings County Hospital.

In 1959, Catherine Scorgia married Walter Kane, whom she met in her junior year in college at a St. Patrick's Day party. He was a student at Manhattan College. They quickly became good friends. Walter was in the Manhattan College ROTC program and after his graduation in 1955, he served four years in various Air Force assignments as a meteorologist, while Catherine attended medical school. When he finished his tour of duty, Walter, whose ambition

Medical Director Retires

was to become a doctor, entered the State University of New York Downstate Medical School and both he and Kay worked to pay his tuition. He received his medical degree in 1963 and practiced as a neuropathologist until his retirement in 1986.

With the arrival of Walter, Jr., Catherine left Kings County Hospital to take care of him, and she worked part-time at Angel Guardian Home as staff physician. Fifteen years later she became Medical Director as well. Walter, Jr. is a television reporter and producer in Grand Rapids, MI where he lives with his wife Nancy and son, Daniel.

Reflecting on her practice from her early years to date, Catherine said it was an escalating job. Pediatrics in general is no longer preventive practice. Many of the foster children have more complications due to the social climate of drug use, homelessness, poor prenatal care and premature delivery, and care has to be more comprehensive. Pediatrics today deals with developmental delays, learning problems and serious infections such as HIV and Hepatitis. The number of Children with emotional problems has escalated. The number of children with referrals to specialty clinics has greatly increased. A coordination of services is needed for almost every child, that is, services of a child development specialist, a psychologist, a psychiatrist, a therapist, an educational consultant as well as the help of a nursing staff and a secretarial staff. It is a team approach.

The necessity and the satisfaction of seeing a child obtain the services he needs and seeing him progress, drove Dr. Kane to work long days and even to continue at home to catch up on paper work. To her, each child was his special endearing self with his special needs.

Many of her "children", now grown up, have come back to visit Dr. Kane, still regarding her as their pediatrician.

Sharon, a former foster child and now a married adult, as a teenager adopted the Drs. Kane as her parents and they reciprocated the attachment by considering her their daughter. She became a part of the Kane family, a sister to their son and an aunt to their grandson. Sharon and her husband join the Kanes for all holiday celebrations.

Somewhat loathe to leave the problems she has dealt with for so many years, Kay nevertheless looks ahead to enjoying her retirement with travel, leisure reading and spending time with family and friends.

Gold Star Director

Derine McLaughlin '79GS

"Gold stars all the way," say residents of Meridian Nursing Center of West Melbourne, Florida, for their new Nursing Director, Derine McLaughlin, who took over this position in March 1992. Well qualified, Derine earned her bachelor of science degree in Health Care Administration from St. Joseph's College in 1979, and her master's degree in Community Health, majoring in Health Administration, from Brooklyn College in 1990.

Derine Colyard came from a family of eight children, and having to take care of the younger ones motivated her towards her nursing career. A native Jamaican, she entered Kingston Public Hospital School of Nursing at age 17. After receiving her Registered Nurse diploma in 1966, Derine studied midwifery and received certification as a midwife from Aberdeen Maternity Hospital in Scotland where qualifications were strict and training was detailed and exacting.

On completion of this training, Derine returned to Jamaica where she practiced her nursing skills in midwifery, medical and surgery techniques, and also added operating room techniques, for approximately two years. During this time she worked at the Mandeville General Hospital, Nuttal and St. Joseph's hospitals in Kingston.

However, by the end of 1971, Derine again had the urge to travel overseas and left Jamaica to practice at hospitals in Grand Cayman then at Princess Margaret Hospital in Nassau, Bahamas. In both hospitals she increased her operating room techniques and was promoted to the head nurse position. Although her dream was to live in Florida, her husband's job took them to New York in 1972. Her first job was as an operating room staff nurse in a small Brooklyn hospital.

To add to her experiences, Derine decided to work in geriatric nursing. In 1975 she took a position as charge nurse at the Linden Day Care Center, formerly Baptist Medical Center of New York - a skilled nursing facility on Linden Boulevard in Brooklyn. Working with the elderly was such a satisfying experience that she stayed with it. There her knowledge and expertise in caring for the

geriatric population was immensely increased and acknowledged by her superiors. She was rewarded by being promoted up the ranks to Director of Nursing Services in which capacity she served for four years.

In 1991 her son, Elvin Jr., after graduating from Brooklyn Technical High School, was accepted by Florida Tech. Derine was inspired to send her resumé for jobs in Florida. By December 1991 the family was relocated to Florida. To her delight, Meridian Nursing Center contacted her in March about a position as Director of Nursing in their 179-bed, long-term care facility which offered complete skilled, intermediate, and Alzheimers care. Meridian's goals include helping residents to live as independently as possible and equipping them to live outside the center when possible.

Kathy Kondolf-Harmer, Meridian's administrator said that Derine McLaughlin's qualifications and knowledge of health-care facilities was the key to her selection. Her duties include directing nurse services and nursing, hiring, and making sure that Meridian meets regulatory guidelines. "Her background and experience made her a top candidate," she continued. "She has integrated well with the staff. We recently participated in a state survey and she was instrumental in Meridian Nursing Center receiving another superior rating."

Residents like her, too, because she gives her own personal time to them and is always available. "To me she's a boon I never expected to have. I've been in two other nursing homes before this one, and she towers above all of their people," says Florence Bross, who lives in Meridian.

Derine's husband Elvin Sr., graduated from Pratt Institute in Brooklyn, NY, in 1983 with a bachelor's degree in Construction Management. He was employed with the City of New York until March 1992. He has now established his own business.

Derine, Elvin and their two children, Elvin Jr. and Jacqueline, and her stepson, Mark, now live in Palm Bay, Florida.

Beloved Doctor

Dr. Dolores Amar '39

"Esse non videri", so often quoted half-jokingly by Dr. Dolores Amar in conversation, well identified the productive life she lived. Her peaceful death on October 21st brought an end to many years of service to others in various areas of the medical profession.

From her earliest years, Dolores wanted to be a doctor. Her Mother encouraged her in her ambition, although at that time the medical profession offered little opportunity for women. After graduation from elementary school, Dolores planned to attend Bay Ridge High in Brooklyn. However, when she spoke of her ambition to the principal, she was advised to choose a more traditional career. Disappointed but not daunted, Dolores transferred to St. Agnes Academic High in Rockville Center. Here, not only the principal but the teachers also urged her to continue in her chosen path. She enjoyed science and saw a dream being fulfilled. She began her college work at Hunter, but again had no success in furthering her medical education. Once more she made a transfer - to St. Joseph's College where her desire finally began to become a reality. We all know how she loved the college and how proudly she spoke of her wonderful education. Father Dillon immediately concurred with the pursuit of her dreams and upheld her in every decision.

Sister Clotilde became her most treasured professor as she sought to provide the necessary background for Medical School for Dolores. Under the direction of Father Dillon, Sister Clotilde taught Dolores and another student the necessary pre-med courses, not at that time included in the catalog. The goal seemed near, but another problem appeared. What school would accept a woman? At last she found Women's Medical College of the University of Pennsylvania. In 1943 Dolores Amar received her medical degree with distinction. She served her internship in Women's Hospital.

Since next to family and St. Joseph's, her country was a great love, Dolores joined the Army. She served two years and was discharged with the rank of Captain. She was "tough" - so said her Army mates, but her intelligence and devotion earned their respect and admiration.

Dolores became a general practitioner in her home town in Seaford. Her specialty was obstetrics and gynecology in

which she was certified in 1957. Her love for her patients was famous and she followed the babies she delivered as long as she could, always interested in their progress. Dolores estimated that she had delivered some 2,000 babies, including, in 1957, the first set of triplets born at East Meadowbrook Hospital. She also remembered her teachers, the sisters from St. Agnes, as well as her classmates, and served them in their need.

Dolores loved life, but she was a most self-effacing person, never realizing how much of a pioneer she was - as apparent in her becoming the first woman Medical Examiner in Nassau County, in 1948. At the time of her appointment, *Newsday* noted that she had often responded to accidents as a member of the Meadowbrook staff. "Buttoned into a trench coat, her light brown hair showing under a small cap, Dr. Amar was well known to members of the press who usually found her bent over an accident victim when they arrived on the scene."

A conservative by declaration, Dolores still saw the need to move forward in social service. Upon retirement she volunteered to work in Pilgrim Psychiatric Center in Brentwood.

Dolores had a wonderful sense of humor. While arguing with me about politics - Dolores a staunch Republican and I, a most liberal Democrat - she would suddenly see the fun of it and have a hearty laugh. She had a lovely voice which she explained as a gift from her father, a talented musician. Last summer, at her 75th birthday party, she honored us with a song. Her voice was still lovely to hear.

All of us who knew and enjoyed Dolores as a devoted friend who worried about each one of us, will certainly miss her. But her spirit of quiet, courageous womanliness will live on as surely as "Esse non videri."

Sister Dorothy Mercedes Finn '39

Dr. Dolores Amar is survived by five nephews Peter Amar of Gaylord, Michigan, James of Worcester, Massachusetts, Stephen and Vincent, both of Gloucester, Massachusetts and Matt of Pembroke, New Hampshire, and also by three grand-nephews and one grand-niece.

Outstanding Professional

Thomas Wendt '88

In June 1993 Thomas Wendt received a promotion at St. Mary's University, San Antonio, Texas to the post of Director of Student and Employee Support Services. He is responsible for campus-wide alcohol and drug education. He administers services for students with disabilities and directs the campus mediation center, the employee assistance program and the peer education program.

Tom Wendt received his bachelor's degree at the Suffolk Campus of St. Joseph's College in 1988, and delivered the keynote address, "The Value of Our Education" at the Baccalaureate Prayer Service. Since then he has had a busy and productive career in student personnel administration, dealing with the disturbing problems that beset young people today.

On graduation from SJC he took a full-time position with Youth Focus, a non-profit Catholic youth ministry organization serving thousands of Long Island teens. Tom had worked part-time for the organization during his undergraduate years. As Director of Programs and Services he supervised undergraduate volunteers, designed and implemented the first Inter-Campus Peer Education Network and presented multi-media productions on teen-related issues.

After two years Tom decided to move to the college setting. "My own years at St. Joe's had been so rewarding, he says, "that I wanted to help other students grow from their undergraduate experience." He enrolled at Columbia University for a Master's Degree in Student Personnel Administration. Serving as Greek Advisor he facilitated the resolution of disputes in the Panhellenic Council, advised 25 fraternities and sororities and coordinated workshops on alcohol abuse, hazing, sexual violence and gender communications. He responded to emergency and crisis situations and adjudicated Greek Discipline cases with the Greek Judicial board.

In 1991, having received his Master's degree, Tom went to St. Mary's University in San Antonio Texas, as Assistant Director of Residence Life and Greek Advisor. He managed a residence hall of 170 residents, and in one year turned the most problematic hall into the least problematic. He also oversaw the management of six other residence halls, supervised four Graduate Hall directors and 25 resident assistants and chaired training programs for directors. He presented programs to staff, faculty and

students on student development theory, and to all new students on issues of sexual violence, alcohol and communication. Meanwhile he continued to sharpen his skills, taking training courses for certification in Mediation and in Substance Abuse Screening.

Tom Wendt's competence was recognized by his supervisor at St. Mary's who nominated him, in 1992, for an award granted by the American College Personnel Association to an outstanding new professional in the field - one of seven in the entire nation. In 1993 he won first place at the annual New Professionals Case Study Competition of the Southwest Association of College and University Housing Officers.

He has made significant and award-winning presentations at professional conferences. Among topics he has dealt with are "Living with AIDS," "Gender Swap-Put Yourself in My Shoes," "Straight Talk About Gay Issues" and "Careers in Student Affairs." At the 1992 conference of the National Forum on Substance Abuse in Higher Education, sponsored by the U.S. Department of Education, he spoke on "Preventive Programs and Minority Students: a Mexican-American Perspective." Tom's bi-lingual (Spanish-English) ability gives him a special competence in this field.

Tom will address the 1994 Annual Conference of the National Association of Student Personnel Administrators on "Finding the Right Job in Student Affairs," and on "Job One - What They Didn't Teach You in Graduate School." At the 1994 San Antonio Residence Assistants Conference he is to give the Keynote address: "To a Different Drum - Commitment and Service."

At present Tom is working on a text book entitled *Ethical Issues in Higher Education*. He contributes a monthly column, "On Campus," to the San Antonio Handicapable Gazette. He looks forward, in a few years to working toward a doctorate in higher education administration, with the long term plan of teaching in graduate programs in the field of higher education.

Tom's hobby is acting. Back in 1988 Tom Wendt made his stage debut at the Clare Rose Playhouse, as Stanley in Neil Simon's *Brighton Beach Moments*. He has casually pursued both volunteer and professional acting engagements and is currently a member of a professional San Antonio acting troupe called *Illegitimate Theater*.

A Career in Finance

Bart, Thomas and Helen Minieri Stacy '80

When Helen Minieri Stacy graduated from St. Joseph's in 1980 with a bachelor's degree in Child Study, she never could have predicted where her career track would take her. "I look back and just shake my head," she says. Yet her position as financial adviser is not entirely different from her former job as a pre-school and grade school teacher. Instead of teaching children ABC's, she advises women on the 1-2-3's of financial planning - an issue she feels many women need to address.

"Whether a woman is single or married, she must learn sooner or later how to manage her finances," explains Stacy. "Some women say that they don't earn or haven't enough money to think about financial planning. It is true that they earn less than their male counterparts, but you would be surprised how much you can accomplish with 20 dollars a week."

A turn of events forced Stacy to realize she needed a better paying job herself, so she moved from the Brooklyn classrooms to the Wall Street corridors. Driven by necessity and armed with teaching experience and naivete, she sought jobs at all the large financial houses. She laughs at the recollection. "I went to all these big companies, thinking they would want Helen Minieri with no experience. I must have received dozens of rejections." Finally, she was hired as a sales assistant by a small Boston firm, Mosely Securities. That was in 1985. Exactly one year later, she was entered into the trainee program for financial advisement. In 1988, Mosely was taken over by Thomson MacKinnon. While Stacy climbed the corporate ladder, Prudential Securities took over. Today, she is the Vice-President of Investments and was recently appointed as assistant manager of the Southampton branch.

More than a career, she also met her husband, Bart Stacy, at Mosely. They married in March 1990 and Thomas Richard was born in December of the same year. After his birth, Stacy took two months of maternity leave, but never lost contact with her job, thanks to a computer, a

fax machine and modem at home. Likewise, when she returned to her office full time, she equipped it with home necessities, such as a playpen, for the two days a week she brought Thomas, with his food, bottles, toys and clothes. "I did that for a year while I lived in Brooklyn, then I transferred to Southampton. Looking back, I wonder how I managed."

Now on the other end of Long Island, Stacy has become a member of East End Women Networking, Inc., and writes a column in their monthly publication. She has also become a licensed representative of the National Center for Women and Retirement Research. There are 21 of these groups nationwide and Stacy competed with four other women for the position. She holds financial seminars for women, which fulfill her desire to teach and to help them. She also calls in a radio show on WBAZ called Market Report, both mornings and evenings daily.

"I want to help women and educate them. While it is hard for a woman to break into a man's industry," she admits, "I wouldn't be where I am today if it weren't for a few men." She credits her husband, Bart - no longer a broker, but a gourmet chef - for his tremendous support and help in allowing her to pursue her career. "I do work hard, but Bart is so supportive. He watches Thomas during the day, and brings him to the office so we can have lunch together a few times a week. He frees me from so many worries."

Other people who influenced Stacy's life include her parents, Cecilia and Richard Minieri, whose steady guidance and inspiration helped her at crucial crossroads. Her cousin, Rosalie Tutino '59, Vice President of Development and College Relations, also assisted Stacy's career when she convinced her to attend St. Joseph's in order to earn a teaching degree. "Who knows where I'd be without these special people in my life?"

Today, Stacy offers her own special guidance to those who need it.

To Spread Love and Laughter

In the spring of 1974 I graduated from St. Joseph's College. I was engaged to marry that summer and my plans for the future included teaching and motherhood. Never in my wildest dreams did I expect to be a clown. Yet, during the past fifteen years, I have entertained at countless birthday parties, performed at company picnics and grand openings, visited hospitals, and marched in parades.

How did a (then) young mother and former elementary school teacher become a clown? The process began in 1979 when my husband, Don, decided to own his own business and we opened an ice cream store in East Meadow, Long Island. We planned to host children's birthday parties and I was sure that with my Child Study background, I could entertain children easily. The franchise suggested magic shows, so I visited a few magic shops asking for suggestions on tricks for children and invested in many tricks and magic books. After months of practice and developing routines, I began performing at children's parties at our store.

I auditioned and was accepted as a member of the Long Island Mystics, the local chapter of the Society of American Magicians. At their monthly meetings I watched and learned from performers more skilled and experienced than I, and occasionally had the opportunity to perform for the group.

After several years, Don and I decided to leave the ice cream business. He returned to engineering and I returned to being a full-time mother to three boys. However, after receiving several requests for magic shows, I decided to continue performing and made myself more marketable by becoming a magic clown. Thus "Tootie the Clown" was born.

In 1985, we made a job-related move to Houston, Texas. One of the first things I did was join the Cheerful Clown Alley, the local chapter of COAI - Clowns of America International. I

also became a member of TCA, the Texas Clown Association. In New York I had very little contact with other clowns, but in Houston I attended monthly alley meetings and had the opportunity to learn from others. I attended the alley's annual clown school and improved my makeup and wardrobe. I participated in a six week class given by a former Ringling Brothers clown and greatly improved my physical comedy, learning some balancing and juggling tricks. In late 1985 I attended the Texas Clown Association Convention and placed in the Top Ten for Auguste Makeup and Wardrobe competition. There are three basic clown types: Whiteface, Auguste, and Tramp. Augustes, like Tootie, have flesh-colored base makeup with patches of white around their eyes and mouth.

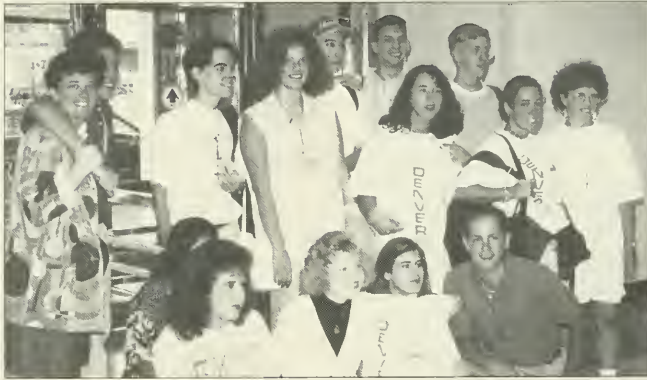

In 1986, I spent a week at the University of Wisconsin at La Crosse, at the Laughmakers' Conference. I took classes in juggling, ventriloquism, balloon animals, magic, and other clown skills. The instructors were former circus clowns and other seasoned children's performers. Later that year I returned to the TCA convention and received a first place trophy for Auguste Makeup and Wardrobe.

I help to keep my clown character and skills developing by attending conventions, and workshops and by visiting performers, and by staying active in the Cheerful Clown Alley. I perform at birthday parties on weekends and do a volunteer show each year for the kindergarteners and first graders at our local elementary school. I also speak annually at the fifth grade's Career Day. Eventually I hope to expand my business by performing at preschools and daycare centers.

Clowning is an incredibly satisfying field. Whether volunteering at a hospital or performing at a children's party, it is a great opportunity to spread love and laughter.

World Youth Day

Marie Mackey '84 (left) and youthful journalists

"The experience of a lifetime," Marie Mackey '84 says of the encounter with Pope John Paul II that she and some of her students had at World Youth Day in Denver, Colorado.

Marie teaches in the Department of Religious Education at St. Francis Preparatory School in Fresh Meadows. She is also advisor of the student newspaper, *The Seraph*. The paper has won many awards - this year alone nine of the *Tablet* press awards, a first place from the American Scholastic Press Association and an award from the Columbia University Press Association.

In the spring of 1992, Marie attended a Taize gathering in Dayton, Ohio. There she learned that the next World Youth Day would be held in Denver, Colorado, in 1993. She contacted Sister Mary Ann Walsh, RSM, Director of Communications for World Youth Day and expressed her interest, as a religion teacher and advisor of the school newspaper, in having her students take part in a unique role as press participants. Sister was not not only receptive but "definitely excited about the possibility." Copies of the previous issues of *The Seraph* and a list of recent honors and awards were sent to Sister Mary Ann and she was put on the mailing list for future issues.

The prospect of being recognized as accredited journalists thrilled the thirteen reporters and photographers of *The Seraph* staff, the only high school journalists given this status. They were to attend the same press briefings and cover the same photo opportunities as professionals. Before they left for Denver they became the focus of much media attention here. They were interviewed on programs of the major TV networks, ABC, NBC and CBS, and on several radio stations. The *Daily News*, *Newsday* and the Brooklyn *Tablet* printed articles. While they were in Denver, articles and interviews appeared in the *Denver Post*, *The Washington Post*, the *Daily News* and other newspapers.

On arrival in Denver the Seraph group was assigned to stay at the Radisson Hotel, the designated lodging place for members of the media. One of the group was included in a special Secret Service Rotating Photography Pool for the Archdiocesan

welcome, an event to be covered by only a dozen local Denver photographers, out of more than 3,000 journalists covering World Youth Day. This opportunity meant that James Dooley was escorted within a few feet of the Pope to take photographs. The prep students were also within a few feet of the Holy Father during the Papal Mass at Cherry Creek Park. Besides covering their assignments, they attended as many of the events of World Youth Day as they could reach.

Marie has been informed that *The Seraph* World Youth Day Edition will become part of the official files of the event. She was also asked to send copies to Vatican officials. The World Youth Day issue of *The Seraph* was distributed to the 250 bishops gathered for a meeting in Washington, DC, this November. *The Seraph* has received complimentary letters from all over the country and the world, from people who saw the young journalists on television.

Marie credits her organizational ability to the opportunities and experiences offered to her by St. Joseph's. "Coming to a small liberal arts college gave me the opportunity to get involved in a number of things. I made contact with key people who have been mentors to me, among them Sister Margaret Buckley, Sherrie Van Arnam and Rosalie Tutino."

Marie was the recipient of a full four year Medaille Scholarship. As an undergraduate, she held a number of offices. In her senior year she was president of the Undergraduate Association. "My involvement in student government gave me the opportunity to create and implement new programs." As a student assistant to Rosalie Tutino and Sherrie Van Arnam, she gained practical experience in producing the 245/155 Newsletter and in putting together the dinner dance. "All of these things, combined with a love of teaching fueled by the dedication and direction of Sister Margaret Buckley, have served me well."

Marie received a Master of Science degree in Education from Queens college in 1988, and an MA in Theology at Immaculate Conception Seminary in 1991. She taught English

Mary Camper McGinnis '25

Mary Camper McGinnis of the class of 1925, former principal of New Dorp and of Bay Ridge High Schools, died on July 2, 1993, after a long illness. Mary began her forty-seven year career with the New York City Board of Education at Abraham Lincoln High School, as a teacher of history and a grade advisor. Connie Giampietro Annucci '39, a student there in the early thirties sent her remembrances of Mary. "Though she never taught me, I became one of the group of students whom she took under her wing, along with Carmela Napoli, Frances Caetta, Jerome Loizzo, Claudia Pollicano, Agatina Carbonaro, Norma Strauss, and many others before and after us. Her zeal was unsurpassed. She urged us to continue our education and guided us to Catholic colleges. Thus I found myself at St. Joseph's. I share the love which Mary had for the college and consequently my daughters, Mary Anne and Geraldine, are also St. Joe's alumnae."

In 1939, Mary transferred to Bay Ridge High School where she chaired the Social Studies Department and later served as an administrator.

In 1944, Mary McGinnis was appointed principal of New Dorp High School in Staten Island. During her nineteen years there, many St. Joseph's alumnae began teaching careers under her supervision. On hearing of her death Ruth Hall Carey '52 recalled, "I was a teacher who worked under her tutelage at New Dorp for five and half years. Her integrity and unselfishness in devoting her life to the welfare of the pupils was truly an inspiration. No effort or time was ever spared by her to give students more opportunities to grow, whether in her unique assembly programs or in her applications for students to get scholarships for higher education. She trained less academically gifted students for leadership roles. As a newcomer, through her encouragement, I learned how to be an effective teacher. She gave us young teachers what we needed most - confidence in our abilities and support for our growth. Some other New Dorp teachers I remember from St. Joseph's were Doris Jacklitsch '56, Mary Schlessler Regan '54, Nettie Rementeria McKenna '54, Joanne Bradley Milza '58 and Mary Bennett '50."

Remembrances of Mary Camper McGinnis

During the many years of service to New York City schools, Mary McGinnis was known as one who did more than educate children. She prepared them for the real world and touched them in ways they would never forget. Staten Island Borough President, Guy V. Molinari, recalled her as a strong woman. During the mid-forties he was called into her office and questioned about his future. "Without her influence I might never have attended college," he said.

James F. Regan, former Staten Island representative to the New York City Board of Education, and later its President, was a teacher at New Dorp for 18 years. "She was a truly noble woman in her profession," he said. "She was responsible for bringing many young people into the teaching field and she trained them exceptionally well." Mary McGinnis was known for praising the individual accomplishment of each student and for encouraging students to serve their school and community.

In 1963, Mary McGinnis returned to Bay Ridge High School as principal. Her decision to retire in 1973, four years in advance of the time she would reach mandatory retirement, was based "not on any cynicism on my part in regard to the profession which has been my life work, but on various considerations of a personal nature."

Mary McGinnis was a member of the Catholic Historical Society, of Delta Epsilon Sigma, and the National Catholic Honor Society. A loyal and active alumna, she will be remembered as the chairman and driving force of the Alumnae's first Library Fund Drive of 1928-29, as president of the Alumnae Association 1931-33, and as Commencement Speaker in 1944. Through the years Mary attended nearly all alumnae functions, keeping in touch with many graduates whose careers she followed.

Mary Camper McGinnis was truly one of those of whom it is written:

*They that are learned shall shine
as the brightness of the firmament:
they that instruct many to justice,
as stars for all eternity.*

1993 Day at Belmont

With echoes from Damon Runyon and the Marx Brothers in our head, my niece, Clare Murphy '65, and I spent a day at the races, specifically, Saturday October 2nd, with a few dozen other SJC alums at Belmont.

What a great way to greet October! The track was bright and clean, embellished with yellow, russet, gold and white chrysanthemums. The turf was emerald green and in the center pond a snowy egret stayed for all nine races. The sky was clear, cloudless and blue and the horses glorious, sleek and anxious to show their stuff.

Do you know an exacta from a quintilla? Can you box your bets to parlay them? No matter. What you do is pick the horse with the most appealing name or the horse bearing a number that grabs you and then bet - win, place or show. Remember long shots are for suckers but, what the heck, for \$2 you can try one.

This SJC day at Belmont is certainly an enjoyable autumn event. Lunch is served in the fourth floor clubhouse, where you have an excellent view of the entire track. There were several other organizations there on October 2nd and in the program each group had a race dedicated to them.

Clare and I took off from the clubhouse for a couple of races. We checked out the paddock, watched the horses parade and searched the jockeys' faces for revelations. The best place to watch the race itself, the most exciting, is from the ground-level grandstand. To see the horses coming toward you and to be so close when they cross the finish line is a thrill.

Did we win? Well, yes and no. I cashed in quite a few winning tickets - no big bucks, but a win is a win. I did fall for a couple of long shots (with intriguing names), sure losers and they were. I came close in the daily double but that was a ticket to tear up too.

But basically it was a winner of a day, with pleasant people, a tasty lunch and nine little adventures. Watch for the announcement in the Alumnagam next year. This is a fund raiser for the Alumni Association because there are no mailing costs and it is a wonderful way to visit with some old friends and to celebrate autumn.

Letter to the Editor

Dear Mrs. Farrell,

I read with great surprise and disagreement the feature article entitled "Chiropractor". As a physician I am well aware of the differences between medical doctors and chiropractic doctors, not the similarities. To say the chiropractors and physicians take the same course work is misleading, as this is course work given in two completely different academic settings. In addition, how the material is applied during the third and fourth years of medical schools is unique to medical school. Even within the medical profession where we all share the same initial course work there is great diversity. By the time we have finished our residency, comparison of course work in the first two years of schooling becomes irrelevant.

I have the utmost respect for chiropractors who practice chiropractic medicine but they are not physicians and physicians are not chiropractors. I believe the presentation in the Alumnagam was a misleading and irrelevant comparison between two very different professions.

Sincerely,

*Paul P. Romanello, M.D.

at Bishop Kearney High School before moving to St. Francis in 1989 to teach in the Religious Education Department.

In 1986 Marie was honored with a TEACH (Teachers Energizing a Creative High School) award, given by the Office of Catholic Education, for a sixty-minute television news program produced by her students. Other honors include recognition by Mayor Koch for her volunteer work with the poor mentally retarded and disabled children, the Brooklyn Hall of Fame award and the St. Joseph the Worker award.

Her achievement at World Youth Day brought Marie many job offers but she loves being a teacher at St. Francis. She has plans to start a journalism program there and would welcome suggestions from alumni. Phone her at St. Francis-718-492-8810.

Marie has little time for her hobbies: photography, cooking, and journalism. Her mother, still working, hopes to retire in a few years. Her brother Jimmy and his wife, Veronica, are expecting their first child which will make Marie a first-time aunt. Her sister is with the U.S. Army in Virginia.

When I'm not clowning around, I volunteer at my children's elementary school and junior and senior high schools. My son David is 11, Michael is 13 and Don is 16. I also work part-time as a registrar/greeter at Jazzercise, where I've been enjoying aerobic dance classes for six years. One of my other passions in life is recycling and I am a co-leader of the recycling team at our church.

Living so far away from New York, I am never able to attend the Spring Luncheon and visit with former classmates. When we do fly home, it is usually for Christmas or during summer vacation. If any alums pass through the Houston areas, please give me a call at 713-550-6345. I would truly enjoy the opportunity to visit with former classmates from St. Joseph's.

CLASS NOTES

Teresa Dolan Janton, Regina Munz Meyer, Mary St. John Murphy and Alice McGrane Feeley attended the delightful tea and reception given for the Golden Graduates Society at the College. We thoroughly enjoyed a very pleasant afternoon greeting old friends and catching up on news. **Mildred Hayes Donohue** and Vincent are expecting three new great grandchildren, bringing their total to twelve. Mildred's recent birthday at the Garden City Hotel, brought forty-five guests. **Rita Fearon Bryan's** birthday was celebrated in North Palm Beach were ninety nine guests attended, mostly family. Father Paul said the Mass which preceded the festivities. Unfortunately, Rita had a fall the next day and broke her hip. She has made a remarkable recovery and is once again driving her car and getting out each day. **Rita's** oldest son, Jim, lost his son who was living on Orcas Island off the coast of Washington. He was buried from North Palm Beach and Father Paul flew down to say the Mass. Father Paul is now Director of St. John Newman's Shrine in Philadelphia. **Mary St. John Murphy**, busy as usual with all her good works and meetings, is planning a vacation to visit a very dear niece in Maryland. **Teresa Dolan Janton** is very happy in her new home. Grandchildren and their young families are nearby so she does not lack company. A delightful young mother, Barbara Owens, drove her to the Golden Reception and we are all glad that she is nearby and could join us. **Regina Munz Meyer** is well and is still an avid Bridge player. There are two new engagements in her family so she is looking forward to the weddings. **Angela Donaldson** sends her best wishes to all and a warm "thank you" for cards, notes and phone calls. This year will be an Anniversary Year for us-our **70th**. Let's celebrate together at the Spring Luncheon in Garden City on April 16th. Mark your calendar now!

On July second, **Mary Camper McGinnis** died after a long illness. Mary was a most loyal alumna. The last alumni function she attended was the 75th anniversary of St. Joseph's College. All through her illness she was eager for news of the college, always reading programs and such about college events. **Mary** was the first SJC alumna to become a high school principal. During her active years as Assistant Principal of Abraham Lincoln High School, and as principal of New Dorp High School and Bay Ridge High School, she guided many young women to St. Joseph's College. We will hold Mary in loving memory. The party given by **Sister George** for the Golden Graduates was a most enjoyable affair. **Grace O'Brien Mertin** had the pleasure of driving in from New Jersey with **Margaret Normile McLoughlin '27**. Meeting old friends and exchanging news makes for a pleasant afternoon. **Cecilia McLoughlin** sent a gracious note saying how sorry she was to learn of the recent death of our classmates, **Agnes Corry Murtaugh, Marion Aubert Oak and Mary McGinnis**. Let us keep them in our prayers.

On September 26th, we had a wonderful reunion at the beautiful party that **Sister George** gave for the Golden Graduates. **Grace O'Brien Martin** and **Margaret Normile McLoughlin** missed the reception part of the day. President Clinton held them up on the East River Drive for over an hour. Upon their eventual arrival, they were royally received by Sister Elizabeth Hill. They then joined their "fellow upperclassmen", **Teresa Dolan Janton, Mary St. John Murphy, Alice McGrane Feeley, Regina Munz Meyer, Bernadette Dolan and Jeannette Farrell Amery**. **Sister John Baptist** was also with them. **Sister George** inducted the Class of 1943 with pins and certificates and spoke about the college. We then heard from an undergraduate whose delightful talk made us all glad we belong to S.J.C. We sang the Alma Mater and joined in the chorus of some old memory songs from the earlier decades of the century. (We know all

the words, and wish you all could have been there.) In June **Elva Rockefeller Ryan** attended the graduation of her grandson from Fordham. Years ago, **Elva** received her Masters in Philosophy on that campus. **Elva's** California children paid her a visit in June and spent the week visiting all the Eastern cousins. **Alice Gallagher** writes that "as a Golden Grad" she sends thanks for her memories of S.J.C. She is proud to see some SJC graduates serving in her Parish, St. Anne's, where she prepared so many First Communion classes. She is very active now in Catholic Daughters of America. **Rose Stuart Doren** visited her daughter in Wayne, PA last June, then went on to son Tom's in Rockville Center where she celebrated her July 4th birthday. She then visited her granddaughter and great grandchildren in Merblehead. The following day, she had a fall, end broke her arm and injured her back. Granddaughter, Teresa was a "great nurse and the children a delight." She returned to Wayne in September and is still on the mend. She calls it a "crazy summer" but adds not a word of complaint! What a wonderful spirit! We heard from **Miriam Cleary McNeill** who sends greetings. My daughter, **Sister Jean McLoughlin**, SSND, has been elected to the Provincial Team of the Northeast Area and now resides in the Mother House in Wilton, CT. Many blessings!

Agnes Kelly Bryan reported the happy event of her 60th wedding anniversary last year. Her son, Christopher, and family are living in Maine where they have become ski enthusiasts. Son, Daniel, is Superintendent of Schools on Long Island. In June, the Bryan family had a reunion at Palm Beach Gardens in Florida to celebrate the 90th birthday of **Rita Fearon Bryan '24** and John and Agnes attended. John and **Agnes** vacationed at Rye Beach, New Hampshire last summer, staying at the Franciscan Retreat House, where they met-guess!-another alumna, **Anna Marie Arcoletto '74**. **Dorothy Thompson Rossini** feels more independent since she acquired a motorized wheel chair. Her children keep in touch with her. Fred is a provost at George Mason University in Fairfax, VA. Her oldest son is studying for a doctorate at Harvard and second son, for his doctorate at Duke University. Daughter, Laura, has left New York to join a ballet company in Europe. **Emme Bergen**, although she loves New York, its weather, and all it has to offer, feels she made the right decision to remain in Florida. **Halen Callahan Brink** finds her grandchildren and great-grandchildren a great joy. On the arrival of her granddaughter Carolyn's second child in November, Helen became a great grandmother for the second time. **Eugenie Cormier Ahders'** daughter, **Catherine Ahders Schmitt '56**, who has been living for many years in England, appeared in a photo on page 17 in Summer Alumnae with **Margaret Dwyer Minson '70**, our new Director of Alumni Relations. Also in the photo is **Christine Strienese Coulton '79** and her young son. Margaret, who was on a sojourn to London, arranged this meeting. **Marie Kelly Smith** became a great grandmother three times last year! **Dorothy Hand** is active still in Columbiettes, Fatima Club, Retired Teachers and Salvation Army. This summer at the Annual Fire Department Bar-B-Q, of which she is a volunteer, about 3,000 people were served. Dorothy still drives and meets friends at a local diner for breakfast and a chat. **Mary Kelly Hoermann** suffered a leg injury in an escalator accident but is recovering now at home. **Mary Murray Kelly's** son Frank reports that his mother can use the phone from 9 AM to 9 PM. She is in excellent spirits and would like to hear from classmates. **Elinor Woods Paul** is a lector in her church. Her daughter, Bernadette Paul Gardella '68 is nearby. Elinor says she just doesn't work as fast as she used to. **Mary Kaller Lawler** no longer drives, has acquired an efficient housekeeper, and enjoys life and her family. Her son, John, recently became Chairman of the Board of Manhattan College. Her daughter, Mary, a nurse, was keynote speaker at a Symposium on Diabetes at Rockland County Community College. **Mary Hennessy Riley** attended the second Golden Graduate Reception at the college this fall and was happy to see friends she hadn't seen in years. **Jeannette Farrell Amery**, recovered from her hospital stay, was there, too. For her, summer without Cedar Grove was not as impossible as expected. (If you recall Jeannette's summer place on Staten Island was totally ruined in last year's storm.) A cool breeze

blew through the apartment, sometimes from Prospect Park and sometimes from New York Bay. The air conditioner was not needed. In early October, Jeannette was returning from a luncheon of the Nursing Sisters Auxiliary when the local high school track team thundered behind her, knocking her down head first, practically in front of the Medical Center. In no time a nurse, doctor and three policemen had carried her into the center, kept her an hour and decided by some miracle she had no broken bones, concussion etc. The police escorted her home. For three weeks she had a swollen, black face, one closed eye, a bruised and swollen left knee and ankle but, thank God, no broken bones or destroyed eye. The athletic director visited next day with a dozen American Beauties and offer to help, which fortunately was not needed. The Amery children and grandchildren are all well, enjoying life. Three have finished college and are gainfully employed. Elizabeth left for Oxford in October and Margaret is happy in high school. We are hoping to hear from those whose names do not appear in this column. . .

No news from the class of 1929-but we want to remind you that 1994 is a big year for us. It marks our **65th Anniversary** of graduation from St. Joseph's College! Let's celebrate together at the Spring Luncheon in Garden City, to be held on April 16th. Mark your calendar and make it a date!

It is with sorrow that we write of the death of **Irene Parker Parks** on November 30. She attended the Golden Graduates Reception in September, driving all the way in from Halesite, Long Island. Please remember her and her loved ones in your prayers. Last fall we had to cancel our Mass for deceased members because **Helen Coughlan Worthley** was having eye surgery and **Clare Smith**, a double bypass. Both are doing well. On the appointed day for our Mass, Father Keith Fennessy celebrated Mass at the chapel of the Terence Cardinal Cooke Health Center in Manhattan and I was the lector. He told those attending about our class and there were expressions of wonder and congratulations on our loyalty through the years. Father John Worthley still works with Mother Teresa's new mission in China, and says that Mother is stronger and very active again. In anticipation of our September meeting, I heard from **Kathlyn Ansbro Wurts**, **Frances Dieckert Rebels**, **Madeline Kendall Friel** (now in Gainesville, FL) and **Margaret Leahy Hinchey**, by mail, and by telephone from **Margaret Kenny** who had surgery but is now recovering. I talked with **Mary Whelan Phelan**, **Mary White Kearney**, **Katherine Kelly Carlin**, **Christine Barton**, **Edna Dawkins McDonald** and **Irene Parker Parks**, all coping with life in the "eighties" and nineties. **Gertrude Unser** told of her trip to Toronto and **Marie Furey Boyce** wrote of a big family reunion on Long Island. In October I attended a retreat at Graymoor and at lunch found myself next to the only other St. Joseph's alumna there, **Peggy Bolton Barsin** '30, sister of **Mary Bolton McDonald** '39! If you would like to reach out to any of our classmates, please write or phone me for address and phone numbers.

Sister James Cecilia Cullen wrote of her regrets at being unable to attend the "Golden Oldies" reception. She was thrilled to receive the Pin and the Charter Member Scroll. She wrote of her Silver Jubilee celebration: "Everyone was filled with such enthusiasm at meeting one another that no one saw evidence of passing years until Monsignor Dillon began his talk of welcome with 'Well, now that you have been graduates for twenty-five years. . . All the gay flowers on our hats started to droop and lines formed on everyone's faces . . ." Sister was looking forward to the alumni meeting in Patchogue in September. **Mary E. O'Connor** also wrote with thanks for scroll and pin which she will wear in her lapel. She reminds us that 1994 will be our sixtieth anniversary! **S. Mary Domitilla Dirig RSB** received her Golden Graduate certificate and pin. She did not go east for the two receptions but was here for their 50th anniversary. **S. Mary** is retired and in their Health Care Center. Appreciates receiving Alumgram and death notices of classmates. She had a call from **Cathrine Loftus** '35 who was concerned about the flood (Sister lives in St. Louis, MO). The convent is on high ground. On July 18 the river Des Pereshas began to flow over the Morganford bridge, ten or twelve blocks down the hill. **Angela Rosa** wrote of a wonderful pilgrimage to Lourdes, Fatima and Rome. The BIG NEWS for our class is that 1994 marks our SIXTIETH anniversary. Let's celebrate together at the Spring Luncheon in Garden City on April 16th. Mark your calendar, call a classmate, and join us there.

Helen E. Dermody, the only doctor (she received her PhD from Fordham) in our class, had retired from her position as the Dean of the school of Social Studies, Fordham. For her it means more time to visit with her friends both "old" and new. At the fall luncheon at the Hotel Westbury in Manhattan **Edna Brennan Maloney** and **Anne Seitz Smith** were the only ones from '35 present. **Mary Elizabeth** who had planned to be there was unable to attend, but they were joined by **Rose Marie O'Reilly** '36 and others. **Anne** was disappointed that **Margaret Ferry Healy** '31 did not show up. At the cocktail hour, **Ann** and **Edna** strolled around to visit with other friends from various classes and talked with **S. Alice Francis**, **S. George Aquin** and **S. Mary Florence**. **Edna** was in touch with **Cole Finn Fahy** who moved to Ginger Cove, Annapolis, MD. At a Cathedral Club Communion Breakfast, **Anne** learned that **Grace Flannery Morris'** daughter, **Beth** is a permanent sub in NYC school system. **Son Gerry** and **Mary** announced the arrival of another daughter, **Erin Leigh**. They are going to swap homes with **Grace** who will move into their apartment on Shore Road, and they will move into **Grace's** home. **Florence Carberry's** son, **Stephen**, has a new daughter, **Caitlin**. Her son, **John** was playing golf in Ireland and on his return flew off again to Bermuda with his son, **Jay**. **Son Frank**, who lives in Boston is involved with the insurance on the new tunnel connecting the City of Boston with the Airport. It will be named after **Ted Williams**, a favorite ball player of **Anne's** who remembers seeing him play in the Boston Baseball Park. **Anne** met **Catharine Loftus** who was en route to meet three friends from Flatbush. They planned to eat lunch in Bay Ridge. **Marion Musante** enjoyed a change of scene when she visited a niece in a Chicago suburb. She sees **Wilma Riepe** on occasion. **Marion** was in a party for four who attended the fund-raising Concert of Operatic Music at Huntington Seminary. It was followed by a sumptuous dinner. At the request of the Polish Government, **Bernadette Maroney Metzler's** son, **John**, spent a week at the Warsaw Hotel. As Superintendent of Arlington Cemetery, he had buried Paderewski and then as planned had him returned to Poland. **Jack** gave a speech at an Art Symposium. It surprised him that the people he met there all spoke at least three languages. On his return home he took a cab down town, crossed over into Germany and flew home from there. **Jack** has three boys, one a college graduate and the other two in high

school. **Elvie Trimborn Mullyally** received her Golden Graduate pin and certificate but she "hadn't a clue" about it. At the time her husband was ill and she probably overlooked her mail about the meeting. Elvie doesn't travel any more so couldn't come this year. She does get around town, however, still plays the organ at 12 Noon Mass on Sunday and at the local Convalescence Pavilion plays for the Patients' Sing-a-long. And she still writes her Chatterbox Column for the local newspaper, and attends various meetings. On August 4th, she and Joe celebrated their 53rd wedding anniversary. "Where did the time go?" she asks, and so do we. **Betty Devlin Lockwood** has sold her home in Florida and is now living in Massachusetts, near her son, Bill. It would be nice to hear from more of you. I do try to get in touch by phone or card . . . but please try to get in touch with me . . . Enjoy 1994!

When we heard from **Claire Brennan Suchan**, she was looking forward to a trip to Vermont in October to see the changing leaves. **Mery Urquhart Toomey** writes of her appreciation for the lovely pin and certificate of membership in the Golden Graduates Society. "What a lovely idea it is to remember us 'old timers' in such a thoughtful way. Thank you so much," she wrote.

A heartfelt thanks to **Sister George Aquin** and **Margaret Dwyer Minson** for a most enjoyable Golden Graduate Day. Our Class was well represented with **Margaret MacGillivray Seidel**, **Eileen Brennan**, **Edythe Bruce**, **Emily Billington Smisek**, **Margaret Laux O'Reilly**, **Key Heffernan Steffany**, **Clare Ruane**, and me, **Margie Parker Smith**. **Claire Brennan '36** and my sister, **Irene Parker Perks '30**, who drove all the way in from Halesite by herself, also sat at our table. Despite our Golden Graduate status, we all looked well and sounded great. **Mary Michel Costa** had hoped to be with us but a death in the family took precedence. She enjoys her retirement. Her daughter is a movie Production Manager and is now in New Orleans working on Pelican Brief, with Julia Roberts. **Mary** met **Janet** and **Rita Morris '36** in Washington and had a pleasant dinner with them. They told her of their plans to take a cruise to Russia in October, coming back by way of Bermuda. The Morrises live in Bethesda, Maryland. **Rita Griffin Bjornson** returned from a trip to San Francisco. Prior to that she attended a military convention in Nashville, she and Rolf rented a car in San Francisco and took a wonderful sight-seeing ride which included Chinatown, the famous cable cars and a new Japanese town, now evolving. Their daughter, Anne Riley is in England working on another of her gardening books - she has now published some 58! Her new book "The Roses" has been bound in silk and is a "coffee table" treasure. She still finds plenty of time to be with her two daughters. James and **Dorothy Moore O'Neil** are planning a big 50th wedding anniversary in November. Their two sons, one daughter and nine grandchildren will be there. The sons are in business together in California. Her daughter lives in Virginia where her husband is General Counselor at the University of Virginia. There will also be relatives from Texas, New Orleans and Rochester. **Edythe Bruce** renewed her subscription to the Metropolitan Opera. **Edythe** is also an artist and plans to take a course in pastels. She decided to do so after attending an Art Exhibit in Gramercy Park and a demonstration of pastel painting the next day. Also on her agenda is a trip to Alaska. **Rita Staiger Bowersox** is not letting an eye problem slow her down. She attends senior and community groups regularly. **Helen Hayes Miller** had planned to attend the Golden Graduate Reception, and we were grieved when her daughter phoned to tell us of her death. She spoke eloquently of her mother, attesting to a wonderful relationship. Please remember Helen and her family in your prayers. **Dot O'Neil** was able to make the funeral services. **Claire Ruane** derives great pleasure from her piano - which is also great for finger agility! **Frances Young McCarthy** keeps busy with several organizations. In her parish, St. John and Paul in Larchmont, she is a member of the women's Guild and is on the Board of the Larchmont-Mamaroneck Ladies of Charity, as well as on the Board of Cardinal McCloskey's Family Services in Westchester and New York City. She volunteers once a week at St Agnes Hospital in White Plains. Again this winter, she plans to go to Florida. I still work on my

four mile run each day and have become embroiled in my Wednesday "Cell For Action" Radio WABC volunteer stint. One can't help but feel good when a telephone call or letter brings about a solution. One thing - never, never fall for the "You have won etc. . . ." scam. With **Mary Elizabeth's** retirement, I find that I also have to bow out of my position as class agent. I informed **Pat Billington Smisek** who will take over this job. I've enjoyed over twenty years with all of you. Should I receive news or calls, be assured I will get them to Pat or the editor. Keep our column going with your input! Many thanks, Marge for your service all these years.

Dorothea Lennon, who moved recently, enjoys reading about classmates and she gave us her new address: 421 Seaside Avenue, #2, Honolulu, HI 96915. **Norma Straus Slater** and daughter, Rosemary, enjoyed the SJC trip to Israel, in the company of **Clare '45** and **Ann '56 Bauch** and **Jane Walsh DiPaola '39**. This summer when her "Texan family" visited her, she took them to Ellis Island and the Statue of Liberty. On a visit to her son in Massachusetts, she went whale watching! Two of her granddaughters, there, were taking off to college - one to North Carolina and the other to George Washington University. **Miriam Mannix**, in Laguna Hills, CA, and her sister Catherine feel lucky that they found this beautiful part of the world for their retirement. Fortunately, the CA fire did not affect their area. **Miriam** plays golf, bridge, does a weekly stint at the library, a bit of gardening and line dancing, a new activity of good exercise and fun. Last August at an annual family reunion **Fran Coffey Kelly's** brother, Monsignor James Coffey, celebrated, in the Kelly home, an anniversary Mass for Pat, Fran's husband, who died August 1992. Fran and Pat had 10 children, 8 girls and 2 boys. There are 18 grandchildren. Frances and several of her daughters made plans for a ladies-only trip to Ireland next summer. She continues her involvement in Respect For Life movement. **Violet Tully Kane** is enjoying the beautiful countryside and glorious fall foliage of Connecticut. Ed and Vi volunteer at their church and on their condo board. Ed gets to ride horseback in Bridgeport. **Betty Carter Birney's** house in Bridgeport is up for sale. She moved out at the end of September. Betty tells of a news report in the *Connecticut Post* of her granddaughter, Erin, 16, a high school junior, who rushed to the aid of a co-worker in Milford, CT, and gave cardiopulmonary resuscitation until paramedics arrived. "Without her prompt efforts," officials said, "the woman, who had heart problems, could have suffered severe brain damage. Instead, she has fully recovered." Erin received a heart pendant with "Thank You" on the back from the woman she saved. She also received a Milford Fire Commissioner's Award. Erin hopes to attend Fairfield or Boston College (where her brother is a freshman). **Rosalyn Manfredonia Manganero's** fourth grandson, Paul Joseph, arrived last April in time for **Rosalyn** and Joseph's 50th wedding anniversary. Her son, who lives in Ohio, his wife and two boys will be in for Thanksgiving and the entire family will be together. **Frances McLoughlin Reilly** and most of her clan gathered in Becket, MA, in late August. Mary and Kevin Matthews and Nora 7, pitched their tent, as usual. Son, Philip set up a two-room and "porch" tent for himself (Catherine had to work) and Brendan 5, and Meghan, 3. The Lemanski family, Steve and Elizabeth, and Michael, Caitlin, Anna, Dennis and Jack used both house and a third tent. What a weekend! Weather was great. Evening meals, pre-prepared by Mary and Elizabeth were delightful. This fall, **Frances** attended the Golden Graduate reception and also participated at the Fall Phonathon. **Dorothea Allen** reports she is doing well. **Anne Walsh King** and John are in reasonably good health. The total student body for both campuses is over 3,000: 2000 at the Patchogue campus and over 1100 in Brooklyn-very different from 500 in our time. In the Arts and Sciences and Adult Division, we have had the largest entering classes in more than ten years. For the first time the adult division has expanded to four off-site campus sites on Staten Island, where we offer courses towards a BS degree in Community Health at Carmel Richmond Nursing Home, Eger Health Care Center, Elizabeth Connolly Center and Pax Christi Hospice at St. Vincent's Medical Center. We now have more than 250 members of the police department, including 5 captains, 14 lieutenants, and many sergeants, detectives and officers. These students typically pursue the BS in Management of Human Resources. The adult division has had six-week Saturday sessions for many years, but we are planning for Sunday classes starting in the fall of 1994.

On Monday evening, January 24th, at a village board meeting of Bellport, Long Island, Robert Crowley Jr. was recognized for a terrific act of heroism.

Enroute to his teaching job at Fairfield Elementary School in Massapequa, at 7 A.M. on December 20th, Robert saw the car in front of him, driven by Linda Sexton, go into a skid, crash through the fence surrounding Great Patchogue Lake and hit the chilly waters about 25 feet from shore.

He could hardly believe what he saw. The Bronco slowly started to sink and Linda found the car's power windows inoperable because of electric short-out. Robert, who worked with life guards for two summers at Quogue Beach, heard her screaming and banging the windows. He whipped off his jacket and plunged into the lake. When he reached her, Linda, who had broken a window with a crowbar found in the back seat, was out of the car, floundering in the icy water. Robert quickly grabbed her and swam to safety. He then drove to her husband's business nearby where they called for help. Linda was treated for shock and exposure at Brookhaven Memorial Hospital and released.

Robert returned home for a hot shower and change of clothes. When he arrived at Fairfield Elementary, he received a hero's welcome, particularly from his sixth grade students. Recounting the episode for them he said, "I didn't think about being a hero. I just jumped in and did it. I like to think someone would do the same for me."

Alumna Addresses Graduates

At the Commencement Exercises of the Arts and Sciences Division on June 3rd, the Class of 1994 was addressed by one of our own alumnae, Sister Isolina Ferre, MSBT '59. You have seen her photo several times in the pages of Alumnagrams and have read of honors she has received. Here is a copy of the Honorary Degree of Doctor of Humane Letters which our Alma Mater bestowed on her at this happy event.

Sister Isolina Ferre, MSBT '59

The Honorary Degree of Doctor of Humane Letters

Sister Isolina Ferre, M.S.B.T.

In honoring Sister Isolina Ferre, a member of the Missionary Society of the Most Blessed Trinity, St. Joseph's College is paying tribute to an outstanding alumna, a dedicated advocate for the poor and oppressed, a creative community leader - in brief, a woman whose life of service has been marked by compassion, vision, courage, and a passion for social justice.

Before Sister Isolina earned her B.A. from St. Joseph's College, she had already spent a number of years working as a missionary among the coal miners of West Virginia. While studying at St. Joseph's, Sister was also assigned to the Doctor White Community Center in Brooklyn, and it was there that she found her personal mission - the prevention of juvenile delinquency through community-building and the development of leadership skills and self-confidence.

After earning a Master's degree in Sociology from Fordham, Sister Isolina plunged into her life work with unwavering enthusiasm and energy. Both in Brooklyn and in her native Puerto Rico, Sister has founded comprehensive, community-based, multi-service youth programs. Originally named Youth and Community Alerted, the program has been renamed the Sister Isolina Ferre Center, in recognition of her dedication. There are now several Sister Isolina Ferre Centers in LaPlaya, and they all stand as national examples of cooperative endeavor. These centers provide direct services and education to young people, as well as special programs for the disabled, the elderly, and families in turmoil. The emphasis throughout these programs is the same - promoting dignity and self-respect through community revitalization.

Sister Isolina Ferre's lifetime of love and dedication has been widely recognized. She has received fourteen honorary degrees, the most recent from Yale University in 1992, and the list of her awards is literally five pages long. She received the Key to the City of New York in 1976, the Albert Schweitzer Prize for Humanitarianism from Johns Hopkins University in 1989, the International Peace Award from the Eisenhower Foundation in 1992, and the Hispanic Heritage Award for Education in 1993, to name just a few.

In everything she has done, Sister Isolina has been inspired by a great love for God, and for her brothers and sisters. "Work is not work; work is love" she has said, and throughout her years of ministry, her love has touched and transformed thousands of lives.

It is therefore with great respect and esteem, that the Board of Trustees of St. Joseph's College, by the power vested in them by the Regents of the University of the State of New York, bestow on Sister Isolina Ferre, the degree of

Doctor of Humane Letters

honoris causa.

Maria DeRita Passero '69

A Horse of a Different Color

Maria De Rita Passero graduated from St. Joseph's College in 1969 with a degree in Social Science. "If I knew then," she writes, "what I know now, a degree in business would have been more appropriate."

"Shortly after graduation, on June 28, 1969, I married Peter Passero, and while he was attending Georgetown Dental School I worked for a law firm as an accountant-bookkeeper. In Peter's senior year, I gave birth to our daughter Kim, now 22, who is following in her father's footsteps. She will enter Maryland Dental School in the fall.

Our son, Kevin, now eighteen, came into our lives when Peter was in Periodontal School. We moved and settled in the Washington, DC, area where I worked as a Junior Accountant/Bookkeeper. My focus on accounting led me to take courses at our local college in order to prepare for the CPA exams. Midway through my studies, my neighbor and friend, Bernadette Zoucha, would come over to help me prepare for the exams. She was a CPA but very unhappy in this field. She would often say that she wished she could open a retail gift store. The seed grew. After many conversations together, much thought, and considerable soul-searching, we decided to open a gift shop in the business district of downtown District of Columbia. And so *The Horse of a Different Color* was born. It is eight years now since our little store became a reality. We have a thriving business, all-consuming and very exciting. The store is divided into different departments. Gifts for Baby, Wedding, Congratulations, Get Well, Birthday, and Sports-related themes, can all be found in our 1,000 square feet of space. In addition to our varied inventory, we also specialize in custom gift baskets, and for these we found it necessary to have a small gourmet food section. During the hours from noon to three o'clock, our store is busy with customers, mainly business people on their lunch hour looking for gifts. We offer free wrapping, a delivery service and United Parcel shipping. We try to make their shopping hassle-free in every way.

Another component of our walk-in store is a phone-in gift service for customers who wish to order gift baskets this way. Added to the day to day operation of the store are the tasks of buying, inventory, meeting sales reps, displaying and arranging items, hiring help, bookkeeping, and paying bills and trying to analyze new marketing techniques.

Owning your own business can be very rewarding. It requires hard work and good economical planning. The store has filled my life with much joy, and some worry. Looking back on these past eight years, I must say it has been a lot of fun!

Joel Barnett '90

Joel Barnett, a 1990 graduate of the Division of General Studies, with a degree in Management of Human Resources, really knows the meaning of success. He recently left the position of Assistant Vice President of Chemical Bank's Flatbush Avenue Branch in Brooklyn, to become Vice President and Branch Manager at Chase Bank in Manhattan.

For Joel, opportunity is one door he never closes. When he started working for Chemical, his supervisors soon saw his potential and he was promoted a little more than a year later. At the time, the branch had not been doing well. Morale was down and the sales goal had not been met in five years. Joel worked hard to boost morale and to improve his employees' outlooks. In a short while they met their goals and have been doing well ever since. After two years he moved from Branch Manager to Assistant Vice President, a unique accomplishment. Usually both promotions require working and training five years. Joel accepted the position with energy and enthusiasm.

Although happy at Chemical, Joel felt that the move to Chase was a good one, careerwise. As Vice President he would be supervising a larger number of employees and he saw this an opportunity to better himself.

Joel received an Associate Degree in Business while in the Marine Corps. Influenced by his mother, Joyce Powell, a '79 graduate of St. Joseph's, he enrolled in the Division of General Studies. The quality of the education and the flexibility of the classes appealed to him.

Joel Barnett attributes his success to the faculty of the General Studies Division. The instructors at General Studies are career people; they work regular jobs during the day and they teach at night. Joel also saw this as a chance to network. He had copies of his resume always at hand and if he met anyone that he thought could help him, he gave him a copy. "This was contact," he said. "That's the way to get a job and it is how I got mine at Chemical. I took the management training program there and was hired. I owe a lot to SJC."

In addition to working full time, Joel is studying at Long Island University. He hopes to graduate next year with an MBA. He also volunteers much of his time to young adults.

On Fridays, he is a mentor at Junior High School 113 in Brooklyn, which gives him the chance to be a role model and offer some advice on career opportunities. For Joel, it is important that youth today see positive images. He wants them to know that opportunities exist for them, too.

Does Joel have time for hobbies? "I love to play tennis and play as much as I can. I also love to read detective novels, especially by Robert B. Parker. When I can, I play basketball with my nephews and do things with my nieces. I really like outdoor activities," Joel says. Joel is also a movie buff. His favorite actors are Clint Eastwood and Steven Seagal.

Joel lives in Riverdale with his wife, Sherlann, a Nurse Practitioner at North Central Bronx Hospital.

The Other One

Irene Parker Parks of the class of '32, died last November 29th. She was the eldest of three sisters. Marie, an art teacher was a graduate of Pratt. Marjorie '37 was an accomplished figure skater who won two National titles while a student at St. Joseph's. Irene would refer to them as "the artist" and "the skater" and with a rueful grin, herself as "the other one." But to her sisters, she was "the brain."

Throughout her life, there were many who were influenced by her teaching, by her willingness to listen and advise and by her enthusiastic participation in her many avocations such as ornithology, mineralogy and astronomy, to name a few. Marjorie felt a deep sense of loss at her death and was moved to write about the life and accomplishments of her extraordinary sister.

First and foremost, she writes, Irene to us was "the brain," with a clear analytical mind and a great intellectual curiosity. She was compassionate. When Marie and I were very young we were often afraid of the dark and she would call out from her own room and tell us stories to allay our fears. She was tolerant and understanding. She had firm opinions and wasn't hesitant about voicing them but not until after she had listened and weighed the problem.

A bout with polio kept her from attending school until past her eighth year - but she made up for the delay, being advanced from grade to grade until she entered St. Joseph's at sixteen. Since our father and his brother were doctors, and Irene loved science, she wanted to follow in their footsteps. But Dad pointed out that women doctors had a rough time of it. He felt that becoming a teacher, with summer vacations, might be better. As a doctor he never had much of a vacation. Irene majored in science, and after graduating from St. Joseph's, earned her master's degree and eventually had all her credits for a PhD though not enough money to publish her thesis.

Irene became a dedicated teacher in Syosset High School. She was a great success with her students, even the unruly. She allowed some of them to keep the cages of small animals on their desks during class, and they learned to care for and respect animals. At term's end she would select them for the "honor" (parent's permitting) of taking care of them over the summer because she deemed them "trustworthy." None of them ever let her down.

Irene loved to travel and made full use of her summer vacations. She became an authority on rocks and minerals and combed the world - Europe, Canada, Japan, South America - for her specimens. She had some odd experiences in her travels. On a tour of Russia, with the St. Joseph's group, she brought along several paperback editions of mysteries to read on the plane and in hotels. At the Russian airport these were pulled out of her baggage and she was taken aside and queried.

Irene Parker Parks '32

It took Irene some time to explain that they were novels and not Bible tracts that she was suspected of trying to smuggle in.

Some time later, when I went along with my husband on a business trip to Brazil, Irene learned that we would be staying at Copacabana Beach in Rio, on our way back from Sao Paulo. She begged me to bring some sand from the beach for her to analyze and compare with samples she had from other beaches. At the Rio airport I found it difficult to convince the customs officers that the plastic bag contained only sand and was not a drug-

smuggling attempt.

Another time, Irene signed up for a special and costly cruise in order to be at the most advantageous place to view Halley's Comet. It was a very select, scientific group. Frank Fields was a member of it. She became so stricken with sea sickness, she barely left her state room. Though disappointed at not being able to view it, she could say she was "there" and she joked about giving her stomach an expensive rest.

Irene loved nature and as a young girl collected all the Burgess books on flowers, trees, birds, insects, etc. By her teen years she could identify bird calls and songs. She was the youngest lecturer on these subjects at the original Brooklyn Children's Museum on Brooklyn Avenue.

Irene joined the Prospect Park Birdwatchers Club and participated in the annual New Year Bird Watch and Tally taken of all birds sighted, regardless of the weather. When a slight stroke prevented her from walking, she continued to attend this Watch in her car, collecting tallies from the "walkers." She was a member of the Audubon Society and attended many conventions, often giving lectures to interested groups.

After her death, a former member of Irene's Girl Scout Troop called me to offer condolences and to tell me that Irene had been a wonderful influence in her life and that she would like to meet me and reminisce about her. Then too, there was a phone call from out west from a fellow bird-watcher who wanted to share his viewing of a rare specimen. He was sorry to hear of her death and said that he would make a contribution to the Audubon society as a memorial in her name.

For me, Irene's capacity for empathy and understanding was a constant factor in my personal and family life. She was a comfort, guide and advocate during some difficult years. My sister, the "other one" was rather, "one of a kind" and we all miss her.

Marjorie Parker Smith '37

The Class of '32 must add to this beautiful story about Irene, that she was an active participant in all our endeavors and we, too, will ever miss her joyful, loving spirit.

Switzerland & Northern Italy In April

The Tourists

On Thursday, March 31st, twenty-six eager travelers boarded KLM Flight 287, bound for Switzerland and Northern Italy. The fourteen day trip included stays in Geneva, Bern, Interlaken, Lucerne, Stressa, Milan and Venice. From the minute our intrepid guide, Aase Cranil, a native of Denmark who has lived in Paris for thirty years met us at the baggage carousel in Geneva, to the hour she waved good-bye at Marco Polo Airport in Venice, we were treated to wonderful glimpses of the best in Switzerland and Northern Italy.

We experienced the majestic Jungfrau peak (11401 feet) in blizzard conditions, and breathtaking Pilatus (6985 feet) from a cable car. We ate strawberries with country fresh double-rich cream in Gruyeres, strolled through Interlaken and Grindewald and enjoyed the neatness and order, and the flower-filled squares of Geneva and Bern, where we were warmly welcomed to Easter Vigil services in English.

Crossing into Italy, we sailed Lake Maggiore to Isola Bella and other Borromeo Islands. We sipped cappuccino on the balconies of our hotel rooms which overlooked Lake Maggiore, and we toured the Doge's Palace in Milan. We had box seats in La Scala, the world-famous opera house, and we gazed in reverence at da Vinci's Last Supper. In enchanting Venice, we checked out Harry's Bar, shopped on the Rialto Bridge where fine leather gloves were a bargain, and took a gondola ride right from the dock of our hotel. We saw Giotto's frescoes in Padua and the world's most beautiful mosaics in Ravenna. Of course, we celebrated the liturgy in the Duomo in Milan and toured St. Mark's Square and its cathedral.

But always we had fun with each other, discovering a budding yodeler with us and a talented comrade who could blow an Alpine horn! Our meals were delicious and hotel service, top notch. On the KLM return flight to JFK, we stretched out and relived our two weeks of joy. Why don't you join us next year for another out-of-this-world travel experience? Watch these pages for further information or write to S. Joan Ryan, St. Joseph's College, 155 Roe Boulevard, Patchogue, NY, 11772-2399 or phone 516 654 5715.

On The Road Again

With more than 12,000 alumni around the world, the Alumni Association decided to begin a new and exciting journey.

It began in March 1993 when Margaret Dwyer Minson, Director of Alumni Relations was to visit London. Before she left New York, she contacted alumni in England with the idea of getting together. Catherine Ahders Schmitt '56 and Christine Strianese Coulton '79 were able to accept her invitation to meet at the Dorchester Hotel, and for several hours they talked of St. Joe's, of friends and families. It became apparent that many of our alumni, although unable to participate in local alumni activities, were very anxious to stay involved with the college.

The next step on our journey was a gathering on March 10, 1993, in Bergen County, New Jersey, at the home of Maryann D'Annunzio Witowski. A blustery snow storm didn't stop 25 alumni, who enjoyed a grand dinner and pleasant reminiscing.

In July over 50 alumni, both Arts & Sciences and General Studies, met at the home of Margaret Dwyer Minson, in Belle Harbor, Long Island. Although many of the alumni knew each other for years, they hadn't realized they had St. Joseph's in common.

The next group met in Manhattan. All eight decades had at least one representative. What began as a party of thirty strangers, ended with promises to get together again.

In March of 1994, two alumni receptions were held, the first in mid-March at the home of Ellen Farrell '70 in Manhasset. It was a beautiful setting and a delightful evening. The second, on March 27th, was held at the waterfront home of Jeanne McGuire Glenn '69, in Fort Lauderdale, Florida. Sister George Aquin and Sister Mary Florence flew down to join them for a beautiful Mass and a lovely lunch. The Florida alumni are determined to begin regular meetings.

On June 13th, a reception was held at the home of Mary McGrover Peyton '59. All Garden City alumni were invited and over thirty attended. Cocktails were served on the terrace, after which alumni moved indoors for a delightful and delicious dinner in her spacious home.

The Alumni Association wishes to thank all those who opened their homes for these receptions. We are anxious to continue our journey and reach out to alumni across the country and around the world.

If you are willing to be a hostess or help us to find a location for an alumni reception, please contact the alumni office at 718 636-6882. The college will help to defray the cost of these meetings.

Abstract Artist

Aurora Dias-Jorgensen '39

For Aurora Dias-Jorgensen '39, one of the high-points of her life came in 1979 when she first saw one of her paintings exhibited at the National Academy of Design in New York City. She was totally surprised when summoned to receive a Painting Award. Aurora had always wanted to be an artist, but her parents had denied her this choice.

Aurora was born in Brazil in 1918 at the mouth of the Amazon River. When she was four-and-a-half years old, the family moved to the United States, entering through Ellis Island. She started her education in a New York City Public School without knowing English. Even so, she was in third grade within a year's time. Aurora matriculated at St. Joseph's College at age sixteen, choosing math as her major. Again, her father was against this choice for a girl and she respected his wishes. Being adept at languages - she spoke fluent Portugese - she majored in French and earned a bachelor's degree in 1939.

Like so many graduates in the '30's, Aurora could not find a teaching job and began a typing course as a job-entry tool. Her continuing search for work brought her to the National Broadcasting Company where there was an opening at fifty cents an hour. She gladly took it and with her linguistic ability, creative talent, and zeal, was soon putting together shortwave broadcasts to South America. During World War II Aurora became an announcer, writer, actress and director of programs to Brazil, and a member of ASCAP.

Meanwhile, in spite of objections at home, Aurora began to study art at the Art Students' League, where she obtained a Merit Scholarship. Soon she abandoned broadcasting for art. In 1950 she married Roger Jorgensen, an artist she met in art school. She returned to broadcasting at the Voice of America, working for the Brazilian and Indonesian Desks in New York City and in Washington, DC, where her daughter, Ellen, was born.

While Ellen was growing up, Aurora decided to leave broadcasting and return to New York City. She began her teaching career at P.S. 108 in Spanish Harlem. There was little time for art while she attended Bank Street College and earned her Master's degree in Education.

Aurora turned to writing and published a story book, *Four Legs and a Tail*. She wrote dramatizations of famous children's

masterpieces which, in record form, were sold to schools throughout the United States; she contributed to the Bank Street readers and to new phonics systems, and provided educational guides for recorded materials.

During the last three of her twenty years of teaching, Aurora taught art classes for the whole school from kindergarten through sixth grade. Her pupils won local and international prizes. One boy's work was shown on the electronic billboard at Times Square.

Upon retiring in 1980, Aurora took up her brushes again, with some misgivings as to focus, but soon found great joy and satisfaction in art and the art world.

Since her 1979 showing, she has participated in numerous gallery shows in New York City and in New Jersey. She has been shown in two museums - the Museo del Barrio and the Museum of Contemporary Hispanic Art, both in New York City. In 1993 she was viewed at Provincetown, MA, Lexington, VA, and Wilkesboro, NC. She has been an annual participant of the National Association of Women artists since 1982, where, in 1992, she won First Prize Medal of Honor and the Elizabeth Stanton Blake Memorial Award. She has had solo shows in the Broome Street Gallery in 1993, the Sirovich Gallery in 1987, and the Lida Gallery in 1982, all in New York City.

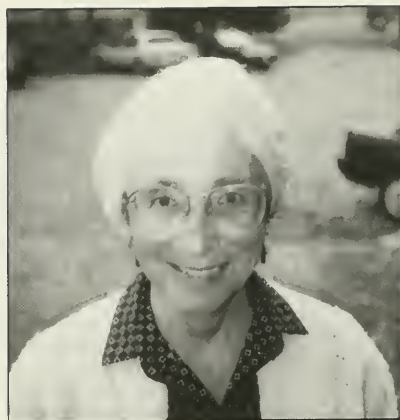

Aurora Dias-Jorgensen is professionally affiliated with the National Association of Women Artists, where she served as Vice-President 1987-89 during the organization's Centennial Celebration, the Art Students' League, Vistas Latinos, and Women in the Arts. She is currently on the Board of Artists' Equity in New York City.

Early this year, during a five-week visit to France, Aurora filled a small drawing pad with exquisite fine-pen sketches of the French scenery she enjoyed, some of which are produced here.

This summer one of Aurora's paintings can be seen in *Garden of Delights*, A Summer Exhibition by Women in the Arts, in the Steinhardt Conservatory in the Brooklyn Botanic Gardens.

"The artist interprets God's world," says Aurora. "This is a sacred act and each painting is a-prayer."

Anniversary Director

Audrey Sorrento '49

Audrey Sorrento '49 is program director of Grailville, an education and conference center in Loveland, Ohio, which offers programs relating to spirituality, feminism, the arts and social justice. Grailville is a member of the Grail, an international movement of women working for social transformation.

Audrey was an early member of the group of Catholic laywomen which began Grailville by purchasing a piece of land which they farmed, living on the product of their labors and stressing organic farming and ecological responsibility. In the fifty years since its foundation the farm has grown to 300 acres and the Grail has expanded its activities to include the exploration of the ecology, of culture and races and health and economic priorities from the woman's viewpoint, and in the sponsorship of art, music, writing and theatre programs.

Since her graduation from St. Joseph's College in 1949, with a BA in English, Audrey has had a significant role in all this development. In 1963 she earned a Master's degree in

Liturgy at Notre Dame University, and in 1978 received a PhD in Religion and Culture from Union Graduate School. In the late '70's and early '80's she took a leave from the Grail to be with her parents in their last years. During this time she served on the Executive Board of the Alumni Association, acting as Recording Secretary from 1980 to 1984.

In recent years, as Program Director, she has been responsible for organizing activities that bring to Grailville, from all over the world, women of many cultures and varied interests. For 1994, the 50th Anniversary year, Audrey has developed an impressive program of lectures, exhibits, retreats, workshops, liturgy and theatre, demonstrating the interconnection of feminism, spirituality and concern for the environment.

The jubilee year program will end on December 11, 1994. Recognizing that the birth of Jesus signifies a presence working for all oppressed people, Grailville will have a special Open House featuring its international creche exhibit.

Patchogue Senior Brunch

Frank Favazza presents a gift from the Alumni Association to '94 class representatives Siobhan Elgesem and Cheryl Cervenka.

More than 300 people attended the annual brunch held for seniors who are graduating from the Suffolk campus. The 71 seniors and their family members enjoyed the fare at the Bavarian Inn located on Long Island.

Dr. Frank Favazza, president of the Suffolk Chapter of the SJC Alumni Association, welcomed the seniors as new members of the Alumni body. He explained that they will automatically become lifetime members upon graduation. Dr. Favazza told them that he and his fellow officers are in the process of planning a variety of activities for the Suffolk campus, and that SJC's first Walkathon, to be held on Sunday, April 23, 1995, is sure to be the highlight of the year.

Folders containing information about the Alumni Association were distributed to the seniors. Those who did not attend the brunch will receive this material by mail.

Help for Latino Families

Elba Montalvo '68

Elba Montalvo '68 is Executive Director of the Committee for Hispanic Children and Families, Inc., which she founded in 1982. She and others saw the need to inform and educate Social Service providers to help them in their work with Latino families. Besides training these professionals, the Committee also holds community education

workshops on issues affecting families, such as child abuse, teen pregnancy prevention, and domestic violence. In 1988, they produced a film on Domestic Violence, in Spanish with English subtitles, which won an award as the best film drama from the National Latino Film and Video Festival.

Elba was born in Puerto Rico. The family, parents and three daughters, of whom Elba was the youngest, moved to the United States, when she was four years old. They settled in Brooklyn where the children attended public school. Elba loved school and when she graduated from high school she registered at St. Joseph's College. She earned her bachelor's degree in Child Study in 1968.

Elba's first job was teaching kindergarten in a bilingual program at P.S. 155. After a year, she accepted a position in a tri-

lingual program - Spanish, English and Chinese - in a public school in Chinatown. While there, she was asked to coordinate a Bilingual Program for student teachers at P.S. 134, in the lower east side.

After seven years of teaching, Elba accepted a position as Educational Director of a Day Care Center for pre-school and after-school groups. This was a non-profit organization and she served there for two and a half years. Elba left the Education field to establish the Committee for Hispanic Children and Families because she had seen that services for Latino families were not culturally appropriate and she wanted to be an advocate on their behalf.

On June 24th, the Committee will celebrate the 12th year of its foundation and will host a gala benefit event to be held at the Joseph Papp Public Theater in Manhattan. It will feature such notables as Gregory Hines, Chita Rivero and Sonia Manzano from Sesame Street. There will be Children's Performances, and an awards presentation to three students from the Committee's school counseling program, who will be especially honored for making a "turn-around" and becoming successful achievers. This special event will bring people together to see the accomplishments of CHCF in strengthening Latino families and hopefully to lend support for its ongoing activities.

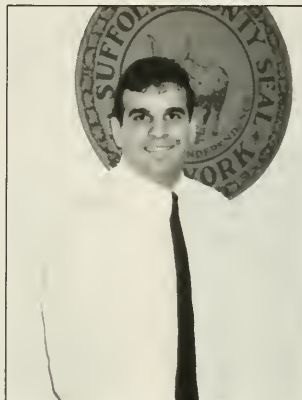

Elba Montalvo is a member of the Civilian Review Board, having been appointed by Mayor Dinkins. In March she was appointed to the United States Advisory on Child Abuse and Neglect. She also served on the Board of the Brooklyn Public Library for a year. Married to Zenon Arribalzaga, Elba has two children, Luis 20, and Amanda 15.

Party's Choice

Last Spring, Huntington Democrats picked Joseph DeVito '87, a graduate of the Suffolk Campus, as their new Chairman. He replaced Frank Grimes who retired in March, and will serve until the term ends in October, when he will run for election.

When Joseph was 12, the family moved from Brooklyn to Dix Hills, Long Island. He graduated from La Salle Military Academy in Oakdale and received his bachelor's degree in Business Administration from St. Joseph's in 1987. He holds a master's degree in Business Administration from C. W. Post, Brookville.

In his early twenties, Joseph became politically active when a family friend induced him to work for the Assembly campaign of Thomas DiNapoli. In 1989 he helped to coordinate the campaign of former Supervisor, Stephen Ferraro and in 1991 he worked on the campaigns of Ann Hurley and William Rebolini. In 1990 Joseph ran

Joseph DeVito '87

unsuccessfully for Assemblyman of the 10th Assembly District. At one time he served on the staff of former U.S. Representative, Thomas Downey.

Joseph DeVito acknowledges that there is a lot of work to be done in his present job because of the financial debt and the internal friction of the Democratic party. Primarily, the feuding is due to lack of agreement on town policy. His goal is to unite the party and bring down the debt. He has the exuberance and the energy to do this, thus building for the future of the party.

Realizing there are no quick solutions to the problems of the Huntington Democrats, Joseph plans to cultivate a new generation of members. "It's going to take hard work and time," he says, "but we're going to bring the party together at a nice steady pace."

Ordained Minister

The Year in Review

Diana Purcell Chapman

Sponsored by St. John's Episcopal Church in Wellsville, New York, Diana Purcell-Chapman was ordained to the Sacred Order of Priests in the Episcopal Church on January 22, 1994. Looking back on her years as a student at the Patchogue campus of St. Joseph's College, she says that the solid academic background she received helped her decide on her goals and to follow through to achieve them. At the time she felt the call to the ordained ministry and this became her goal.

Diana Purcell attended St. Joseph's as an adult student and earned a bachelor's degree in Human Relations in 1980. At that time, her three children were away at college, her son in Florida, and her daughters in upstate New York. She moved upstate to Wellsville and continued her studies at Colgate-Rochester Divinity School, Bexley Hall, and received her Master of Divinity degree in 1986.

Since 1970, Diana had been registrar for the Finger Lakes Conferences held at Hobart William Smith College in Geneva, NY, under the auspices of Province II of the Episcopal Church. These conferences helped to clarify her knowledge of the ordained ministry and to be open to the call. She spent the summer of 1985 at Eger Lutheran Nursing Home on Staten Island, working on an internship program as hospital chaplain, where she learned more about the role of a chaplain and pastor. In 1989 Diana began participating in the Chaplaincy Program at Jones Memorial Hospital in Wellsville. She was also involved in the Clinical Pastoral Education Program at both Jones Memorial Hospital in Wellsville and the Strong Memorial Hospital in Rochester.

Reverend Purcell-Chapman has been active in the church as a Lay Minister, Parish Secretary and Editor of a parish newsletter on Long Island, as well as the Allegheny County Episcopal Newsletter, Pacem. For many years, she has been a member of the Order of St. Luke's healing ministry.

At the present time, Diana is Pastoral Care and Bereavement Coordinator with Comstock Hospice of Allegheny County, where she assists and counsels patients with a medical diagnosis of six months or less to live, and later comforts the bereaved family members for a year or more after the death. Diana is the leader of two monthly counseling groups, one called SHARE for families who have lost a baby through miscarriage or sudden infant death. The second is for people with AIDS or who are HIV positive.

Reverend Diana Purcell-Chapman serves in the Allegheny County Episcopal Ministry, a cluster ministry of six churches under the leadership of the Reverends Ralph and Elizabeth Gorskopf. Her duties include conducting services and preaching in the six parishes.

In 1990, Diana Purcell married G. Fred Chapman, a resident of the Wellsville area. Between them they have eight children and four grandchildren.

Alumni activities began last September 25th with a great day at Belmont Race Track. This event is becoming more popular every year. The following day, the Golden Graduates, those who graduated fifty or more years ago, received a warm "welcome back" to the college, and members of the class of 1943 were formally inducted into the society.

On October 7th, over 50 alumni gathered in the New York Telephone Building in Garden City for our Fall Phonathon. Valerie Wertz Quinlan '70 and Pat Luciana English '72 were chairpersons. We received over \$44,000 in pledges.

We acknowledged our Major Donors at a special reception for them last December. Some alumni present were Clare Bauch '45, Ann Bauch '56, Maria Falconetti '70, Maureen Dougherty Fraser '53, Doris Oshinski Powers '53, Mary St. John Murphy '24, and Anna Sullivan '40.

After the snow-filled months of January and February, activities started up again in March. Our undergraduates organized a mini-phonathon at the college and raised over \$16,000 in pledges.

April was a busy month. On the 16th, more than 400 alumni found their way to the Garden City Hotel for the Annual Spring Luncheon. The following day, members of the class of '44 and '69 met on the Brooklyn campus for a Mass and Brunch in a special private celebration of their gold and silver anniversaries.

On the 19th, 36 alumni and friends returned to Garden City for the Spring Phonathon. Over \$24,000 was pledged. Our Brooklyn General Studies alumni held their phonathon in the 265 building on April 21st and raised almost \$5,000 in pledges. On April 28th, 16 volunteers at the Patchogue Campus Phonathon received pledges of \$1,900.

The final event took place on April 27th. The Alumni Association hosted a luncheon for the soon-to-be alumni, the Class of 1994, which took place in the 245 parlors on the Brooklyn Campus.

Seventh Chionchio Graduates from St. Joseph's

On June 4th, **Laura Chionchio** became the seventh member of the Chionchio family to graduate from St. Joseph's College. Her mother, **Frances Fumo**, graduated in 1955. In August of 1956 she married Francis Chionchio. Five of her children and one daughter-in-law received their bachelor degrees from St. Joseph's. The pursuit of their professions reveals a wide variance of interests.

Gerardette Chionchio Stancato '79 received her JD from Brooklyn Law School in 1982 and is a Justice for the New York State Department of Motor Vehicles. **Lisa Chionchio Gallo** earned her bachelor's degree, magna cum laude in 1981. She received a master's degree in a Special Education from New York University and is a Special Ed teacher at Montauk Junior High School. She is the mother of Gabrielle, age six months. **Gina Chionchio Illuzzi** graduated magna cum laude in 1983.

She majored in math and worked as a computer engineer for NYNEX. She is now on leave to care for her two children, Christina three-and-a-half and Ginette nineteen months old. **Frank Chionchio** '86 received his DDS from New York University and is now in the four year Oral and Maxillo-Facial program at Brooklyn Hospital. His wife, **Josephine Gallo Chionchio**, a magna cum laude graduate of the class of 1985, was a business major and is staff manager at New York Life. Their little girl, Michelle, is two years old. Our new graduate, **Laura** '94 plans to teach history in high school. More important to her right now is the preparation for her wedding in August. This busy family is an outstanding example in belief of the value of education and an acknowledgment of the excellence of St. Joseph's College.

Farewell

It was late in the '60's that Jane Leder Horn, editor of Alumnagran, phoned me to say that her husband had been assigned to a job out of state and the family had to move as soon as possible. She hadn't quite finish the current issue. Would I take over? With some misgivings, I agreed. Fortunately, I had observed and learned more than I realized from Grace LeRoy, former editor.

Now, several decades later, I have completed my last issue. I want to acknowledge and thank the many alums who have contributed over the years to this endeavor-my loyal class agents, those whom I have interviewed, members of the Executive Board, faculty, staff, my proof readers, the Administration, those in the Development Office, our student help. . . did I miss anyone? Yes, my printer and especially Lorraine.

Many thanks - it's been work, but a lot of fun, too!

Sincerely,
Mary Elizabeth Farrell

Helping People

When Marcia Edwards '83, a graduate of the Division of General Studies, gets involved in a project, she gives it her all. It is her nature to help people all she can.

"I find it very rewarding to work with others," she says, and she spends most of her time doing that. Marcia is the Program Director and HIV coordinator at Flushing Meadows-Corona Park Community Corporation Scatter Site Housing, where she works with AIDS affected clients and families. Part of her job is to provide housing and intensive care management to her clients and to care for them in a holistic program.

Marcia also works as a part-time faculty member at St. Joseph's Division of General Studies. She teaches three courses: Sexually Transmitted Diseases, Addictions and Dependency, Alcoholism: The Family and Society, and Community Health. She attributes her desire to teach to what she learned from her teachers in General Studies.

"The professors here did more than just teach me. They gave one hundred percent of themselves and I wanted to give something back. I love working with people and this lets me do it," she explained.

A self-proclaimed workaholic, Marcia is taking courses for her PhD in Health Services. In 1990, she earned her master's degree in Social Work. She manages to work part time in psychotherapy, as a counselor.

Marcia's desire to help others was instilled in her by her parents. "My mother and father taught us (my brothers and sister) never to forget where we came from, and always to do what we can when we can. I come from a family of people in the helping professions - nurses, doctors, and social workers!"

In her spare time - which is rare - Marcia likes to listen to music and read up on fashion and interior design. She is an antique collector and enjoys refinishing and refurbishing furniture. She loves to cook and bake, especially West Indian food. Marcia worked with her sister in the catering business for a while, but now handles catering only for family and close friends.

When asked if she had performed any unusual or special accomplishments, Marcia stopped and thought. "Well. . . someone once told me I was 'Mother Earth' because my life is geared towards helping people as a whole. I just think it's a good service when you can do that."

Mother-Daughter Graduates

For two 1994 seniors at St. Joseph's College in Patchogue, college days were a family affair. Two sets of daughters and mothers ascended to the stage to receive their diplomas, albeit in different majors.

Both mothers plugged away at St. Joseph's for ten years to earn their degrees in Health Administration. Margaret O'Brien, 65, of Bay Shore, teamed with her daughter, Maureen Greco, 37, of Ridge, NY. Maureen, holding down a full time job and watching over two teen-age daughters, managed 48 course credits in her last year to earn her degree.

Linda Esposito, RN, the second mother, graduated with her daughter, Lisa 22, who earned her degree in Elementary Education. Another tandem event for each of them took place several months ago. Linda Esposito became engaged last December and Lisa followed suit a few months later.

We hope to hear from these grads in their class notes column for another chapter in their lives.

Class Volunteers

The Executive Board of the Alumni Association has voted to expand and reorganize the role of class representatives. Bettyanne McDonough '59, who has agreed to become the chairperson of the Committee on Class Agents, sees first the need for Decade Chairpersons (i.e. the 20s, 30s etc.). This position will look for volunteers from each class to fill the position of Class President. The President, in turn, will look for class members to fill the other categories below.

The Executive Board is hoping that the present class agents **will continue to serve** their classes.

1. Class President is the overall class leader. All other representatives report to the President who is responsible for all aspects of reunions, class news and class giving.

2. Class News Agents are responsible for soliciting and compiling class notes and all vital statistics. They submit a class notes column twice a year for Alumnagram. Any change of name/address must be forwarded immediately to the Alumni Office.

3. Class Fund Agents (should be two people for this position) assist in soliciting individual class members for their annual contribution to the college. Once a year they will sign a letter to classmates requesting this. They also recruit volunteers for phonathon.

4. Class Reunion Agent is responsible for all aspects of class reunions, organizing sub-committees, setting dates, activities, and with the mailings. Reunions take place every five years.

Spring Phonathons

Admittedly a bit tired, one alumna who was a first-time volunteer at a phonathon, summed up her work at the end of the evening with, "This was a fun thing to do!" But we know it took a lot of energy and concentration to solicit funds for the college and we express our sincere thanks to her and all the volunteers list below.

The Brooklyn Campus' first Spring Phonathon was held on April 19, 1994, at Garden City. 36 volunteers watched the tally rise to over \$24,000 in pledges.

CLASS NOTES

1924

Regina Munz Meyer, Mary St. John Murphy and Alice McGrane Feeley represented 1924 at the Spring Luncheon in the Garden City Hotel. Our class was honored as a very "special class." We all enjoyed the luncheon immensely and were delighted to be seated with **Grace O'Brien Martin, Margaret Normile McLoughlin and Marita Rockefeller Ryan**. Regina, Marita and Alice had their daughters as guests and they enjoyed each others' company. **Teresa Dolan Janton** had a most enjoyable Easter with a grandson and his young family who live nearby. The children had a hilarious Easter egg hunt! **Rita Fearon Bryan** is well and looking forward to a visit from a grandchild to her Florida home. **Mildred Hayes Donohue** and Vincent report that all three expected great-grandchildren arrived safely and are adding great joy to their families. **Angela Donaldson** sends her best wishes to all and thanks for the notes and telephone chats.

1925

Once again I have the unhappy task of reporting the death of a member of the class of '25. **Margaret Roche Moore** died on April 27th after a long illness. Please remember her in your prayers. The Spring Luncheon was a delightful affair. **Grace O'Brien Martin** attended with two of her daughters, **Judy Martin Lucas '57** and **Grace Martin Cipriani '60**. **Sister George** gave an interesting talk bringing us up to date on the news of the college. Next year will be our **seventieth anniversary!**

*Grace O'Brien Martin, 39 Grove Street, Hillsdale, NJ 07642

1927

The Luncheon was a delight. Father Cantley said the Mass and it was so nice to be one of the 400 or so, all praying together for our college. There were three of us from '27, **Bernadette Dolan, Rose Stuart Doran** (all the way from Wayne, PA) and yours truly. We were seated with **Alice McGrane Feeley, Regina Munz Meyer, and Mary St. John Murphy**, all of '24. **Grace O'Brien Martin '25**, and **Eleanor Dolan Reardon** and **Marita Rockefeller Ryan '26**. Our trip from New Jersey to and from Garden City was executed by **Grace Martin** and her charming chauffeur daughters, **Judy Martin Lucas '57** and **Grace Martin Cipriani '60**. It was a perfect day. **Katherine Normile Mylod** now has eleven great-grandchildren. She has two weddings of grandchildren that she has to attend in the near future. **Kavin McLoughlin Jr.** was recently married in Kentucky. Travelling to these celebrations tends to keep us "young!" Please send news for the next issue. Blessings!

1928

Once more the angel of death has visited '28 and taken **Constance Reynolds Furey** home. She spent recent years in Colorado and we sympathize with her family and friends on her death and will remember her in our prayers. **Dorothy Hend**, first to respond to our appeal for news, is still active in the Columbiettes, the Ladies Auxiliary of the Fire Department, Retired Teachers' Association, Fatima Guild and the Salvation Army. She would welcome any members of '29 who drive on Route 25 on Long Island, to stop in and visit. **Emma Bergen** would also welcome visitors at the Bond Hotel in St. Petersburg, Florida, where she is a permanent resident. **Emma** still writes poetry for her own enjoyment and for anyone else who might like to see it. **Agnes Kelly Bryan** and John have a regular routine of visiting the sick, bringing them Communion and words of comfort. They expect a visit from their grandson, Andrew, when he will be on a short leave from the Peace Corps. **Mary Keller Lawler**, when I called her, had little time to talk because she was being picked up by a friend and going on a shopping spree, then to a meeting of her Home Study Club. **Mary's** sister, **Patty**, who lives in Texas with her sister, **Bo**, is recovering nicely from a broken hip. **Mary Kelly Hoermann** doesn't go out as much as she did, but enjoys many visits from family and friends, and especially the grandchildren who give her lots of attention. **Mary Murray Kelly**,

although unable to navigate on her own is well taken care of and is in good spirits. She can be reached by phone any day from nine to five at 201-796-0185. **Jeannette Farrell Amery** was unable to represent the class of '28 at the luncheon, as she has done all these years, due to an ailment which kept her close to home. However, she manages to walk to church every day, do all her marketing, cooking, banking, and even her income tax! She attends meetings of the Nursing Sisters Home Visiting Association, Rosary Society and most parish functions. **Jeannette** spent Christmas holidays in Holmdel, NJ, with **Seen's** family where they were joined by the Amerys from Manalapan. All her grandchildren were there, even Elizabeth, who managed a week home from Oxford. Grandson Ted, now a working man, in Brooklyn, is with grandma but spends weekends in Manalapan or elsewhere. **Jeannette** has been searching for "The Lost Chord" - being the college song "St. Joseph's Mother Ours" which in the 20's won a contest conducted by the Music Department, for a college song. **Jeannette** composed the music and received an award. It was played at the 1928 Commencement and sung at assemblies in the '20s and '30s. If anyone has a copy of the lyrics, which was in the 1928 Commencement Program, please send it to her at the address below.

1929

On Saturday, April 16th, we shared the celebration of our Sixty-fifth anniversary with the Golden Jubilee Class of 1944, the Silver Jubilee class of 1969 and the other classes of "fours" and "nines." **Dorothy Donelon Fallor** who came from Columbia, MD, **Dorothy Devereau Ryan, Helen Griffiths** and myself, **Marie Keegan**, enjoyed the Mass and Luncheon at the Garden City Hotel. Seated with us at the table were **Ann Dolan McBride '30**, from Mansfield, Ohio, who plans to move to Washington, DC in June, and **Bernadette Dolan '25**. Earlier this month we received the sad news of **Anne Marie Dunnigan's** death in January. Please remember her in your prayers. If you have any more news of our classmates, send it on to me.

Kethlyn Ansbro Wurts and Edward have had a very happy, busy life in Stuart, Florida. In June, they will celebrate 57 years of married life and Edward will celebrate 15 years in retirement. Their children, Edward III who is married and has four children, Jack, and Kathie all live in California. Ed and Kay visit the children and grandchildren twice a year. Their particular interest in Stuart is their ten plus years of volunteer work in the library. **Mary Whelan Phelan** and Buddy visited the Wurts for a "happy but too short reunion." I begin with the welcome news that we will have our Liturgy and Luncheon this year at the home of **Helen Coughlan Worthley** in Glen Cove, on Wednesday, September 21, 1994. Father John Worthley will be celebrant. All details will be sent in August. Please circle that date now on your calendar and resolve to be there! Thanks to all the prayers, **Claire Smith** is recovering from

her sudden heart attack last fall and hopes to be with us in September. I spoke with **Winifred McMahon**, always serene and pleasant and interested in our class affairs. I'm sure she would enjoy a call or note from you. Call me for her address or phone number. I also spoke with **Edna Dawkins McDonald** and **Christine Berton** who are coping with their physical problems. My daughter Ruth and I visited **Kay Frey Lynch** at Rosary Hill in Hawthorne. Kay looked absolutely radiant as she told us how she had been praying for Ruth's return to full health for the past several years. We are so grateful and hopeful as Ruth seems to have found the "right" doctor. Kay expressed a great sense of loss at **Irene Parker Parks'** death. The annual Spring Luncheon of the alumni at Garden City drew four '32ers - **Helen Coughlan Worthley**, **Mildred Hines Ryan**, **Anne McCormack Fennessy** and **Mary Whelan Phelan**. We shared a table with **Marguerite (Marda) Doyle Ticho '30** and **Margaret Ferry Healy '31**. Just to show you that we gals get around, **Margaret Healy** and I met again that same evening in Manhattan at a concert of the Friendly Sons of St. Patrick's Glee Club of which **Margaret's** husband Nicholas Healy has been a member for many years and which my son Father Keith Fennessy recently joined. What a memorable day! **Kathlyn Wurts** and **Mary Phelan**, **Kay's** house guest, drove from Stuart to Fort Lauderdale for the reunion of St. Joseph's Florida alumni. **Margaret Oliver Kaiser**, who lives in Boynton Beach was unable to go. **Marge** has a very active life. She and her husband enjoy the pleasures of Florida as well as staying in touch with their three children, five grandchildren and her sister Genevieve Oliver who lives nearby. **Mary White Kearney** is doing well, trying to keep up with all the celebrations of her family. **Mary** and **Buddy Phelan** ditto! As we anticipate our fall reunion, we cannot help but remember **Irene Parker Parks** who always arrived - sometimes late - for every event. Her daughter, **Donna Crawford** and I spoke of her many talents and accomplishments.

She never realized there were so many grads in the area. "Thank you, **Jeanne**, and your family for entertaining us so beautifully." **Dot** continues to volunteer at the County Library, Beach Branch every Wednesday afternoon. It is right on the water's edge. She hopes to make a Franciscan Tour in June. We just heard from **Catherine Gebelien Carlson Earl** that her husband, **Herbert W. Earl**, died on February 22, 1994. Please remember them in your prayers.

Present for a great 60th reunion in Garden City were **Ada Scully Cahill**, **Vivianne Kelly Devlin**, **Chris Kavanagh Daly**, **Fran McGovern Delaney**, **Louise Fallon DeLellis** from Florida, **Agnes Brown Drummond** from Maryland, **Margaret Bier**, **Lori Ansbro Gerathy**, **Margaret Langan McDermott**, **Gina Latoraca**, **Alice O'Reilly** and **Marie Lilly**; We especially missed **Angela Mazzoli Rosa**, **Dorothy Harrison Harrington**, and **Muriel Hottenroth Megenheimer** who usually come. **Chris Kavanagh Daly's** son, **Christopher**, is a surgeon in Pittsburgh at the forefront of laser surgery. Her daughter, **Eileen**, is a Sister of Mercy serving at Georgian Court, New Jersey. **Mickey Kiernen Culligan's** letter reached me when I got home from the luncheon. She sends her regards to the '34 vets! She is travelling north in May to attend her granddaughter's graduation from the University of Maryland and in August to visit her son in Henderson, New York. **Mickey** will complete her 9th year on the parish Board of Education in Florida. It is with sorrow that we inform you of the death of **Eleanor Legatetta Murphy** recently. Her husband, **John**, is still living and is in the same nursing home where Eleanor was. Please remember them in your prayers. **Agnes Brown Drummond** is now living in an adult residential community with three levels of care, in Catonsville, Maryland. She has a lovely apartment, and there are lots of activities,

Virginia Conran Cheasty and **Cye** are enjoying life in Stanford, CT. They have sixteen grandchildren. Four years ago they had a family reunion in North Carolina. Robert came from California and joined **Patrice**, **Mary** & **Peter**, **Ginny** & **Neil** and **Jack**, who is a major in the Medical Corps with the 101st Airborne in Fort Campbell. **Betty Zangle** made a trip to Arkansas, to be present at the marriage of a dear pal of hers in Little Rock. **Betty** plans a trip to Rochester this summer to see some of the friends she made while working there. At the luncheon in the Garden City Hotel, it was great to be with **Helen Browne** (who won \$75 at the raffle), **Edna Brennan Maloney**, **Mary E. Farrell**, **Marion Musante**, and **Dolores Pynn Dunleavy '36** and other '36ers... a very pleasant group. I met and talked with my cousin, **Margaret Ferry Healy '31**, who looks younger and acts peppier than many of our age. **Florence Kemp Carberry's** daughter, **Sister Kathleen**, attended the St. Saviors High School alumnae reunion and met other classmates. **Florence's** grandson, **Shawn**, is enrolled in Our Lady of Angels Grade School. **Kay Allen** and her sister visited our old neighborhood grade school, **St. Francis of Assisi** and found it in good condition. **Grace Flannery Morris** enjoys her apartment on Shore Road. She says that her daughter, **Meg**, is happy working for a lawyer in Garden City where she and **Edward** live. **Bernadette Moroney Matzler** reports from Merritt Island, FL, that her son **Jack** and wife **Kathy** are in Germany on a much needed vacation, leaving the cares of Arlington National Cemetery far behind. While we were bundling up and enduring the winter of winters, **Bernadette** was turning on her air conditioner and enjoying the pool at her apartment complex. A sad note for **Bern** was the death of her brother, **John. Mary Walsh Steiger's** son, **Paul**, and his wife, **Heidi**, and two older daughters were at Epocet in Orlando, enjoying a stay at the Dolphin Hotel. **Mary** has plans to travel to Olympia, WA, then to Vancouver to see **Jim** and his family before going to San Diego, and then on to see a grandson at the University of Nebraska, and finally to Evergreen, near Denver, CO. **Ed** and I visit his nephew in Denver, so we had a common interest in that beautiful part of America. **Steve** and **Sylvia Goerlitz Myers** had a wonderful winter at Delray Dunes Country Club in Florida. They returned to Manhasset in early May. "Golf and Bridge are still my favorite recreations," she says. **Gilda Datri Nisco** occasionally visits her son in California. Daughter, **Diane**, is manager of a doctor's office in Point Pleasant, NJ, and **Sandra** works on exports and imports. "We take it easier than we used to and occasionally go to the opera," she says. **Helen Schwarz Owendorf** still lives in Cranbury-Monroe, NJ, in a delightful condo with plenty to do - golf, tennis, swimming plus volunteer church work. They're busy, too, with 13 grandchildren, ages 6 months to 32 years old. A great-grandchild is expected in November. Again, my usual plea - send me a postcard or letter or phone me with your news!

Fifty-eight years ago we left the halls of St. Joe's to take our places in the world! Many of us have remained friends throughout the passing years and have spent happy hours together. But - there are so many of the class of '36 whom we never hear from. I'm sure during all these years they have news that would interest the rest of us and which should be contributed to our class column. Do contact me at any time by phone or letter. The Mass on April 16th, prelude to our alumni luncheon in Garden City, was celebrated by Monsignor Michael Cantley, whose homily was most inspiring. Attending from our class were **Betty Pynn Dunleavy**, **Dot Delay** with her sister, **Ruth**, **Alice Hagan Finnerty** and **Betty Bander White** with her sister, **Jean**. Between snowstorms this winter **Dot** and **Ruth** drove to North Sarasota. All their aches and pains were alleviated by the warm sunshine. Now they look forward to spending the summer at Atlantic Beach. **Alice's** second great-grandchild, a boy, was born on St. Patrick's Day. She and **Jack** are enjoying life in their condo. **Dot Pynn Dunleavy's** tenth great-grandchild was born February 1st. In July, **Dot** will head for Point Lookout and hopes to enjoy the cool ocean breezes. **Betty Bander White** has no grand-children but is enjoying her thirteen grandnieces and nephews. **Dot** told **Mary E. Farrell** to say "hello" to her new pastor, **Father John Savage**, who was her pastor at St. Jerome's. They really miss him at her church. Still with no addresses are members of our class - **Evelyn Hagen**, **Dorothy Kenny Crane**, **Ruth McQuillan**

McCabe. Have you a clue to their whereabouts? **Alice M. Enright** retired from high school counseling in 1973 and then worked for several years in business. Since 1975 she has been and active Guild Member of St. Jude Hospital, Fullerton, CA. Since January 1994, **Alice** has been a volunteer at La Habra Public Library in their book shop. Don't forget to send me your news for next issue!

Muriel Campion Sempie writes us of the death of her son, Dr. Robert L. Sempie, of Lyons, Illinois, on January 14th. Let us remember her, Robert and all dear to them in our prayers. We mourn also the loss of our classmate, **Margaret Scannell McAuliffe** who died last Fall. She is the sister of **Anne Scannell Smith** class of '35. Please pray for them and their families. **Marguerite Griffin Bjornson** received tragic news this year. Her only child, **Anne Reilly Dines**, and her husband, **Alan**, retired from the Royal Air Force, were brutally murdered in their home in Belize on February 6th. Ann was a well-known horticulturalist and had 58 books published on the subject. She received special commendation from Buckingham Palace for one book in particular titled "The Rose." Ann leaves two children, Peter and Lynne. I'm sure it will help **Marguerite** to hear from you. **Rita Wood Rague**, in Delray, FL, looks forward to a visit from her son and his family. She and **Muriel Campion Sempie**, who lives in Boca Raton attended the Florida Alumni meeting in a beautiful home on the Inland Waterway. The west coast alumnae need a meeting now! **Eileen Brennan** was in Washington DC to attend her grandnephew's First Communion and enjoyed a family reunion there. She is still active in Teachers' Retirement and in AAUW. **Carol Denolfo** has become a regular overseas commuter and now plans another visit to London and Paris. **Edith Bruce** is bound for the north this summer - taking a trip to Alaska on the Inland Waterway. In November **Marjorie Parker Smith** lost her sister, **Irene Parker Parks** '32. Let us remember them in our prayers. There's a new dog in **Marjorie's** life - a stray Husky that she befriended and that keeps her well protected. This summer she hopes to attend the wedding of a niece in Detroit. Her son, Kevin, and she participated in the 100 yard sprint (varied age categories) at the Eastern Masters Meet. **Margaret MacGillivray Seidel**, a movie buff, keeps me current of the best Hollywood has to offer. Bernard and **Kathlyn Heigney Hemmer** were in New York last summer and made a sentimental journey through Bay Ridge. They decided to beat the heat in Houston and headed for a cruise leaving New York and visiting Nova Scotia, Quebec and Montreal. "We recommend it," she writes. "It was thrilling to pass the Statue of Liberty as we sailed through the narrows. Heard from **Katherine Foley McNamara** who has two daughters: Ellen Delage lives in Silver Spring, MD and has a daughter, Thea. Jane Bieher lives in Boston. **Emily Billington Smisek** is a busy volunteer, working at Queen of the Most Holy Rosary Rectory and also with the Literacy Volunteers of America. **Isabelle Anderson Miles'** daughter, Cathy Miles Shaver and husband, Donald, are living in Tsukuha, Japan. Agnes McNamara works three days a week in the chancery Office in Rockville Center. Her brother, Joe, wife Dorothy and seven children live in Connecticut and Agnes is frequently involved with their activities. She has been blessed with good health and continues to socialize with family and friends, plays golf, and enjoys walking on the boardwalk at Long Beach. **Ruth Whitbread** recently bought a condominium in Sebastian, Florida, about 18 miles north of Vero Beach. She loves it. Nearby are the golf course, swimming pool and the club house. She has ample opportunity to partake in the activities which she finds beneficial and thoroughly enjoyable. Ruth would like to hear from classmates or alumni in the area. We were saddened to learn of the death of **Sister Margaret Louise Shea** last December and are proud of our early association as she began her life-time career with the pre-school at St. Joseph's. She will be in our prayers. It is with sorrow, too, that we report that **Peggy Megge Buckley** died on April 7th. **Francois McLoughlin Reilly** drove to Peekskill for her funeral Mass at the Church of the Holy Spirit. **Norma Straus Slater** and her daughter drove in from New Jersey. In February **Peggy** had called Frances with the happy news of a granddaughter, Anna Faith, born to daughter Meg at the end of January. Meg also has an adopted daughter, Lily, who is three years old. **Norma** and **Francois** had lunch together after the funeral. **Norme's** granddaughter, Kristin Slater, 13, is an outstanding

soccer player and member of the high school senior team. She has had offers from college soccer scouts! Frances visited **Helen Dolan** in March, for whom the "winter was a real endurance test" and she hopes for warmer weather and to get out on her electric scooter again. Present at the Alumni Mass and Luncheon on April 16th were **Agnes McNamara**, **Ruth Whitbread** and **Francois McL. Reilly**. **Agnes** still works part time for Rockville Center Diocese Chancery. **Ruth** keeps busy with family events of brothers and sisters, nieces and nephews. **Ellen O'Toole Heckman** cringes when she receives mail addressed to 'Florida Clubwoman', although she does belong to three book clubs. **Ellen** and **Ray** also belong to an active Irish-American Club, and when they are in New Jersey, she is with a thriving Scrabble Club. The winter co-chairmen of this group is **Marie Nolan Hathey** '48. **Kathryn Holmberg Schuster** is going to Florida in May with her sister where the wives will enjoy the pool and bridge and the husbands will play golf. In June the Schusters will move to an adult community just south of where they now live. **Key** thanks her Guardian Angel in eluding a car-jacking recently. She was able to quickly lock her door, start up her car and end back out and away. **Jeann O'Reilly Stone** is glad that the golf season has started. Although a "duffer" she finds it good fun and exercise. Last year, she and a friend enjoyed a Mediterranean Cruise and in August will go on a cruise to Alaska. **Jeann's** two sons live in Connecticut, one in Greenwich and one in Darien. Another son is still on Long Island and daughter **Debbie** and family are near Wilmington, Delaware. **Jeann** has eight grandchildren. Her oldest granddaughter was married last summer, and the youngest, a boy, is just a year old. **Eleanor Fanelle** was "confined to quarters" most of the winter and doesn't want to even think of ice and snow for years to come. **Grace Coscia** wrote to **Eleanor** to say that she is coming up from Brazil in May, a month earlier than usual. Let's hear from our '38ers who have not responded to our most persuasive appeals.

Father Joe Rickert, M.M., now living in a residence for retired Maryknoll priests, but many are actively engaged in ministry to neighboring parishes. Marge's ministry with RCIA in St. Joseph's Parish, Babylon, is spiritually enriching and she recommends it to our classmates who may feel so disposed. **Helen Brown Nugent, Mary Concannon O'Connell and Jane Bell Norton** are planning a pre-Christmas get-together at Milleridge Inn. Helen's son, Lt. Col. John Nugent (Ret), has a supervisory position with Volkswagon. His brother was married on June 26th. Sister, Judith, is the mother of two children.

Because of the strong winds and heavy rain the day of the luncheon, **Dot White** returned home, **Agatha Walsh O'Brien** remained in Armonk, and **Mary McNulty** in Centerreach and we missed them. Present in Garden City were **Sister Alice Francis, Marie Birmingham Ponsot, Kathleen Mulligan, Virginia Mannabach Cleary, Margaret Mack, Adelaide Zen Rach, Anna Sullivan** and her sister, Ella, and **Ruth Drucker. Kathleen Mulligan** was on a tour of Brazil and Argentina. While in Rio De Janeiro, she took a ride up to see the statue of Christ atop Corcovado. **Sister M. Regina (Jenice Ahearn)** had a wonderful trip to Lourdes and Paris and in the winter spent some time in Florida. The day of the first snowfall, **Cathleen Farrell Walsh** flew to Hawaii to visit son, John, and family and was hoping to regain the strength she lost from a lengthy of labyrinthitis. Happy memories remain for **Cathleen** of her loving, responsive and active grandson, Brian, and of a day spent with **Dorothea Lennon** '38, permanent resident of Hawaii. **Dot** greeted **Cathleen** with a lovely lei, then treated her to lunch, with lots of chatting about the '30s. **Frances Caetta Inara** is taking a French conversation course, and also Tai Chi, a slow form of Chinese exercise, and is preparing to be a lector at Mass. **Marie Birmingham Ponsot** will teach again in the fall at the Poetry Center of the 92nd Street YMCA. Between ice storms **Marjorie Anderson Breedis** drove to West Chester, PA for a visit with Ed and **Mary Leahy Cleary**. Jack and **Terry Carroll de Tar** expect to spend a few weeks at Torch Lake, MI. Terry hears from Ed Smith who said that **Eleanor (Sullivan Smith)** who has Alzheimer's is in a residence close to the family who visit her often. Gerald and **Peg Shea** left for Florida in December just before the snows arrived. In February Gerald was hospitalized with congestive heart failure due to complications from emphysema. He returned home after three and a half weeks, with visiting nurses and lots of doctors' visits. They could not go north until doctors permitted them and thought they would miss the graduation of their first grandchild, Deirdre Lockwood. She was a finalist in National Merit and was granted early admission by Brown, Amherst and Harvard. She chose Amherst. For **Irene Butler Lozano**, the L.A. earthquake has been a stressful situation. One side of her house was badly damaged when her neighbor's chimney crashed through the roof. Asleep in the other half of the house. Irene felt a thud, grabbed a flashlight and rushed to the center hall where she found the front door swinging open. The deadbolt had been blown in the center of the room! Irene was thankful that there were no broken pipes, and with her usual optimism says that all the family china and crystal that were blown across the room can be replaced. During the three months restoration, Irene went to Idaho Falls to attend a program similar to Elderhostel, and visited family etc. **Irene** is substituting at a Catholic school where she admires the motivation of the students and enjoys the general atmosphere of discipline. **Bette Whalen Bonsall** broke her seventeen year "no sick days" record at St. Mary's when she missed the month of January due to acute bronchitis. **Marie Shea** was one of four veteran faculty members of Aquinas High School in the Bronx who was honored at a luncheon marking the 70th anniversary of the school, and who received the Veritas Award, last fall. In 1923, a two-year business school, Aquinas Hall, was opened. Through the years it served each new wave of immigrants. It became a four year high school in 1939. When she graduated from St. Joseph's, **Marie** worked as a statistician for Western Electric. In 1945, **Marie** learned of a teaching opportunity which opened at Aquinas and in September she began her 45 years of service to this high school, which was run by the Dominicans of Sparkhill. Marie earned a master's degree in History

from Fordham in 1948 and fulfilled all but dissertation for a Ph D at Fordham. **Nancy Hurlay Dunn** wrote to us of the death of our classmate **Genevieve Farrell O'Donnell**, early in March. Please remember her and her family in your prayers. Genevieve was the sister of **Sister Teresa Marie Farrell**, a sister of St. Joseph, who taught English Literature at the college and who died several years ago. Genevieve leaves her husband, Brian, and her daughter, Kate, a Navy Nurse. **Adole Mulligan Seymour** had a busy Easter - went to Georgia to see Margaret Murphy Kiefer then had a week's stay with one son, wife and three daughters in Virginia. The following weekend she visited **Marge Murphy Lynch**, who now has 19 grandchildren with two more expected, and 2 great-grandchildren. **Marge** attended an Elderhostel at Watermill and stayed with **Adole** for the weekend, before returning home to Delmar, NY. **Irene Butler Lozano** reports that she and her three sons and families are well. Her house, damaged by the earthquake should be ready by August and she hopes some alumnae will come to see her - phone 310 475 3807. **Helen Mahoney Keating** writes, "We are blessed to have our daughter Helen, a registered nurse, receive her BS in Nursing from St. Joseph's in Patchogue. "I was honored to place the hood on her! What a day!!" We just received word of the death of Gerald Shea on May 15th, in Florida - husband of **Peg McDorby Shea**. Mass was at St. Agnes Cathedral, Rockville Center. We extend condolences to Peg and her family. Please remember them in your prayers. The husband of **Anne Reilly Flaherty** died on April 22. Joe was active planning FBI reunions and also in his parish St. Bridget's of Westbury. Our sincere sympathy and prayers, Anne.

Marie Carmichael, Frances Donahue, Dorothy Dooling Alcide, Helen Fennelly Buckley, Margaret Rausch and Kay Reidy Quinn represented our class at the Spring Luncheon in the Garden City Hotel, to honor our freshmen sisters, the class of 1944, on their Fiftieth Anniversary. Plans are under way to hold another reunion of our class, as we did at Gurney's Inn in 1992, and at Woodcock Pines in 1993. This time we are looking into a three or four day stay, possibly in the Catskills, in late September or early October 1994. Let us know if you would like to be with us on what we hope will be an annual event together. Call **Marie Carmichael** 718 446 7864 or **Helen Buckley** 908-747-4349, or write and we'll send you all the information. **Frances Donahue, Marie Carmichael, Helen Buckley** and her daughter, **Kathleen Reilly Masterson** '79, travelled to Switzerland, Northern Italy's Lake Region and Venice on **Sister Joan Ryan's** alumni trip in April and had a wonderful tour with a great group of alumni and friends. Join us next year at Easter Vacation. You'll love it! **Violet Costena Falcone** writes that she and Dr. Falcone have been in Florida for ten years and it was a great move. However, her husband, Dr. Joseph, died early in December 1993. Please offer a prayer for them. **Violet** writes that they did get a chance to celebrate their oldest daughter's 25th wedding Anniversary, but just missed their own 50th. She thanks God for her many good friends in Florida.

Patricia Cullen Deeley gives us her new address: 1 Anchorage Way Unit 1306, Freeport, NY 11520. She also writes of a wonderful month-long trip to India. Her 21st grandchild was born this year. **Mary McVeigh Williams** is recovering from major surgery and we wish her a swift one. **Lorraine Connor Heiden** and husband of fifty years are celebrating with a grand trip to England, Scotland and Wales. Congratulations! **Anne Lee Calhoun** reports that she and Cal are well and so are their four children. **Lee Terry Prestia**, since her husband, Joe, passed away three years ago, has become very active in her community. She is secretary of the Women's Club of Jupiter, Florida. The club is the largest Federated Women's Club in Florida. **Lee** has also been elected to the Board of Directors of Jupiter County, serving as Treasurer. She also serves as a volunteer at the Jupiter Hospital. The greatest joy in her life is her daughter Lee and her family, especially Emily Jo and Christopher. They live in Connecticut, but see each other frequently. **Lee** keeps in touch with **Sally Rogan Laverty** '42, **Margaret St. Pierre Van Hauer** '42, and **Lillian Santoro Signelli** '43. During our conversation we (**Marie Carroll Daly** and **Lee**) learned that our daughters spent four years together as students at Mary Louis Academy. Joe and **Lillian Santaripa Signorelli** have lived in Florida for 13 years. **Lillian** retired from Mincola High School, having taught

Social Studies there for eighteen and a half years. They celebrated their 50th wedding anniversary two years ago, a union which produced two girls and a boy. **Lillian** was happy to meet and pray with the alumni group who met at **Jeanne McGuire Glenn's** home. She enjoyed discussions of experiences and of how St. Joe's influenced their lives. Please remember in your prayers **Jeanne Calame Puvogel** and family, on the death of her twenty-three year old grandson, David Puvogel.

It was a warm and wonderful fiftieth anniversary! The following morning, twelve of us accompanied by family members and six of the class of '69, met at the college for Mass and brunch. It was a weekend to remember! A big "thank you" to everyone who contributed to our enjoyment of our Special Day. We really celebrated 50 years in a big way! **Key Landers Gschlecht** came from Port St. Lucie, Florida. She married her childhood sweetheart, Bill, in 1946 and has four children, ages 46 to 32. They retired and moved to Florida sixteen years ago and are grandparents of four, ages 12 to 2. **Anne Glover Chao** lives in Freeport, has a son and daughter who taught in Tsing-Hua University in Beijing. She also has Chinese and African American granddaughters. Anne is involved in local politics and is an ardent feminist who would like to return to the feminine gender "ae" in our Alumni Association title. . . . Never happen, Anne! **Carol Schluter Dowd** from West Hartford, CT, with a master's in Social Work from Fordham, worked in her field until her husband Don, a dentist, retired in 1992. They have six children and eight grandchildren. **Carol** and her sister, **Merle**, also an alumna, just returned from Italy in time for the luncheon. **Eileen Mullen** and her sister Jeanne '47, live in midtown Manhattan and enjoy the good life of theatre, ballet, symphonies, etc. Their sister **Edith** '41, and the youngest sister Claire, have blessed them with 26 grandchildren and nephews! Somehow, they also found time to travel in Europe and the United States. They're enthusiastic volunteers at St. John the Evangelist Church, Manhattan, and at Rosalie Hall, a home for unwed mothers. For **Evelyn Marzano Corcoren** 1993-94 has been a terrific year. "Our 50th reunion was a high point. Visited with my sister in New York. Graduated in June after completing a two-year Paralegal Program, with honors. In October went to Washington DC on a fellowship to participate in the Close-Up Foundation's National Issues Forum. Spent February and March in the Middle East, visiting son Tim and family. He is a professor of Physical Chemistry at the University. Stopped off in London for a week doing the sights, prior my return to the U.S." **Eileen M. Bartley** is still enjoying her retirement from the New York Telephone and AT&T. She's enjoying some travelling, seeing Broadway shows and dining out all over. Being at the beach in Breezy Point enables all to enjoy boating, swimming and fishing. **Mary Bennett Burke** was looking forward to 1944's 50th celebration in April - in tandem with her daughter's, **Mary Jo Burke Chiara** '69, 25th anniversary.

Marie Maddock Turner has been gathering notes for us. She gives service at the Winthrop Memorial Hospital, and so does Marjorie Bauer O'Leary and her husband Michael. **Marjorie** and **Dorothy Dolan Hartig** graced our table at the Spring Luncheon at Garden City. The official organist and pianist, **Margaret Jokiel Joyce**, was also there. **Jeanne Dwyer McPike** moved from Garden City and is now a resident of Greensboro, North Carolina. **Edith Voelker Piazza** didn't attend the luncheon but sent regards via her sister, **Louise** '49. **Edith** tried to stir up interest with some classmates in February but our terrible winter became a minus factor. **Winnie Comer Turner** and **Eugenia Urbanek** were scheduled to have lunch together in Florida. **Winnie** spends part of the year in Naples and **Jean** lives in Florida all year 'round. **Ann Viviani Ceruso** is incapacitated, having had two hospital stays. Hope things improve for you **Ann**. **Agnes Cogan McGuiness** is now widowed. She is the mother on nine and the grandmother of 23. **Agnes**, now retired, enjoys her leisure. **Mary Daniels Dee** is a new grandmother, courtesy of her daughter, Clara. Unfortunately all news is not good. **Eileen McDermott Ott** lost her husband, Frank, in March. Frank was a deacon in Resurrection-Ascension parish in Queens, and was very active. We send our deepest sympathy to her. And **Joan Cory Erhardt** passed away in April. **Joan** had a quiet, unassuming manner and will be especially missed by her daughter. We'll remember them both in our prayers. Gene and **Eileen Quigley Casey** have an empty nest, finally. All 14 are off on their own. They've been doing some travelling, in Europe-London, Paris and Rome last year. Medugorie in '89. **Eileen** visited **Margaret Heron Mally** '41 before she died. "She was wonderful, a saint, I think." **Eileen** and Gene are retired and are enjoying their grandchildren. They're expecting their 21st in September, courtesy of "our baby" who was married last September.

Doris Blewitt Allyn called to say she commutes between Gilgo Beach, LI and St. Thomas, VI, where her husband's idea of retirement is running two businesses! The **Allyns** have traveled to the Scandinavian countries and the Baltic and recently took a month's World Tour to the Far East, including Pacific Rim countries, India, and then to Genoa, London and home. **Doris** meets annually for summer reunions with **Eileen Broderick Griggs** of Hackettstown, NJ, **Madeline Martin McGowan**, Vero Beach, FL, **Marian Harvey Higgins**, New Hyde Park, LI, **Alice Reilly Jones**, Huntington, LI, **Imelda Lavin Procido**, NYC, and **Patricia Cotter Erickson** of Westbury, LI. **Sister George Aquin** and **Sister Mary Florence** were in Fort Lauderdale, Florida where they attended the Florida Alumnae Reception at the waterfront home of **Jeanne McGuire Glenn** '70. They were pleased to have a visit with Monsignor Francis X. Fitzgibbon who is in a nursing home nearby, and they noted the picture of "245" proudly displayed. **Genevieve Kingman Lindner** reported on the Spring Luncheon in Garden City. Nine of our classmates were present and **Genevieve** seized the occasion to "salute" the Golden Jubilarians who were our Junior Sisters. They were delighted. **Anne Dannemiller Lauthorn** moved to Syosset to be near their first grandchild, Amanda, who is daughter Margo's child. Her son, Robert, is in Cambridge, MA, and has passed the Bar Exam. **Helen Lynch** and **Pat Mallon** plan to go on a Quilting Cruise to Bermuda in the fall. When comparing notes about Westchester living, **Pat Mallon** and **Ana Bier** discovered that they live on the same road in Bronxville. **Gloria Lawrence Flynn** plans a trip to Kentucky to attend a reunion of a Naval Group her husband has belonged to since WWII. Their oldest grandson, Kurt, graduated from Princeton and Brian, the second, is going there. A new grandson, Lawrence Lynn II arrived in August. **Helen Sullivan McGregor** and husband travel every year. Last year they saw moose in Maine. . . Canada is next! **Jeanne Albino Zebroski** recently retired from the Bellport school system where she was a Reading Specialist teacher. She now lives in the bee-you-tee-ful Blue Ridge Mountains of North Carolina. **Regine Gallagher Gerard**, retired from U.S. World Report, has moved to Pinehurst, NC. **Virginia Lee**, retired and moved into a new apartment in Beechhurst in the College Point section. It is with sorrow that we write of the sudden death of Gerard Orr, husband of **Mary Ellen Dowd Orr**. Please remember this family in your prayers. **Jean Carroll Brady's** granddaughter, Carline Hines, will graduate from the Patchogue campus in June 1994. Last fall she was inducted into the honor society, Sigma Iota Chi. **Jean** and her husband enjoy retirement in NASA County. **Genevieve Kingman Lindner** and **Marian Quozly Zolt** were comparing notes on Senior Course Theatre going. **Gen** at Hofstra and **Marian** at Drew University Summer Shakespeare Festival. **Genevieve** participated in the Spring Phonathon

which she says is a "fun thing" to do. Our class participation has climbed steadily since graduation. Let's keep it going up. Even a modest annual donation makes a difference and is a way of giving something back. We learned from **Peggy Collins O'Connor** that **Rosemary Thompson Keane** died two years ago, in June 1992. She had been ill for about two years with Lou Gehrig's disease. Remember her and all dear to her in your prayers. **Dorothea Drosch Szabo** closed her kite store but continues to do mail orders and give talks and kite building workshops. **Dorothea** is visiting two ladies in a Nursing Home as part of her work as a Hospice Volunteer. **Marian Quealy Zoll** will complete 36 years as a Catechist in her local parish - on elementary, high school and Sunday pre-school levels. . . a very rewarding part-time mission - one year at a time.

Lucia Jurek Varholy's daughter, Cristina, is a teaching assistant at the University of Wisconsin. **Lucia** and Peter spent the winter in Florida. Joe and **Eileen Brophy Rossman** visited their daughter Susan and husband Stephen and their two-year-old, Sky Emmet, in Santa Fe. They then flew to Mesa, Arizona, to visit friends. We extend our condolences to **Peggy Wilson Sullivan** upon the death of her mother. Mrs. Wilson passed away the day before her ninety-ninth birthday. Our prayers are with **Peggy** for a complete recovery from her very serious illness. It was wonderful to be with classmates at the Spring Luncheon and to congratulate the anniversary classes. So many were good friends of ours. **Bea Tarsis Savine, Jennie Cristodero Levy, Mary Flanagan Rigaut, Marie Mallon McCormack, Anne Dannemiller Latham, Helen Sullivan, Sister Mary Florence Burns and Grace White Rohe** enjoyed reminiscing. **Jennie's** daughter, Rebecca, a resident at Nassau County Med Center Specializing in Gynecology and Obstetrics, has two children, Jacob 3 and Danielle 16 months. **Jennie** retired after 33 years of teaching homebound students. **Grace White Rohe** will go to Montreal as a member of the Diocesan choir, and she will travel to Lourdes, Avila and the Holy Land in November. **Mary Flanagan Rigaut** met her daughter Kathy in Guadalajara, Mexico in April where they visited Kathy's future mother and father-in-law. Kathy, who lives in Houston, will marry Ignacio Ramirez on June 11th at the Church of the Nativity in Fair Haven, NJ. **Mery** and Kathy attended the wake of **Sister Margaret Louise Shee** at the college. Kathy had attended the Dillon Center and thought so much of **Sister Margaret**, as did we all. **Mery** enjoyed a welcome respite from this winter, visiting friends in St. Thomas. She will go to Houston for a few weeks for more pre-nuptial parties for Kathy and Ignacio. Wedding plans are going very well. This summer **Mery** will visit Ellen and Joanne Flanagan, her nieces who are daughters of **Virginia Clappin Flanagan** '47 at Cape Cod. Ellen is principal of the same school as Virginia. Joanne is an attorney with the firm of Fulbright and Jaworski. **Norma Cirino** now lives in Westchester and plans to join **Mery, Anne McKenna McCormack and Meryg Lauro Perretta** at the Fall Luncheon, at the Hudson River Club. Plan to be with us! You will hear more.

Only a handful of members of '48 attended the Spring Luncheon at the Garden City Hotel, but those who came enjoyed a day of pleasant chatter. **Marge LoCurto Governale** told us of an alumni gathering at the home of **Ellen Farrell** '70. It could be the start of an alumni group in Manhasset. **Marge's** son, Paul, was married last September and now lives at Bay Bridge in Bayside. **Marge** is associated with Kappole Realty if anyone is looking for a home in the Manhasset area. **Kathryn Driscoll Reggio** and Bob have retired from teaching and now enjoy the American dream of traveling, seeing Broadway shows, visiting museums and exhibits. Bob and **Kathryn** have ten wonderful grandchildren who keep their grandparents happy and occupied with their many activities and teams - as well as First Communion, graduations and birthdays. **Elizabeth Egan** and **Catherine Quinn** enjoyed an afternoon of reminiscing. **Nora McInerney Keenan** has moved to Belle Harbor and is enjoying her new home. **Mary Hoffman Sheppard** also enjoyed the afternoon. Her husband, Bob, is still active as an announcer of various sports games. **Bernadette Cassidy**

is enjoying a banner year of weddings. Daughter, Megan, was married in October, Deirdre will be married in June and Dennis in July. **Agnes Whelan McMonagle** recently enjoyed a trip to Italy with a group from her parish. She visited many cities and towns including Sotto il Monte, birthplace and home of Pope John XXIII. The highlight of the trip was an audience with Pope John Paul II, and an opportunity to shake his hand and share a few words. Please let us hear from you.

While **Eileen Mahoney Hoban** was in Florida last February, **Pat Doherty Singleton** and **Anne Churchill Hanley** came to stay with her for the first week of her sojourn; they had a good time and lots of laughs. Pat had been very sick during the early winter but is totally mended now and will be returning to her job in May. While she was recuperating, she was able to spend two weeks with her sister Joan in Arizona. Neither she nor **Ann Hanley** have retired yet, despite **Eileen's** telling them that it is all that it's cracked up to be! **Ann Hanley's** daughter, Kathleen, was married on a terrible Saturday in December. **Anne Rettig Nawojchik** and **Eileen Hoban** braved the elements and had a great time. **Anne** and her husband, Kazmir, then went to Florida to stay the last few days of February with **Eileen**. They were glad to be away from the terrible weather back north. **Anne's** daughter, Nancy, will be back in New York soon, having worked for the past two years in London. Daughter, Mary Anne, is a teacher in the NYC school system and juggles that demanding task with two adorable children, **Joan Crane Medvecky** and **Eileen Hoban** had dinner with the **Mullen** sisters who are graduates but not from our class. **Joan's** son, Michael will graduate from medical school soon. Her daughter, Mary Ann, works in the city for Jaeger. In early March there was a reception for alumni in Manhasset area. **Eileen Mahoney Hoban** and **Trudy Haffey Rooney** attended. Although they live quite near each other they seldom see on another. **Trudy's** son, Joe, was a classmate of **Eileen's** son, John. Joe and his wife now live in Seattle with their family and **Trudy** and husband, Pete, recently visited them. We extend our sympathy to **Adelaide Balfie Hall** on the death of her mother, Dorothy Balfie. Please remember them and all the family in your prayers. A short note from **Inez Votta** speaks of her interest in "the noble work of my beloved St. Joe's College." **Eileen Mahoney Hoban** was unable to be at the April 16th luncheon because she was giving a bridal shower the next day. She was hoping for news from some who were there. "I will get on the phone and do some calling or send postcards to some of you to get news for the next issue." **Eileen** says. "I really wish that people would call me with their news as I have computer so I can store news as it comes to me until time to send it off."

The following lines contain the only responses received from the January '51 class. **Jerry Hanlon Weiss** mailed ten letters to classmates asking for news and as of April 10th had no returns. **Joan McCarthy Dillon** sent four letters and had two answers almost immediately. Both **Marilyn Marvin Fitzpatrick** and **Jeanne Corbett Jamieson Sheehan** are as busy in their retirement as they were in the classroom, the business world and at home raising children. In addition to her duties with St. Ann's Parish Council and the St. Vincent De Paul Society, **Jeanne** has become a Facilitator in their Bereavement Support Group. She and her husband, Ray, recently returned from an Elderhostel in Albuquerque and she confesses to being "hooked on golf." **Joanne's** five sons live nearby in Rockland County, New York and she shares in the pleasures and laughs from Ray's nine grandchildren. **Marilyn's** life is equally busy. When her husband, Bob, retired from dentistry, **Marilyn** left a very fulfilling job as Director of Volunteer Services and Guest Relations at Northern Dutchess Hospital. Travel, tennis, bridge, fitness workouts, volunteer activities and visiting their four daughters and two sons and twelve grandchildren, more than fill their days. Whew, some "retirement!" The **Fitzpatricks** left snowy Hyde Park in March '94 for a month in sunny Florida and a happy reunion with Frank and **Jackie Rupp Lynch**. **Marilyn** is a Eucharistic Minister for her church and for the Nursing Home.

Joan Little Donoghue lives six months of the year in Surprise, Arizona, in a place called Happy Trails. She has taken up line dancing. Her husband, Jim, thinks she has really gone Western! She writes a column for the *Nosey Coyote*, a local newspaper. Joan has 14 grandchildren - 11 boys and 3 girls at last count. They all had a reunion in Jamesport, LI, in July and children and grandchildren camped out on her driveway and in the backyard and in the house! **Paulita Ahern** moved on April 15th to Wantagh, NY, and will be busy getting herself settled, but will welcome visitors - with advanced notice of course. Her new address is 3712 Manchester Road, Wantagh, NY, 11793 - 516-785-2806. **Elaine Smythe** travelled "down under" for three weeks beginning October 31, 1993. She visited different areas in the vast continent of Australia, experiencing many different climates along the eastern coast, as well as in the northern areas. She especially enjoyed the Great Barrier Reef and Ayers Rock. The Australian cities of Sydney and Melbourne are well worth seeing. Next, **Elaine** travelled to New Zealand and toured the North and South Islands which are scenically very beautiful, especially the thermal area at Rotorua and the Fjord Lands at Milford Sound, and Mt. Cook, as well as the most English of cities, at Christ Church. **Elaine Smythe**, one of your class agents, says she wrote to five classmates but received only one reply! Pretty frustrating! **Pat Lynch's** 9th grandchild was born April 17, 1994. Her five children are married; three live in New Jersey, one in New York and one in Massachusetts. Since 1969 **Pat** has taught 1st grade in Immaculate Conception Elementary School in Montclair, NJ, then she became a Reading teacher. She retired two years ago but does volunteer work four mornings a week and also volunteers at Project Read, and at a Soup Kitchen in Newark. Her husband, Jim, retired ten years ago and now works as a crossing guard. He "loves the little ones" and "we are much blessed - as Judith Vorst says, with an ordinary life!" **Mildred Feudtner** and her friend spent three weeks in the Orient last Fall - Tokyo, China, Hongkong, Bangkok and Singapore. Everything was fantastic. In December '93, Mildred and several alumnae and husbands gathered at the home of Jim and **Pat Kermath Lynch** in Glen Ridge, NJ. They were Harry and **Dorothy Freese Brainer**, Jim and **Joan Little Donoghue**, Gerry and **Pat Dennen Dunne**, and Bill and **Terry Copin Meehan**. Even the first snowstorm of the '93-'94 winter that day didn't keep us from driving to New Jersey. **Sarah Mullady**, M.A. Fordham and a member of the Academy of Women Achievers, Director of the Employee Assistance Program for Champion International and a Loaned Executive to the Center on Addiction and Substance Abuse (CASA) visited the Brooklyn Campus and spoke to one of the classes on today's changing workplace and the problem of substance abuse. She commented on the excellent physical condition of the buildings as compared with some of the other universities where she has lectured. **Mery Anne Negle Hurley** received the Franciscan Spirit Award in recognition of her achievement in impacting the student body of St. Francis Prep with the four Golden Links of the Franciscan Brothers. She and Bernard are grandparents of four. **Genevieve O'Brien Pellagrino** finished a two-year program of the Pastoral Formation Institute of the Rockville Center Diocese in preparation for lay leadership in the church. She and Lou plan a visit to Arizona in January. They have three children and five grandchildren. We offer our condolences **Carolyn Taylor Anner's** on the death of her husband in October 1993 and of her mother in April 1994. Please remember them in your prayers. Her daughter, Carolyn, an RN with a career change, just passed the bar and has begun practice in Pennsylvania where she and husband live. Daughter Catherine is an orthopedic nurse in Huntington where she lives with her husband and three children. **Carolyn's** son, Robert, is a chef with a magic touch. Phil and **Marion Murtha Munisteri** have two grandchildren. They plan to visit a son in Australia this coming winter.

DeMares O'Connell Pleet and her husband are enjoying retirement in Boynton Beach, Florida. They have taken up bridge and golf. Last year they enjoyed a trip to eastern Europe and fell in love with Prague. Their cruise on the S.S. Mozart down the Danube was memorable. **DeMares** is anxious to visit **Alice Fraser Devereux** who is her neighbor in Lake Worth, FL. **Alice, Helen McGrover Burns** and **Maureen Dougherty Fraser** had a wonderful reunion at Alice's son Larry's wedding in San Francisco. We toured Murr Woods and Mendocino following the wedding. The **Fraser** family had a nostalgic visit to Brooklyn in April.

Maureen's youngest son, Richard, was married at St. Charles Borromeo Church in Brooklyn Heights (Msgr. Diviney's church), and they followed a bagpiper to the Brooklyn Club on Remsen Street, for the reception. **Mary Bolton Zopf** is enjoying her retirement. She is volunteering at the Planting Fields Arboretum in Oyster Bay, LI. Our deepest sympathy is extended to **Jane Chamberlain O'Hara's** family. We will all miss her wit and wisdom.

After traveling through heavy rain, five members of the Class of '55 spent an enjoyable Saturday at the luncheon in Garden City, catching up on news and meeting friends we haven't seen in quite a while. **Pat McGovern** was bursting with enthusiasm over her retirement to Florida. She brought pictures of her lovely home and stories about her experiences on stage with the Theater Group to which she belongs. They travel around raising money for parishes in the St. Augustine Diocese. We were happy to see **Teen Ryan Mulholland**, her sister and her mother **Marita Rockefeller Ryan '26**, who has always been so loyal to the college. **Marie-Therese Pomares Dally** brought us up to date on her family and her travels. She particularly enjoyed her visit to Belgium where she fell in love with Brussels. **Eleanor Tyszka Shaw** reports a new grandchild, Paul Joseph Rochelle, born to Valerie and Randy on February 21st. **Sister Margaret Buckley** as usual keeps us informed of life at St. Joe's today as compared to what it was when we were students - which does not seem so long ago. We were happy to see so many friends from the class of '54 who were celebrating their 40th Anniversary. Next year it will be us celebrating. Please keep this in mind. If you have any ideas for a reunion, please get in touch with me.

This past winter, Danny, son of **Jackie Taaffe Coleman** and Don, was married. **Jackie** and Don also welcomed their seventh grandchild. The proud mom is Kathleen, their youngest daughter. **Eileen Hale Peters'** daughter, Nancy, became a spring bride, as did Jane, daughter of **Anne Porter Molanphy**, and Tracy, daughter of **Mary Feeney Dwyer**. **Mary** boasts of being a grandmother of two. **Eileen McGuire Esposito** is finishing her fifteenth year of teaching fourth grade at St. Anne's in Steten Island. "Sorry I have no weddings or grandchildren to report but I keep hoping," she writes. Ed is enjoying retirement and volunteers at St. Christopher's Church. Two of their children live in New Jersey and two on Steten Island. It was a cold and windy day in December when **Mickey Burke Eldon**, **Anne Porter Molanphy** and **Ann Bauch** blew down Fifth Avenue while viewing the Christmas decorations. They met **Joan Reardon Dillon**, **Kay McMullen Schaefer** and **Lucille Waters Granfort** for lunch and had an enjoyable afternoon. During the Easter vacation, **Terry McManus McQuaid** was in the New York area and had lunch with **Carolyn Black Sedacce** and **Joan Reardon Dillon**. **Terry** is the proud grandmother of Cole, and she and her husband Gene recently moved from Ohio to Michigan. While **Terry** was vacationing in New York in April, **Ann Bauch** was traveling in Switzerland and Northern Italy with **Sister Joan Ryan** and other alums. After all the snow we had this winter, everyone on the trip laughed when we had snow showers several days in Switzerland. In spite of the white confetti, it was a fabulous trip! **Ann** is looking forward to June when once again she will travel with Alums to Greece and Turkey.

On April 16th, 25 of the class of '59 attended the Spring Luncheon. **Ellen Curry Quinn** informed us that she has been unable to attend the fall luncheons because she runs the NYC Marathon at that time. But she promised to come on October 29th to the Hudson River Club. **Doris Healy Petrocelli** was seen the week before the luncheon on Channel 25 (Prayer Channel) chatting with the Bishop. **Sister John Raymond** take note. Others at the luncheon were **Dolores Martirano Lynch** from Woodstock where she owns a wonderful restaurant and **Mary Cahill Dolan**, whom we haven't seen in a long time. A nice note came from **Catherine Giemenelli**, from Hawaii which was passed around but never came back. She's happy living on the big island and would welcome visitors. **Bobbie Lynch Schoenberg** brought out her former '60 classmates and her '59 ones, too: **Shelie EBert Murray**, **Margie Gallagher Conniff** and **Pat Burns**. Their three children are married and they have three wonderful grandchildren, Elizabeth 5, Holly 1, and Christopher 4 months. **Marion** is the alumnae director at Lauralton Hall, a private girls' high school, very much like St. Joseph's. Both of her daughters graduated from St. Joseph's College in West Hartford, CT. **Dabbia** is a nurse and Susan a teacher. Son, Michael, a graduate of ESCU, is an associate producer for a Tampa, Florida cable company. **Marion** was sorry to have missed the reunion. Frank and Nancy are planning their retirement home in Punta Gorda Isles, Florida. They'll continue to live on Long Island also, to be near their three children, son-in-law and daughter-in-law. Two of **Joan Roller Murray's** daughters are graduates of the Patchogue campus. **Susan E. Murray** graduated in 1987 and **Kathleen J. Murray** graduated this June 1994. She majored in Special Ed - Child Study. **Mery Ann Hibbitts Nellis** and family moved to the mountains, Deposit, NY, in January. "This winter we had a record snowfall of over 130 inches! We have seen baar, bald eagles scooping fish out of the lake, and otters. The spring is beautiful - it's great to see daffodils instead of snow. If anyone is on the road between Liberty and Binghamton, call and stop in - or stay for a few days. 607 467 2387." **Anna Morisani Orobello** and Michael, who just retired, recently moved to Springfield, Vermont. Let us remember in our prayers the mother of **Vincentia Termini Dobson** who died March 30, 1994. "My family misses her deeply," writes Vincentia. "**Marcella Dupuy Maynard** and **Kathleen Walsh Fallon** were very comforting to me during this time." **Dr. Geraldine Keating Powell** is serving on the Medical Board of the University of Texas. She is Associate Professor of Pediatrics. A Pediatric Gastroenterologist, she teaches patient care, administration and research. Her sons are now finished college. In the spring I ran into **Remona Bowen Lofaro** at Millieridge Inn in Jericho. When I asked about her family, **Ramona** told me that their two sons have finished college. Raymond, a graduate of St. Thomas Aquinas College with a Therapeutic Recreation major is doing an internship at Nassau Medical Center this summer. Richard graduated from SUNY Albany and works with Kidder Peabody in the stock market. Before Ramona married, she taught first grade in South Jamaica and resumed this after thirteen years at home with the children. I was delighted to see **Joan Bambach McCann** when she and her daughter, Kathleen, a high school Junior, visited SJCS as one of several on Kathleen's college list. Kathleen went off on her own with one of the freshmen while Joan and I enjoyed lunch where I wanted to catch up on **Joan** and John's children Daughter Elizabeth and her husband live in McLean VA and work in Washington. She is enrolled in a Master's International Transaction. Jim, an intern at a law firm and a summer house painter, will be a freshman at Cornell Law School in the fall. William works in disaster control as part of an internship to supplement his Rutgers' engineering program. David 18, and the youngest is travelling and working in Paris for the summer. In May I had a wonderful conversation with **Maria Mimo Menges** who has happily settled down in Tennessee after moving 27 times in 24 years. As you may remember, **Maria** and Duff had a terrible accident in 1975. Thank God, they seem good now. They have four daughters: Michele, the oldest, just married and lives in New York. **Kiki Walsh Fallon** and **Grace Mertin Cipriani** attended the wedding. Michele works in public relations at New York University. Alison graduated from

David, 23, graduated from Fordham in American Studies in 1992 and is a Vista volunteer in Public Housing, Brush, Colorado. All three are winter camping, rock climbing, rapids riding, beans and rice eating enthusiasts - unlike their parents who are beefy, sedentary, semi-survivors of mid-life. **Helen Barth Kelly** continues to teach writing in the Writing Lab of Brookdale Community College, a job she very much enjoys. **Helen met Gail Schiano Polise** there where she is an adjunct Reading instructor in addition to her regular teaching job. **Helen** is looking forward to seeing **Ginny Lee Powers** at her son Tommy's wedding soon. Helen a Jerseyite, continues her Brooklyn ties through her mother in Bay Ridge and brother, Patrick in Brooklyn Heights. Don still commutes to Solomon Brothers. They have three bachelor sons - any matchmakers out there? Don lives in PA, Kevin returned here from Florida and Chris lives in New York. **Helen** continues her painting, swimming and "pursuit of fitness." Bill and **Mary McCabe Duggan's** first grandchild, a girl, was born last July. Grandfather missed the birth since he was with son Michael golfing in Ireland. She was a month early. Daughter Monica, will be married on New Year's Day '95. . . that makes two of our six that will be married.

We hope that includes **Barbara Frohnhof Feldmann, Ada Tracey Stankard, Lynn Sorensen Thornton and Jean Ryan Driscoll!!!** It is with real sadness that I report the untimely death of Jack McCabe, husband of **SueAnn Glenn McCabe**, in December 1993. This sad news did not make it in time for our Winter 1994 Alumgram report. **SueAnn** and the four McCabe children are doing very well but would be glad to hear from friends and acquaintances. Hopefully, **SueAnn** will visit me, **Barbara Feldmann**, during the coming months. **Mary McLoughlin Ragan** and **Rosemary Reilly Pffaffe** plan to come to Maryland during the same visit. Do write to **SueAnn** if you have the time. She still lives in Huntington, Long Island. **Maureen Price** is on sabbatical for 1993-1994. However, she recently received a note from **Judy** regarding her post-graduate course at Dowling College on new trends in Special Education. She also reported the sad news that her mother, Edna M. Perry, passed away peacefully last January. Please remember them in your prayers. **Ginny O'Rourke McLaughlin** and **Fran Sullivan Brennan** spent a delightful afternoon together. **Ginny** also spent a week in London in February visiting with her daughter, Katie, a junior at SUNY Oswego, who finished four months study in London and who then was off to tour major cities of Europe for two months. A highlight was a visit with her cousin in Dublin. **Ginny's son**, Kevin, is in California pursuing a degree in engineering. He was

somewhat shaken during the earthquake. **Ginny** looks forward to Kevin's being home this summer. One hundred and eighteen young women graduated thirty years ago; the Class of '64. I remember the names but who were all those plump (except for two or three) and prosperous matrons assembled for their thirtieth reunion at the Garden City Hotel? I enjoyed both reunions: a mini one that took place at Carmine's on the upper west side early in April with **Mary Hilgeman**, **Mary Nobarini**, **Mary Morgan**, **Ginny Humas**, **Peg Harrington**, **Rosmary Mayer** and me, **Pat Kushner**, and the formal one on April 16th. At the hotel reunion **Sister George Aquin** pointed out again that our class was ever contrary and never did the expected. She was none-the-less glad to see that 16 of us had come to the reunion (although due to a tornado warning, three did not show up). **Mary Morgan**, who insisted that I go, and who, by the way is both slim and exceptionally stylish, and a delightful person, did not herself show up. **Madelene Comisky**, who did show up, and who despite the name claims to be Italian, was a most delightful luncheon partner and made up for **Mary's** absence. **Madelene** claimed right to the end that **Fran Maglione** was going to show up. But I want to set the record straight; **Fran Maglione** never showed up. It was quite delightful to see how smart and perky this group of twelve women were: **Joan Sirica**, **Mary Phelen**, **Helen Flynn**, **Judy Chiess**, **Mary Dolan**, **Mary Jane Graetzer**, **Bobbi Lesnik**, **Carole Marciszyn**, **Connie D'Andrea**, **Kathy Meyer**, **Pat Gisavage**, **Liz Hill**. **Joan** who looked stunning, spoke of yet another mini reunion featuring champagne, pizza and pastry at **Irene Pokowitz'** house, last year. One final comment: if anyone has a current address for **Adela Tozzi**, or **Marga Panny**, please let me know. **Maureen Ryan Mulcahy** reports that 1993 was a great year. Their second grandson, Nicholas Ryan, was born on July 16th and **Maureen** achieved a Master's degree in Special Education. She still teaches second grade in Keansburg, NJ. Next writing I will keep you advised of **Cathy Vesey's** current activities. **Pag Condee's** book *Telling the Truth About History* was reviewed in the March Times Book Review. **Liz Vescey Gemböck** has been selected as one of the top six finalists for "Teacher of the Year" for Guinnett County, Georgia. **Liz** teaches kindergarten, after being an "at home" mom for 26 years. **Eileen Lanigan Nickoloff** had visits last year from two classmates, **Geri Sokol Thompson** and **Barbara Kempczinski**. Eileen is still enjoying Alaska very much and looks forward to more SJC visitors! **Mary Sweeney Vesey's** oldest daughter Michele is serving as a Jesuit International Volunteer in Orange Walk Town, Belize. She is the high

school math teacher. Second daughter, Cleire graduates from the University of Scranton. Letter from the Editor

As responsibility for Alumnagam passes into my hands, I can't help but look back on the accomplishments of Mary Elizabeth Farrell '35. I'd like to take this opportunity to personally thank her for many years of enjoyable reading.

All of us at the Alumni Office are working to continue the standard of excellence that has been brought to you by those who came before us. We are anxious to hear from our readers. Please let us know your opinions on what we are doing and what you would like to see us do.

Research has shown that the most widely read section in every alumni magazine is Class Notes. Your class agents work extremely hard to compile this information. Please assist them and send a note about yourself or a classmate. If your class does not have an agent or if you would be interested in helping the present agents, please volunteer by calling the Alumni Office.

If you are unable to become a class agent, there are other ways you can serve your Alumni Association. Volunteers are needed to organize geographic alumni receptions. This has become one of our most successful new projects. Each reception needs a coordinator to choose a location and accept responses. The alumni office takes care of the mailings and follow-up phone calls. We are presently organizing spring receptions in Connecticut and Massachusetts. Please let us hear from you if you would like us to visit your area. How about hearing from our alumni in California!

Another project that needs volunteers is our First Annual Alumni Golf Tournament to be held on Wednesday, June 28th, at the Breezy Point Golf Course. Any alumni who can secure gifts or prizes, please contact the office. Clare Collins '69 has already agreed to furnish us with some golf balls.

Alumni across the country have been extremely generous with their time and energy. Your enthusiasm and support are evidence of your strong commitment to St. Joseph's. Please accept my sincere thanks for all your efforts. I look forward to seeing many of you at our spring activities.

Sincerely,

Margaret Dwyer Minson '70

SJC Graduates Make Their Mark in the Health Field

Over the years, SJC has developed a strong presence in the health professions. Science majors from both campuses have gone on to medical schools while many nurses from General Studies are accepted to graduate programs across the country.

Our General Studies Nursing Program is growing rapidly in both Brooklyn and Patchogue. The following are but a few alumni who are working and studying in the medical field. We would enjoy hearing from others who are also making their contributions in various medical professions. Please let us hear from you.

The nursing profession has enjoyed a tremendous rebirth in the last several years. The demand for nurses has increased and with this, so has the need for more education. St. Joseph's College responded to this need by establishing a Nursing Program in the Division of General Studies, in 1987. This year, the program is proud to have over two hundred students. Audrey Conley, director of the program since 1986, has watched it grow and expand in many ways, and the increase in enrollment is proof of this growth. She says, "Perhaps the most attractive part of the program is the care and individual attention paid to each student. In GS, the students are counseled and guided on the right paths. For the nursing students, this is important, so that they can follow a curriculum that will broaden their education and knowledge." Ask any students at SJC - whether in GS or Arts and Sciences, and they will all tell you the same thing - the faculty at SJC cannot be beat!!! Through the dedication and determination of the faculty, the students are motivated to achieve and succeed.

Kevin McKenna, a 1990 graduate of the Division, received his BS in Health Administration. Currently the Administrative Nursing Coordinator at Maimonides Medical Center, his major area of concentration has always been mental health. Kevin is a native of Monaghan, Ireland, where he was a psychiatric nurse, and is now a graduate psychology student at Long Island University.

Kevin came to GS to get his BS in health administration. "The energy and enthusiasm of the faculty and especially Tom Travis, really inspired me," says Kevin.

Kevin lives in Sunset Park with his wife, Mary, also a nurse at Maimonides in the Intensive

Care Unit. They have one son, Eoin, and are members of St. Catherine of Alexandria parish. They enjoy going to the theater, playing tennis, and are members of The American Irish Nursing Association (TAINA).

In 1993, Mary Varkony graduated with a BSN from General Studies. Presently, she is the Nursing Unit Director of the Intensive Care Unit at St. John's Hospital. Mary hopes to graduate from Columbia University's School of Nursing in the Spring of 1996, as a clinical nurse specialist with a track in critical care nursing. She lives with her husband, John, in Woodhaven, Queens, and is a member of St. Thomas the Apostle parish. When she's not busy studying or working, she enjoys traveling, boating and fishing.

Mary feels nursing is a true vocation. "You have to really want to be a nurse - something inside of you has to want to be a nurse, because nursing is in every aspect of your life. I enjoy the position that I'm in right now, because I can initiate change and watch things grow. I'm glad I had the opportunity to study at GS."

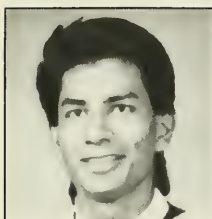

Diane Drake, another 93 graduate from GS, feels strongly about the modern role of nurses. "In these challenging times in the health field, I feel it is imperative that we become the best nurses we can be. My experience at SJC has helped me to integrate and deal with the ethical and moral issues that need to be addressed by the nurse in today's world."

A staff nurse at Methodist Hospital in Brooklyn, Diane is enrolled in Columbia University's School of Nursing, and hopes to finish in the Summer of 1997. She lives in Marine Park with her son, David, and daughter, Rosemarie.

But not all graduates remain in the New York area. Cathleen McCabe Hohner, a 1985 Suffolk GS graduate, has moved on to make her mark in South Carolina. Living with her husband, Jeffrey, and two young daughters, Marissa and Katya, Cathleen was recently named Assistant Dean of Undergraduate Education at the Charlotte campus of Pfeiffer

College. Ms. Hohner's responsibilities include being the chief administrator of the undergraduate programs offered at Pfeiffer, as well as serving on the faculty in the undergraduate health care management program and as an admissions counselor.

Ms. Hohner graduated as salutatorian with a degree in health administration, and has certification in management, leadership, and resource management, and nursing management. In addition to her job at Pfeiffer, Cathleen is also a certified lactation consultant, and helps promote breast-feeding.

From the College of Arts and Sciences, three recent graduates stand out because of their accomplishments. Dr. Zakirul Sabry, from the class of 1989, is in the second year of his internship/residency in surgery at St. Vincent's Hospital. "Zaki" as he was affectionately known to his

classmates, is originally from Bangladesh. At SJC, he was known for his ability to communicate effectively and respond to each new experience with integrity and balance.

As an undergraduate, Zaki gained personal experience in the medical field through volunteer work in the emergency room at Maimonides Hospital. His leadership ability was evident in the fact that he was elected president of the Science Club; he organized the annual blood drive as well as field trips to places of scientific interest. Senior thesis research in biochemistry at City College of New York provided Zaki with a valuable opportunity to broaden his scientific abilities and successfully complete the baccalaureate degree in chemistry.

After two years at St. George's University School of Medicine in Grenada, Zaki transferred to the New York Medical College at Valhalla; he earned his degree in June, 1993. Although it takes years to become a qualified surgeon, Dr. Zakirul Sabry has the motivation and strength to meet this challenge with equanimity and enthusiasm.

Dr. Lisa Kump, also a graduate of 89, is currently at New York Hospital, Cornell Medical Center, where she is in the second year of internship/residency in Obstetrics/Gynecology. Lisa, a Presidential Scholarship student at SJC, is an outstanding model for those who must combine a

busy professional schedule with a number of other responsibilities.

At SJC, Lisa combined a major in chemistry with involvement in a number of activities which indicate her versatility and dedication to the service of others. She spent many hours tutoring her peers and also served the science faculty as a laboratory assistant in college courses as well as in a Saturday program for secondary students.

Lisa was accepted into the Health Science Center of the State University in Brooklyn (formerly Downstate Medical College). Before her graduation in June, 1993, Dr. Kump earned honors in obstetrics/gynecology and was accepted into this area of medicine at New York Hospital. Lisa returns to St. Joseph's College at times when she can be of assistance to undergraduates who are inspired to pursue careers in medicine.

Dr. Joseph Portoreiko, class of 89, is currently pursuing a rotating internship in Osteopathic Medicine at Brookdale Hospital Medical Center.

He combined the challenges of a baccalaureate degree in chemistry with his extensive experience in the Ridgewood Volunteer Ambulance Corps.

A summer research fellowship at the Lovelace Biomedical and Environmental Research Institute in Albuquerque, New Mexico, provided Joe with the basis for a noteworthy senior thesis in biochemistry. His outstanding record during his first year at the New York College of Osteopathic Medicine resulted in a fellowship award covering the remainder of his medical education.

St. Joseph School, Bathgate Avenue, is searching for graduates from the parishes elementary school for a reunion on June 17, 1995. Call (718) 583-9432 or fax (718) 299-0780.

SJC ANNOUNCES FORMATION OF PLANNED GIVING SOCIETY

The College has established the Aquinas Society in recognition of alumni who have indicated they have made provision for SJC through planned giving vehicles. Anyone who notifies St. Joseph's College that they have included the College as a beneficiary in their will, annuity contract, charitable remainder trust, insurance policy, or other form of estate planning will become a member of the Aquinas Society. Members will receive a certificate in recognition of their generosity and will be invited to an annual reception in their honor. In addition, their names will be listed annually in the President's Report.

It was not difficult to determine a name for this prestigious group of donors. The Aquinas Society brings to mind St. Thomas Aquinas, a scholar known for academic excellence and the pursuit of truth...qualities we at the College hold very dear. Also, the name honors S. George Aquin, President of SJC, whose dynamic leadership has brought the College to this high point in its history and whose vision will ensure its pre-eminence far into the future.

An ad hoc committee of the Board of Trustees is currently working with financial advisors in preparing a wide array of plans and programs in planned giving which will be announced in **245/255, Alumnogram**, and other mailings. Watch for information on how to preserve assets, increase income, lower taxes, and thus provide financial benefits to you, your heirs and the College as we all plan for the future.

YOUR BEQUEST TO ST. JOSEPH'S COLLEGE WILL ALLOW FUTURE GENERATIONS TO GROW...

As you develop your estate plan, your will may become the centerpiece of your loving remembrance of family needs and charitable intent.

A bequest to St. Joseph's College is a tangible expression of your dedication to the intellectual and spiritual values inherent in our educational tradition.

THE AQUINAS SOCIETY...
Please notify us if you have included St. Joseph's College in your estate planning...as a beneficiary in your will, annuity contract, charitable trust, or any other planned giving vehicle.

You will become a member of the newly-formed Aquinas Society and receive a beautiful certificate expressing appreciation for your generosity.

FOR OUR BROTHERS

Tom MacVenn

About a year ago, my brother Ted invited me to join him and his family on a trip to Luneville, France. The occasion was a reunion of the 324th Fighter Group to commemorate the French Liberation. I invited **Claire MacVenn Dillon '51** to

join us. Her brother Tom, who had been killed in France during the war, had been buried in E'pinal for four years before being returned to the United States. Claire always wanted to know where Tom had died.

On March 3rd of this year my brother passed away. I was now totally determined to return to France for him and to attend his reunion. Claire and I began a journey for our brothers; for the one who returned from the war to enjoy a full and happy life and for the one who died in France at the age of nineteen.

The French people showed their appreciation to their liberators with moving celebrations and ceremonies. For me, it was a touching recall of names and places that Ted wrote about in his letters and reminisced about after his return. For Claire, the

goal was E'pinal. Upon arrival and after investigation, we learned that Tom was killed on the battlefield in Moselle Valley, with the 7th Army. Tom died only an hour away from where

Theodore S. Kozlowski

my brother Ted was operating with the "324th".

Claire and I know each other for forty years. We shared college, our professions, births of children and grandchildren...and now this. The trip to France was a unique experience for both of us. Claire now knows where Tom died. There is finally a closure of her loss.

For me, I fulfilled Ted's dream and had the opportunity to see a memorial to my brother in the church of St. Jacques in Luneville. It reads, "Theodore S. Kozlowski, who loved God, his country, his family and his buddies of the '324th'."

WOMEN'S BASKETBALL IS BACK!

About ten years ago, after a long and proud history, St. Joseph's College women's basketball team ceased to exist. Gradually, interest had diminished until it was too difficult to field a team.

In keeping with the College's strong commitment to athletic programs, major renovation of the Brooklyn athletic facilities has just been completed. The men's and women's locker rooms have been refurbished and a new gym floor has been installed... exercise equipment has been brought into the locker room and new equipment has been added. The facilities are ready for action...and the women are ready to play.

Recently, a determined group of young women went to the administration and convinced them to bring back the women's basketball program. We applaud this effort to bring back the women's team and we wish them every success.

Thomas Flahive has been named as the women's coach. A 1975 graduate of the College, he was captain of the first men's basketball team. His wife, Virginia McCullough Flahive, together with her two sisters, Betty McCullough '74, and Eileen McCullough Wihlborg '77, played on SJC teams in the '70s. Our '95 team is playing a 13 game schedule with teams such as College of New Rochelle, SUNY, Old Westbury, Yeshiva and Stevens Institute of Technology. We invite you to watch our new team in action at Bishop McLoughlin High School on February 4, 1995, at 1:00 pm, where they will take on Stevens Tech. For further information, call (718) 636-6800.

We made every effort to list the names of all our SJC Varsity captains. Please let us hear from you if you can help us complete our list.

As part of the St. Joseph's College experience since the early 1920's, women's basketball had contributed much to the wholeness of SJC students and alumni.

FOR YOUR INFORMATION

1922-23 - Bishop Molloy obtained a conveniently located gym and basketball court for SJC.

1939 - St. Joseph's defeated Manhattanville for the first time in 13 years.

1947 - Varsity played 8 games - had one of its most successful seasons.

1963-1966 - St. Joseph's College record was 33 wins and 2 losses.

"We knew we were in the presence of a saint." Those are the words of Sister Alice of Rosary Hill, Hawthorne, in describing the scene of Kathryn Fry Lynch's last moments as the sisters and clergy prayed at her bedside. Kay died on August 23rd and was buried from Our Lady of Angels, in Bay Ridge. Fr. Calder celebrated the Mass. My son, Fr. Keith Fennessy, was honored to be a celebrant at the Mass. Mary Whelan Phelan, her husband Buddy and I attended. A beautiful party for the Golden Alumni on September 18th was attended by Marie Furey Boyce, Anne McCormack Fennessy and Mary Whelan Phelan. Having students as hosts and hostesses made the event so gracious and enjoyable. It was a pleasure to see Genevieve Archipoli Kelly, Zita Hawkins Stoddard and Margaret Reilly Parker. We were delighted to be invited by Helen Caughlan to her beautiful home on September 21st for a Mass in memory of our deceased members. The Mass was celebrated by Helen's son Fr. John Worthley. Those of '32 who attended were: Claire Smith, Gertrude Unser, Mary Whelan Phelan and Anne McCormack Fennessy. Special guests, also St. Joseph's Alumnae, Marguerite Doyle Ticho '30, Margaret Ferry Healy '31, Mary Elizabeth McLoughlin Farrell '35 and Marjorie Parker Smith '37. We are much indebted to Mary Elizabeth for her many years of devotion and service as Director of Alumni Relations. We also thank Marjorie Parker Smith for that

beautiful profile of Irene Parker Parks, her sister. We thank Margaret Kenny for her unconditional love and generosity. Marge has had a long tedious health problem but is now looking forward to a positive conclusion. We send her our heartfelt sympathy on the death of her sister, Rose Ann McElivain. Frances Diekert Rebele has had a bad year healthwise. Margaret Lenhy Hinchey wrote her regrets: "The trip is long, my car is old, and so am I". Gladys Worthley was hoping to come up from Maryland to be present at her nephew's Mass but the venture was complicated. Another loyal attendant, Mary White Kearney, was unable to join us because of the illness of her husband John. We missed Mildred Hines Ryan who was unable to come. In a telephone call Christine Barton explained that it is difficult for her to get out much. She spoke of her enduring friendship with Madeline Kendall Friel. Madeline said she would attend Mass on September 21st and would remember all our deceased members. She particularly mentioned Kay Frey Lynch. Madeline's son Michael is Associate Dean of the University of Florida at Gainesville and directs the Master's Program in Taxation Law. Her grandson, 11 year old Jonathan, had a part in a local production of "The Sound of Music". But, most gratifying to Madeline was the awarding of two scholarships in her late husband's memory at Western Connecticut State University. John Friel was deeply involved in education and assistance with scholarship. His many friends resolved to honor him with these scholarships. We were glad to hear that Kathlyn Ansbro Wurts has regained her strength after serious heart surgery. She and her husband Ed are planning a trip to California to spend Christmas with their family. On a cheerful note, we still have a world traveler in our midst: Gertrude Unser is in Europe on an opera tour. The Fall Luncheon at the Hudson River Club on October 29th was a gala.

The group had its semi-annual luncheon at La Grange on October 17th. Rita Bopp Mahoney's grandson graduated from Mt. St. Mary's Emmitsburg and her granddaughter has been accepted in the Honors Program at the University of North Carolina at Chapel Hill. Elizabeth Schaefer Dalton announced her granddaughter Mary's engagement. Elizabeth is an extra-ordinary minister. Bobbie Owens Miller is still singing and dancing in reviews and active in the Catholic Daughters. She is enjoying the spacious addition to her son's home and the pleasure of watching his little ones mature. Evelyn Harris Martin's daughter, Dr. Evelyn Martin '66, shepherded her to the luncheon and we had the pleasure of renewing her acquaintance. Joe Ford Scanlan joyfully announced her grandson had just entered

the University of West Virginia. She is expecting to move to Pennsylvania soon. **Geraldine Young Murphy** is awaiting the addition of two new members to her clan. **Irene Costarino Sarro, Rose Brown Clarke, G. Y. Murphy** and I were the only representatives of our class at the Seniors reception. I would appreciate it if the members of '33 would update addresses and let us know how they are persevering.

The class of '34 can be proud of its contribution to the traditional class gift from the jubilee class. One of the alumni, in addition, to her own personal gift, gave a donation in memory of **Dorothy Dempsey Savarese** and a second in honor of **Sister M. Domitilla**. To our disappointment, none of the nuns who had been our classmates were at the 60th jubilee luncheon: **Sr. Rita Doherty** is ill at Maryknoll Residential Community. **Sr. M. Domitilla (Mary Dirig)** writes from her Benedictine Convent in St. Louis of the joy her vocation has brought her: spending hours of adoration before the Blessed Sacrament. **Vivienne Kelly Devlin** ran into "**Mickey**" **Kiernan** in Smyrna Beach, FL. She spent last Christmas in Madrid where her son-in-law married to her youngest daughter is posted. Her oldest daughter is married to a professor at St. Joseph's College in Patchogue. Her oldest son-in-law (a retired Army officer) has been in New Guinea on assignment for the State Department. Her oldest grandson is a freshman at the University of Delaware and her youngest grandchild is about a year old. Another grandchild was expected in September, bringing the total to nine. **Margaret Langdon McDermott** lives in Garden City and celebrated her 80th birthday last year with a trip to England on the QE 2. She spends time visiting her daughters and her three grandchildren ages six to ten in New York City, Delaware, and NJ. **Muriel Hottenroth Magenheimer** still lives in Glen Cove. **Christine Kavanagh Daly's** daughter Anne has three children, James at Dartmouth, Amy at Georgetown, and Daniel in eighth grade. Daughter Patricia is Creative Service Manager for ABA. **Dolores Ansbro Gerathy's** son, a Colorado dentist, is getting married. **Agnes Brown Drummond** is now living in an adult care residence in Catonsville, MD. Her five children are all doing well: a Vice Principal at St. Mary's Manhasset; a chairman of the philosophy department at Mt. St. Mary's, Emmitsburg, MD; a psychiatric school worker; a school teacher; and a paralegal. She has seven grandchildren, one of whom is married to a pediatrician and lives in Rochester. One of her twins reports that **Katherine Reilly McHugh's** husband died four years ago and that **Katherine** herself is now living in a nursing home and is suffering from Alzheimer's. **Mary McLernon Loughlin** has spent weeks in a Long Island Hospital hav-

ing a hip replacement. She is now home and happy in the recent birth of her second granddaughter.

Mary Elizabeth Farrell and her youngest daughter Liz flew to California last August. Together, with her daughter, Mary E. drove up the Pacific Coast and toured the Getty Museum, Hearst Castle and more. In San Francisco, they met with her twin sister's two daughters. On her return to the east, Mary E. spent the rest of the summer in the Berkshires. **Edna Brennan Maloney** tells us that she has been trying to get in touch with **Helen Brown**, without success. Edna was also able to get to a Mass for our beloved **Msgr. FitzGibbon. Mary Whelan Phelan '32** was also at the mass. **Kay Allen**, who is Treasurer of the Ladies of Charity, recently attended a luncheon for this organization, at the Waldorf Astoria with her sister, **Eileen Allen '40**.

Dot Delay, her sister **Ruth**, and **Alice Hagan Finnerty** attended the Fall Luncheon, on October 29th. **Betty Pyne Dunleavy** reports, "I celebrated my 80th birthday this month with several small gatherings sponsored by my daughter, granddaughter and friends. God Bless you all!" **Dolores Pyne Dunleavy, 335 East 32nd Street, Brooklyn, NY 11226 718-462-7457**

We join in prayer, with all who knew him, for a much beloved **Msgr. FitzGibbon** who died in September. He was a dedicated professor and a gentle man. **Rita Wood Rague**, who lives in Delray Beach, FL near where **Msgr. FitzGibbon** spent the last years of his life, characterized him as a "sweet and simple man." **Frances Young McCarthy** has been volunteering for twenty nine years at St. Agnes Hospital, White Plains, NY. She is currently on the Board of Cardinal McCloskey Family Services. She spent a week, visiting **Mary Twigg Connors** and her husband Francis who are living in Hilton Head. **Eileen Brennan** missed the Golden Graduates Reception this year since she was spending time in Italy. **Gertrude Neufeld Walsh** recently moved to Leesburg, FL. We received notice that her husband Tom passed away as a result of a heart attack. You can contact Gertrude at 35 Key West Dr., Leesburg, FL, 34788. The trip to the mountains of Colorado that **Margaret MacGillivray Seidel** and **Otto** made this summer proved most enjoyable. They're also celebrating their 50th wedding anniversary this year. **Marge Laux O'Reilly** visits her

family in the Washington, DC area. This summer she traveled north and joined a Canadian cruise. **Marjorie Parker Smith** keeps busy at her job with station WABC. She and her son Kevin, have been assigned a job at the finish line of the New York Marathon. Please drop us a line and tell us what's going on in your busy lives. We'd be most grateful.

Please keep **Helen Dolan**, who died on June 30th, and **Peggy Magee Buckley**, who died in April, in your prayers. **Norma Strans Slater** and **Frances McLoughlin Reilly** were at the Golden Graduates Reception at the College in September. **Norma Straus Slater's** grandson David recently traveled to Washington, DC to participate in the National Young Leaders Conference. David is presently a member of the Lead or Leave, the largest non-partisan youth advocacy organization in America. He is in the "Who's Who in American High Schools" for the second year. Norma went to Houston to visit her son Graham and his family; while there, her granddaughter Kristin's soccer team won the state championship. **Marita Egan McNeill** and her husband Neil were "Elderhosteling" for two weeks in September, in Myrtle Beach and Georgetown, SC; they then spent a week in the Shenandoah Valley; then to Monticello, Ash-Law Highland and more. Back on Long Island, Marita and Neil take day trips to museums in New York City. **Fran Kelly** spent the last two weeks in August in Ireland with six of her daughters. They did a ten day tour. Fran spends an hour every Wednesday walking prayerfully with a group in front of a Planned Parenthood Abortion Clinic. Last Christmas **Dorothea Lennon** and her sister-in-law Alice flew over to the Big Island (Hawaii) to the home of her brother Rich and his wife Fran. Dot's brother John died in the spring of '93, but he did live to see his son Tom in his Brigadier General uniform. She had a good schedule of parties this summer. Earlier this year, Dorothea had contact with two St. Joe's graduates: **Cathleen Farrell Walsh, '40** and **Vivian Dunn Gilfeather '35**. **Frances McLoughlin Reilly** had a good summer and fall - her usual trips: to Vermont to see daughter **Peggy Reilly Roehrig, '71** and Fred, Daniel and Tess; to Clinton, NY, to daughter Mary Mathews, and Kevin and their Nora; to Woodstock in apple picking time with son John; and, locally, frequent jaunts to East Islip to Joseph and Maureen (with Michele and Tracy busy in college, Brian a H.S. junior); to Water Mill to Elizabeth and Stephen and their five; and downstairs to Philip, Cathi, Brendan and Meghan. Frances went to the SJC Day at Belmont, where she 'hit' the Daily Double. With Frances at the races was **Rita Pollock Murphy '33**. They both had tickets for November 6th at the Clare Rose Playhouse.

Ellen O'Toole Heckman, with husband Ray, has just returned from an Elderhostel at the Lake Skaneateles Retreat House of LaMoyné College in New York State. Also attending a most satisfactory course with outstanding teachers was **Elizabeth Bressi '39**. Elizabeth would like **Eleanor Fanelle '38** to know that she can be reached at 74 Claradon Lane, Staten Island, NY 10305. Recently, the Heckmans and **Kay Holmberg Schuster** and her husband Steve met for dinner in Sea Girt, NJ. The Schusters are happily settling in at their new home in Greenbriars in Brick, NJ. They still square dance weekly and frequently attend Elderhostels. They plan to soon attend one at the Johnson and Wales Culinary Institute in Charleston, SC. **Eleanor Fanelle** is busy preparing gifts for the craft fair of her church. Despite our most heart-rending appeals to classmates, there are still a core of 38ers who do not respond ever. PLEASE?

Beatrice Hunkele Brennan is the Chairperson of the Education Committee of Women's City Club of New York. **S. Joan DeLourdes Leonard** is presently researching two articles on Brooklyn Catholic History for the Encyclopedia of the Catholic Church in the US which is in course of preparation. **Connie Giampietro Annucci** and her husband Al are looking forward to spending one month in Sarasota and visiting with **Eleanor Nace**. **Margaret Bolton Barsin** visited with cousins Nancy and David O'Brien in Island Park. **Marie Guilfre McLaughlin's** granddaughter Danielle is studying in Brisbane, Australia. Her other daughter took the trip in August, and now her other granddaughter Jennifer is making the trip. A group of '39 thoroughly enjoyed the Fall Luncheon at the Hudson River Club - **Peggy Bolton Barsin**, **Connie Giampietro Annucci**, **Helen Pellegrino Cuscione**, **Marie Guilfre McLoughlin**, **Kay Braithwaite**, **S. Mary Corde Tymann**, **Kathryn Braithwaite** took a trip to Ireland with her niece, her niece's husband and their 3 year old grandson.

Ponsot** has sold her Jamaica house and has an address and phone number available from

our alumni office. **Ruth Drucker**, **Anne Sullivan** and **Kathleen Mulligan** met with other Golden Graduates at the College in September. Kathleen had been to Bulgaria. Later, Kathleen called to say her niece in Florida had been killed in an auto accident. This was Christine Seymour, daughter of **Adele Mulligan Seymour '41**. **Jane Kearney** occasionally types a parish bulletin for Our Lady of Peace. **Virginia Cleary** met **Adelaide Zeng Rach**, **Dot Shea** and **Margaret Mack** for lunch at the Garden City Hotel. Alumni have made contributions to the field of law in many ways. These are but a few of our many graduates who have made their mark in the legal profession.

For the last five years, Katherine McKenna Black has practiced law at her own firm in Carbondale, Illinois, about 300 miles south of Chicago.

After receiving her BA in English from St. Joseph's College in 1957, Katherine continued her education at Southern Illinois University, where she was granted an MS in speech pathology in 1972. Her interest in studying law was a result of her position at the Guardianship and Advocacy Commission where she represented parents with disabled children. Dissatisfied that she could not take her cases to court, she decided to become a lawyer. She received her Juris Doctor from Southern Illinois University in 1986. While in law school, Katherine received the John Rendleman Award and the Lincoln's Inn Award, given for service and leadership to the Southern Illinois University School of Law. Since receiving her degree she has successfully represented clients at administrative hearings in federal courts and in the Court of Appeals.

Presently a member of the Association for Persons with Severe Handicaps, the Council for Exceptional Children and the Learning Disabilities Association, Katherine says that "St. Joseph's allowed me to explore my capabilities."

Katherine is married to George W. Black and has three children; Kathleen Anne, 31 Mary Cecilia, 30 and James Joseph, 28. She is a member of St. Francis Xavier parish and spends her free time reading and enjoying spectator sports.

In 1976, John McGuire graduated from St. Joseph's College with a major in English. While at the College he was President of the Undergraduate Association; he also spent a great deal of time on the basketball court. During his senior year he was selected for *Who's Who Among Students from American Colleges and Universities*.

After graduating from New York Law School in 1980, Jack accepted a position at the Brooklyn District Attorney's Office in the Sex Crimes Bureau. In 1983, he joined E.F. Hutton Company in the General Counsel's office where he was involved in general brokerage litigation. In 1986, Jack joined Oppenheimer & Co. Inc., where today he is a Managing Director and Associate General Counsel. He supervises attorneys handling litigation, arbitration and regulatory matters while providing advisory and counseling services to sales, compliance and senior management. Jack believes that his English major from SJC was invaluable in preparing him to express himself in writing to other professionals.

Jack is married to Connie Gildea '77. They live in West Brighton, Staten Island, with their two children; Timothy, 11, and Katherine, 9, and are members of St. Teresa's parish.

Jack can still be found on the basketball court at SJC, enjoying old friends on Alumni Nite. He says his children think it's funny to see Dad trying to play basketball!

Don't forget the deadline for the Winter '96 Alumnamgram is November 10th!

Rosemarie DeRogatis '68 is a self-employed attorney who lives on the Upper West Side of Manhattan with her husband, Louis Montello. They are members of Holy Trinity parish. After graduation from SJC she received her MS in early childhood education from Brooklyn College. She then went on to earn a certificate in Administration and Supervision of Elementary Schools from Richmond College.

After graduation, Theresa attended Fordham University School of Law, where she received a Medal for Constitutional Law and was listed in *Who's Who Among American Women*. While at Fordham she developed interests in commercial litigation, antitrust law and legal publishing. Theresa wrote an article which won her a position on the staff of the *Fordham International Law Journal*, and was later elected to an editorial position on the journal.

When Rosemarie began to think about studying law, many of her friends and relatives tried to dissuade her with the argument that there were too many lawyers. Feeling that she would acquire knowledge in an area that was unknown to her, she says, "That decision has resulted in a life blessed with happiness and fulfillment." She feels her dedication to study, discipline and achievement, nurtured at St. Joseph's, found its fruition in law school and in her legal practice. Her practice encompasses real estate, corporate estate and contract law. She has been honored as a recipient of the American Jurisprudence Award in estate taxation and contracts.

In 1985 and 1986, Theresa interned at the New York City Fire Department, Hertz Corporation, and Lord, Day & Lord, where she was involved in researching legislation, case law and drafting memoranda. In 1987, while studying for her bar exam, she worked as an Administrative Assistant to the Vice President of the International Bar Association, reviewing articles submitted for publication in the *International Business Lawyer*. After graduating from law school, she joined the staff of Kelley Drye & Warren as an Associate, where she was a commercial litigator. After seven years at Kelley Drye & Warren, she decided to pursue her professional interest in legal publishing, which would allow her to spend more time with her children. Today, Theresa is employed by West Publishing Co. as an Acquisitions Editor. Her responsibilities include developing new legal treatises on New York law; selecting and recruiting authors to write books; editing books; and marketing books in the legal community. She believes that the small classes at SJC prepared her for the Socratic method utilized in law school, which gave her added confidence.

In 1984, Theresa Yard graduated from SJC with a major in history. While at the College, she was President of both the Political Affairs Club and the Phi Mu Chapter of Phi Alpha Beta; she was also an active member of the yearbook staff, Chapel Players and the photography club.

Theresa lives in Massapequa, Long Island, with her two children; Blake, 5, and Erica, 2, where they are members of St. Rose of Lima parish. Her interests include matrimonial law and photography. She is a member of the New York State, New York County, and American Bar Associations. She is also admitted to practice law in the state, federal and U.S. Supreme Court.

Sister Mary Joel Acerno C.S.J. '48 took an interesting route to the field of law. She began her career as a teacher in 1950 at St. Benedict Joseph Labre Elementary School. In 1960, she joined the faculty at St. Joseph's College as a math instructor. She remained at the College until 1975 when she became Principal of St. Clare's Elementary School. After three years there, Sister Mary Joel moved on to become Principal of Holy Child of Jesus. After more than forty years in education, she felt it was time to change her ministry.

In her work as a Eucharistic Minister, Sister was a regular visitor to a woman who had a conservator. This attorney, when inquiring about her client's well-being, sparked Sister's interest in the law profession. She began a paralegal program at Queens College and received her certificate in 1993.

Sister Mary Joel is presently working for Joseph Brintle, doing legal research in the areas of immigration, foreclosure and day-care.

Sister says that "SJC was invaluable in preparing me for legal work by giving me a desire to continue learning, particularly when there was satisfaction and fulfillment in what was being taught."

Sister Mary Joel is presently living in Flushing and is a member of Holy Family parish.

After graduating from the Division of General Studies in 1989 with a degree in Management of Human Resources, LeRoy Robinson received his Juris Doctor from the Seton Hall School of Law in 1993.

LeRoy became an intern with the City of New York at the HRA's Office of Legal Affairs, where he had the opportunity to develop his legal writing skills. Today, LeRoy combines careers with the Yonkers Fire Department and as an associate with Levy and Associates on Wall Street in New York City.

LeRoy has been a firefighter since 1982 and joined Levy and Associates in 1993. His duties there include legal work on medical malpractice, insurance defense and civil litigation cases.

LeRoy is proud of the excellent education he received at SJC. He feels strongly that his introduction to an eclectic mixture of personalities at SJC has prepared him for the daily contact with clients and adversaries. LeRoy Robinson says, "The Brooklyn Campus professors took a personal interest in my development from the first day on campus until my graduation. My counselors and the office support staff were there for me at every turn. For me, St. Joseph's set the academic standards I have come to expect from all other institutions of higher learning."

LeRoy Robinson lives in Harlem with his wife, Pat Mason Robinson '89, and their two-year-old son, Agene Daniel.

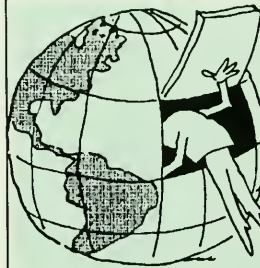

After graduating from the Suffolk Campus in 1988 with a major in social sciences, David Desmond received his Juris Doctor from Touro Law School in 1991. While in law school, David interned with Supreme Court Suffolk County Justice James A. Gowan. David has received the American Juris Prudence Award for civil procedures and real property.

Upon graduation from law school, David accepted a position with Van Nostrand and Martin, Attorneys at Law, in Amityville, NY, where he continues to practice law. He is currently an Associate Attorney. David is responsible for handling commercial/corporate litigation, representing the Suffolk County Water Authority as in-house counsel and managing the firm's legal research library. David practices law in the areas of trusts and estates, elder law, landlord and tenant, real estate and municipal law. He feels that "Professor David Hilgendorf was a primary inspiration to my decision to practice law as a career. The education I received from the sociology/political science program has been invaluable in helping me to understand and address the needs of my clients."

David Desmond lives in Shoreham, NY, with his wife and two children. They are members of St. John's parish in Wading River.

Please submit the names of alumni who are in the field of higher education for the next "Profiles" section.

In Memory of

Sister John Baptist Hull, C.S.J.

To generations of St. Joseph's College students, the words, "My door is always open," will evoke warm memories of Sister John Baptist. As Academic Dean, Sister John greeted each new class of freshmen with that message - intending to reassure them, and give them a sense that they had someone on their side. It seems that the image of the open door provides an appropriate lens through which we may reflect on this extraordinary woman.

Professor of Speech 1946-56
Academic Dean 1956-1969

Sister John Baptist was open to life in all its beauty and opportunities. As a young woman, she responded wholeheartedly to the grace of conversion and vocation; and, especially in her later years, she rejoiced in recalling those special moments of openness to God's love.

Throughout her life, Sister John was open hearted, and open handed - her ability to make friends is legendary, and her loyalty was exemplary. Many could speak of this from their own experience. Her loyalty and affection were expressed in the most practical way - in deeds, at times physically demanding ones - and in a gentle, patient spirit.

Even after her retirement from full time ministry at the College, Sister was very active, tutoring many foreign students - and teaching them much more than proper pronunciation. She also embraced the myriad responsibilities of being treasurer of a large house, and managed to keep it balanced, as well as balancing the books!

One of the most vivid memories of Sister John Baptist is of her in the second pew on the right in the "232" convent chapel. There, she was most open, to the great wonder and delight that she found in hours of prayer before the Blessed Sacrament. There, she discerned that it was time for her to move from the College to Maria Regina - which is, above all, a house of prayer. Sister John was attracted to her new home because here the central themes of her life could be lived most fully in this environment of prayer and loving support. Even as the college community missed her presence in our daily lives, we rejoiced that she was so happy. As we bid her farewell again, we rejoice that she is at home, at rest, at peace.

Eulogy by Sister George Aquin O'Connor

In Memory of

Mary St. John Murphy '24

For four years Mary has been our Class President. Why? simply because we couldn't haven't managed without her. She has directed our affairs quietly but capably, and we have always felt the deepest trust in her leadership.

Mary is one who inspires confidence naturally. She has a very strict sense of duty and a remarkable persistency in overcoming obstacles that interfere with its performance. Tactful, efficient, and dependable, she can always be relied on to manage big things successfully and without ostentation.

Friendliness is characteristic of all Mary's words and acts. No one could be lonely or neglected while Mary is around, for she radiates kindness and good fellowship, and can put the most bashful stranger at ease. Her constant consideration for the feelings of others is as beautiful as it is rare. Mary could be sarcastic, but she believes in thinking over a remark that might hurt and then not saying it. The things she leaves unsaid are a great indication of her power of self control. We could talk about Mary forever and not begin to do her justice, for her character is a mine so rich that we may never hope to exhaust its resources.

COLLEGE TO HONOR ALUMNA AT DINNER DANCE

Dorothy Bloodgood Kennedy '48, the first alumna to be honored at the St. Joseph's College Annual Dinner Dance, will receive the Distinguished Citizen Award in recognition of her civic contributions through volunteer activities. The award will be presented at the Thirteenth Annual Dinner Dance, to be held on Friday, October 20, 1995, at the Crest Hollow Country Club in Woodbury, L.I.

An English major who graduated *cum laude*, Dorothy is an inspiration to all those who have had the privilege to know her, work with her, or learn from her over the years. The mother of five children and grandmother of ten, Dorothy is fond of saying that she has had three wonderful careers - wife, mother, and teacher - and that St. Joseph's prepared her perfectly for each.

In 1949, Dorothy married her high school sweetheart, Bernard Kennedy. Once their children were older, she went back to school and earned a master's degree in secondary education from Hofstra University. For twelve years she balanced her teaching career with her responsibilities as mother and wife. She also found time, and continues to find time, to give back to the community.

In addition to serving on the board of directors for both the American Irish Historical Society and the Long Beach Hospital Ladies Auxiliary, Dorothy volunteers every week at One More Time, a fund raising avenue for the hospital.

Dorothy credits St. Joseph's College with having taught her some of life's most important lessons. "It gave us a marvelous sense of our own worth and taught us the importance of integrity."

We hope you will join with us as we honor Dorothy. Call the Alumni Office at (718) 636-6882 for special alumni tickets.

AUMNA ADDRESSES GRADUATES

Margaret T. McHugh '66 addressed the Class of '95 at the Commencement Exercises of the Brooklyn Arts and Sciences Division on June 2nd.

On this same occasion she was awarded the following degree.

The Honorary Degree of Doctor of Humane Letters

In honoring Margaret T. McHugh, St. Joseph's College is paying tribute to an outstanding alumna, and a dedicated advocate for the most vulnerable among us - abused and battered children. As Clinical Associate Professor of Pediatrics at the New York University School of Medicine and Director of Adolescent Services at Bellevue Hospital, Dr. McHugh works tirelessly on behalf of troubled children both in the hospital clinical setting, and in the political arena.

After graduating from St. Joseph's College, Margaret McHugh went to Georgetown University School of Medicine and earned her medical degree. While a Visiting Fellow in Ambulatory Pediatrics at Columbia University's College of Physicians and Surgeons, Dr. McHugh received a Masters in Public Health from Columbia University, this broad background was a superb preparation for her life-long work of dedicated service.

In her current position, Dr. McHugh works with medical students and young doctors, imparting to them her passionate concern for abused children, and sharing the unique expertise and experience she has gained through her own practice and professional associations. As a member of the Children's Justice Task Force of the New York State Department of Social Services, Chairperson of the Child Protective Services Training Institute of the Family Life Development Center at Cornell University - to name just a few of her affiliations - Dr. McHugh contributes to the advancement of theory and practice in this all-important area.

Dr. McHugh has written the Official Guidelines of the State of New York Department of Health and Department of Social Services for Suspected Child Abuse and Maltreatment; and authored and co-authored a number of articles and abstracts dealing with this issue. She is a recognized and respected leader in the struggle to protect children from abusive treatment, and to provide them with appropriate medical care and emotional support systems.

It is therefore with great respect and esteem that the Board of Trustees of St. Joseph's College, by the power vested in them by the Regents of the University of the State of New York, bestow on Margaret T. McHugh the degree of

Doctor of Humane Letters

DILLON CENTER

60th Anniversary

On Sunday, May 7th, the family of S. Margaret Louise Shea joined the Dillon staff for a mass in celebration of the 60th anniversary of the pre school program and the memory of S. Margaret Louise. The mass was celebrated by S. Margaret's nephew, Rev. Timothy Valentine, S.J. After mass, this group of more than sixty enjoyed brunch in the parlors. Meanwhile, several hundred alumni and friends enjoyed a pictorial display of sixty years of pre school history, prepared by the Dillon parents. S. George Aquin welcomed everyone back and introduced S. Helen Kearney, Educational Director of the Dillon Child Study Center, who gave a history of the pre school program. S. Helen received a standing ovation for her leadership and dedication. S. Alice Francis was presented with a gift from the College in appreciation of her many years of devotion to the children. Also recognized for her generosity was Margaret Mary Wolfe '41, who was instrumental in the redecoration of S. Margaret's office into a parent teacher conference room. In closing, S. George presented a plaque to the Shea family, which will be placed in the "Shea Conference Room" which is dedicated to the memory of S. Margaret Louise Shea, Director of Dillon from 1942 to 1980 and her sister, Mary Shea, Professor of Speech from 1943 to 1980.

She has been visiting in FL and is planning on attending the wedding of her great granddaughter, who is getting married in New Orleans. The Spring Mass and Luncheon provided us with spiritual, physical and emotional nourishment. The homily by Fr. James Sweeney was very relevant, witty and touching. His words about his mother, his greatest model, were most heartwarming. She is **Virginia Hughes Sweeney**, who celebrated her Golden Anniversary. Those who attended from '32 were **Anne McCormack Fennessy**, **Claire Smith** and **Mary Whelan Phelan**. They were glad to have the company of their close friends: **Ann Dolan McBride**, **Marguerite Doyle Ticho**, **Margaret Ferry Healy**, **Zita Hawkins Stoddart**, **Janet Prendergast Vickrey** and **Catharine Wheeler Smith**. **Helen Coughlan Worthley** was unable to attend as she had to be in Connecticut for her grandchild's First Holy Communion ceremony. It was good to see **Claire Smith** back in the mainstream, driving and involved in some of her former activities. We also have a report that **Kathlyn Ansbro Wurts** has recovered from serious heart surgery and is enjoying

life in Florida. By now you have received notification of the death of **Gladys Worthley**. She was buried in Holy Cross Cemetery in Brooklyn. Her nephew and godson, Fr. James Worthley, flew to California to offer a memorial Mass. We are also diminished by the death of Marie Berry who all through the years, was an "honorary member" of our class, attending many of our reunions as a particular friend of **Mary Whelan Phelan**. Our sympathy to **Mary**. We mourn with our dear **Mary White Kearney** the loss of her husband of 53 years. John was a notable attorney involved with the Diocese of Brooklyn, and a former trustee of St. Joseph's College. **Gertrude Unser** spent a few weeks in Toronto visiting friends. **Anne Fennessy** had lunch with Dr. Richard Loughlin, husband of **Laura Brennan Loughlin '31**. Sadly, **Laura** is confined to a nursing home. Dick visits with her every day. A happy note, their daughter, **Lori**, has successfully published two books. The new format of *Alumnamgram* was very interesting. What a pleasant surprise to see the photograph of the 1931 basketball team! Among the dear familiar faces was our own **Frances Dieckert Rebele!** Sadly, **Frances** passed away in May. **Anne McCormack Fennessy** met **Maryann Holzderber Kennedy '70** at the Garden City luncheon. **Maryann's** mother was **Margaret Stewart Holzderber '34**, who was **Anne's** freshman sister. **Margaret** and **Anne** were close during college years, so she was able to tell **Maryann** a little about her mother when she was young. **Maryann** was only ten years old when her mother died. **Anne Fennessy** is planning on having a fall reunion at

her home in Greenwich Village in September. Notices will go out in August. Please make every effort to come to this increasingly more precious meeting.

From the Editor ...

With so many inquiries from our alumni about our current students, I have decided to include a pictorial display on page 13. I hope this will give you an idea of who they are and what they are interested in.

Sherrie Van Arnuam, Director of Student Services on the Brooklyn campus says, "St. Joseph's is still the kind of place that's sensitive to the needs of student life. The majority of our students combine the rigors of academics with part-time employment, yet still manage to have an extra-curricular life. They participate in student government, athletics, and a wide variety of clubs and organizations."

The administration and faculty believe the personal growth of students at St. Joseph's is enhanced by the school's long tradition of volunteer service. Each organization strongly encourages community service, an effort that also fosters a spirit of community at SJC. The Undergraduate Association on the Brooklyn campus fed homeless people on Thanksgiving

morning and participated in the Bright Christmas program of the Catholic Charities Office for Disabled Persons. The sorority and fraternity held a Halloween party at SJC for HIV-infected children. The Child Study Club and Campus Ministry are sponsoring a teen club for the mentally retarded. The Patchogue students participated in the annual "Community Plunge" project at Hope House Ministries, on September 24th. This was followed in October with involvement in the American Cancer Society's Walkathon at Jones Beach. On November 11th, the Campus Ministry joined with Habitat for Humanity to build a house for a needy family in Central Islip.

I am confident that you would be proud of our undergraduates. They are fine young men and women who continue to uphold the best traditions of St. Joseph's College.

PROFILES

MARY BRENNAN MULVIHILL '64

"There are two kinds of people. One kind, you can tell by looking at them at what point they congealed into their final selves. It might be a very nice self, but you know you can expect no more surprises from it. Where as the other kind keeps moving, changing... they are fluid. They keep moving forward and making new trysts with life and the motion of it keeps them young. In my opinion, they are the only people who are still alive."

from *The Finishing School*, by Gail Godwin

Clearly Mary Brennan Mulvihill is one of the second kind of people. When we last profiled her in the Summer '78 issue of *Alumnagram*, she owned a business, *The Better Mousetrap*, that manufactured and sold wooden and canvas furniture nationwide. By that time she had worked as director of customer services at Madison Square Garden for seven years and had earned an MBA at Fordham in 1976.

She didn't even begin her career in higher education until 1980, when she became a lecturer, and eventually associate dean of the College of Business, at Fordham University. In 1994, she became Dr. Mulvihill when she completed her Ed.D. at Fordham.

Mary draws on all of her professional experience in her present job at St. John's University, where she is associate dean of the 4000-student St. Vincent's College, responsible for its day-to-day operations. She also finds time to serve on the boards of the Women's Commission for Refugee Women and Children, of Fordham's University Neighborhood Housing Program, and of the Lower East Side Tenement Museum.

At SJC, she was a debater and president of the student government. She speaks of the "confidence and self-esteem I gained during my four years. The nuns were wonderful role models and supporters of educated and successful women."

Mary is a world traveler and an avid reader, with a special interest in the women who went west in wagon trains in the 1840s and '50s. She is an active fund-raiser in Democratic politics and for special causes, like the Presentation

School, an elementary school in Jamaica. She lives in Bronxville with her husband, Roger, and her three children: Christopher, 22, Kerry, 20, and Susy, 13.

JOAN HINDE STEWART '65

In 1970, Joan earned a Ph.D. in French literature from Yale University, where she also met Philip Stewart, who holds a Yale B.A. and Ph.D. They were married in Cambridge, MA, in 1970.

Joan taught French for two years at Wellesley College, while living in Leverett House at Harvard University, where Philip was on the faculty. In 1972, they moved to Durham, NC, where they have lived ever since. Philip is a professor of French at Duke University, and Joan is a professor of French at North Carolina State University.

For the last twelve years, she has also had extensive administrative responsibilities as

head of the department of foreign languages and literatures at North

Carolina State, which now has about sixty faculty members. Under Joan's leadership the department added the teaching of Chinese, Swahili, Hindi and comparative literature. She has also worked with professional and volunteer organizations, chairing the North Carolina Humanities Council (the state-based program of the National Endowment for the Humanities) from June 1988 to October 1989.

Joan has received the North Carolina State University Outstanding Teaching Award, and has carried on an active research program. Her publications include essays in *Scribner's European Writers* and the *Harvard New History of French Literature* as well as books on the eighteenth century writer Marie Riccoboni and the twentieth-century writer Colette. In 1993 *Gynographs*, a study of eighteenth-century women novelists was published by the University of Nebraska Press, as well as translation of an eighteenth-century novel by Isabelle de Charriere. The latter two volumes, a collaborative effort with her husband and Professor Jean Vache, were the inaugural titles in the Modern Language

Association series "Texts and Translations." In 1995 she received the Outstanding Research Award of the North Carolina State University College of Humanities and Social Sciences.

Joan has had residential fellowships at the Fondation Camargo in Cassis, France in 1979, at the National Humanities Center in 1982-83, at the Center for the Humanities at Wesleyan University in 1990, and at the Maison Suger in Paris in 1994.

In the past five years, she has also held two major fellowships from the National Endowment for the Humanities. Joan's current research, supported by the Endowment, is an interdisciplinary book project on women and aging in the French Enlightenment a subject on which she lectured recently at the universities of Oxford and Exeter. She is studying the ways women of the eighteenth century experienced and wrote about growing old, and the ways in which the aging process related to health, desire and everyday life and work. Joan says, "I am grateful to St. Joseph's for the enduring friendships I formed there (with Christine McArdle Reno, Maryanne Keenan Moller and Kathleen Gordon Cirillo), and I am grateful to my wise and generous teachers: to Ms. Norma Mallia for her discernment and rigor, to Sister John Raymond for her nurturing wisdom, and to Dr. Robert Radus for teaching me to combine the pleasures of acting and the pleasures of French."

Joan's daughter, Anna Faye, is a senior at Haverford College, PA, and her son, Justin, is a freshman at Guilford College, NC.

JOAN MILEY DANEHY '66

Joan was on the "A Plan". One thing she was never going to do was teach. She began her career as a programmer at Abraham & Strauss from 1966 to 1968. In 1969 she joined the American Institute of Physics, in New York as a programmer analyst. This was followed by positions with Avon Products and Crouse Irving Memorial Hospital in Syracuse.

Finally, in 1978, she found that the opportunity to teach at the college level fit in very well with her family responsibilities. She joined the faculty at SUNY Morrisville as an instructor in computer information systems.

While pursuing this new career, she was simultaneously working towards a master's degree in management information systems at SUNY Binghamton. Joan currently holds the position of Associate Professor, Computer Information Systems, at SUNY Morrisville. She is married to Bill Danehy and has two children: Kevin, 32, and Kara Mulaney, 29.

Joan credits her success in the field of computers to a liberal arts education. She remembers grudgingly fulfilling requirements in English and music, while enjoying her courses in math and chemistry. However, she feels strongly that the interests she has today are a result of her exposure to subjects that she would not have chosen to pursue. Joan says, "At SJC, I started to become a well-rounded educated person who knows how to learn." Joan believes her years in teaching were greatly affected by wonderful role models at SJC. She quotes Henry Adams: "A teacher affects eternity; he can never tell where his influence stops."

BEATRICE (Bz) SCHNELLER FENNIMORE '70

Beatrice majored in English at SJC and became an early childhood teacher after graduation. While raising her two daughters, she completed a master's degree in special education at Brooklyn College, a Master of Education in Curriculum and Teaching and a Doctor of Education with early childhood specialization at Teachers College, Columbia University.

During this time, Bz taught at Marymount College and Teachers College. She moved to Pittsburgh in 1985. For the last eight years, she has been teaching at Indiana University of Pennsylvania, where she is now a full professor in the department of professional studies in education. She has also served on the summer faculty at Teachers College.

Bz teaches doctoral, graduate and undergraduate courses in early childhood and elementary education; she supervises student teachers in Pittsburgh public schools and chairs the multicultural ethics committee. She has also written two books: *Child Advocacy for Early Childhood Educators* and *Student*

Centered Classroom Management. In 1991 students at IUP gave Bz the Outstanding Professor Award.

"My experience at SJC was unique and memorable," Bz says, "and it gave me invaluable insights into the critical importance of teaching and learning in modern society. I am grateful to my aunt, Sister Mary Beatrice Schneller and others for their kind encouragement."

In her spare time, Bz has run 11 marathons and frequently races in 5K and 10K events. Her daughters are Sharon, 22, a senior at the University of Pennsylvania, and Maryann, 18, a senior at Taylor Alderdice HS.

THOMAS WENDT '88

As Resident Life Coordinator at the University of Maine in Orono, Thomas Wendt provides guidance, training and leadership for a college community comprised of some 1,300 students.

Upon graduating from SJC's Patchogue campus in 1988, Tom worked in the field of youth ministry for two years before pursuing a career in higher education. His first step was getting his Master of Arts degree from Columbia University in 1991. Since then, he has worked at St. Mary's University in San Antonio, Texas, Syracuse University, and now the University of Maine, where he plans to pursue his doctorate as well.

At St. Joseph's, Tom was vice president of the Undergraduate Association, vice president of Campus Ministry, and a member of Circle K. He was named to the Dean's List for six semesters and was nominated as a candidate for Valedictorian of his class. Looking back, he credits SJC with instilling in him the "conviction and confidence" he needed to face the challenges of life.

"SJC provided me with the personal attention I needed to not only succeed but flourish," he says. "As a professional, I am committed to providing that same personal touch in my daily work as an educator. St. Joe's provided an environment in which I could grow as a student, as a person and as a professional. The respect with which students are treated at St. Joe's was a cornerstone of my work as an adult."

Tom won the 1993 New Professionals Case Study Competition and has received over a

dozen local, regional and national awards for his presentations. He is a member of the National Association of Student Personnel Administrators, the American College Personnel Association and the Association of College and University Housing Officers, International.

Tom is a bachelor whose interests include the theatre, writing, volleyball, cycling, cross-country skiing and gourmet cooking.

NANCY CANGELOSI '89

Nancy Cangelosi was working as a receptionist/clerk in the mid-1980s when she decided to go back to school to pursue her dream of a professional career in higher education. The mother of a young toddler at the time, she enrolled as a part-time evening student at SJC's Patchogue campus. She graduated with a Bachelor of Arts degree in human relations, and two years later accepted her current position as academic advisor in the School of Professional Development and Continuing Studies (SPD) at SUNY Stony Brook.

Nancy is responsible for advising students in the Master of Arts in Liberal Studies and the graduate certificate programs. "My career objective was to work in higher education and SJC helped me achieve that," Nancy says. "SJC's personal approach, high quality of education, and evening course availability contributed to my incentive and confidence in pursuing my professional goals." She recently earned a Master of Science degree with a concentration in college student development and counseling from Long Island University.

Nancy is currently a member of the New York State Association for Counseling and Development, the LIU Counselor's Alumni Network and the University Association. Her professional honors include the Dean's Award for Continuing Education in 1993, 1994 and 1995 at LIU, and membership in the LIU C.W. Post chapter of the Chi Sigma Iota honor society.

Nancy lives in Patchogue with her husband, Tony, and son Jeff, now 10. In her spare time, she enjoys trail riding and taking dressage lessons with her thoroughbred horse, Pepper.

Dorothy Bloodgood Kennedy '48

On Friday evening, October 20th, the College presented its Distinguished Citizen Award to Dorothy Bloodgood Kennedy '48. She became the first woman and the first alum to be so honored. Below, is the moving speech that she delivered to the almost seven hundred guests who were in attendance.

Spring 1943 was not a cheerful time. The depression dragged on, and World War II was at its height. Because of the economic situation of those bleak days, College for me seemed a dim prospect.

That April Sr. Teresa Josephine, my grade advisor at Bishop McDonnell High School, sent for me. "Dorothy," she said, "You have been accepted at Hunter College. "But," she continued, "you are going to go to St. Joseph's College," and she pushed my Hunter application to the back of the desk.

I was speechless. I knew nothing about St. Joseph's, its location, its facilities, its academic reputation, and most of all, its cost. Why would I want to go there instead of to tuition free Hunter? Sr. Teresa Josephine, however, was a No. 1 recruiter. One week later I traveled to Clinton Avenue in Brooklyn, where I toured St. Joseph's, met students and faculty, wandered through the beautiful old buildings, and fell in love with this inner city college that was the nearest thing to a boarding school that I had ever seen.

I wanted to be a part of St. Joseph's, but first I had to go home to see whether my father could afford it. After all, the tuition was \$100 a term. My father and I talked and finally he said, "If you can work part time during the school year and full time during the summer vacation, I think we can do it together." I was thrilled. I made all kinds of plans for the coming year and even into future years, but I forgot to heed a very wise saying, "If you want to hear God laugh, tell Him your plans."

Three months after beginning St. Joseph's in the fall of 1943, I developed pneumonia. In those days of no penicillin or miracle drugs, it was a serious illness. The doc-

tor said returning to school before January was impossible. Upsetting news for me. Beginning again would mean new classmates, changes in subjects, different teachers, and most of all—a loss of the first term tuition money. I would not be able to raise \$100 by February.

I went to see Msgr. Dillon, who was the dean of St. Joseph's at that time. I explained my situation and asked him for advice. Perhaps I would have to put college on hold and return at a much later time.

Msgr. Dillon listened to all the problems and said, "Dorothy, come back and start anew in February. We'll apply the \$100 you paid in September to your new term. Don't worry about it now. Someday you may want to repay the College."

That someday has arrived. This evening is my payment for the all the love, warmth, direction, moral guidance, and intellectual stimulation that the faculty gave to me. Furthermore, the intrinsic rewards of St. Joseph's are priceless.

The friendships that were forged in those years are still an important part of my existence. The strength for me to face the complications of everyday situations was nurtured by St. Joseph's, and the character development that stemmed from our honor system still pervades every facet of my being. Our College motto, especially, gave me the greatest guideline for dealing with life. "Esse non videri"—to be not to seem (to be). Be true to yourself and to your principles.

Tonight, I do not accept this award for Dorothy Bloodgood Kennedy, but I accept it as a symbol of all the women graduates of St. Joseph's College.

St. Joseph's, you have been our guiding light and our mentor. You have made us what we are today — 20th century women, well prepared for and eagerly anticipating the 21st century.

Thank you, St. Joseph's, for everything, and God bless all of you who have made this evening such a great success.

—Dorothy Bloodgood Kennedy '48

TRUST ADOPT POOLED INCOME FUND: THE GIFT THAT WORKS FOR YOU

At its November meeting, the Board of Trustees approved the establishment of a Pooled Income Fund to be administered by Merrill Lynch Trust Company.

Plan Highlights

Purpose of the Fund:

The Fund is a charitable giving vehicle which is designed to:

- provide a lifetime source of income for you (and your spouse, if you direct)
- provide opportunities for tax benefits
- provide long-range support for St. Joseph's College

Gifts to the Fund:

The minimum initial gift to the Fund is \$5,000. Subsequent gifts of \$1,000 or more may be made at any time.

For More Information, write or call:

**St. Joseph's College
Planned Giving Program
245 Clinton Avenue
Brooklyn, New York 11205
(718) 636-6880**

**St. Joseph's College
Planned Giving Program
155 West Roe Boulevard
Patchogue, New York
(516) 654-3602**

HOW THE FUND HELPS YOU

Essentially, the Fund operates like a mutual fund, so that you (and your spouse, if directed) will receive a pro rata share of the income generated by the Fund on a quarterly basis for life. Income level is not fixed or guaranteed; your income will vary according to the actual rate of income earned by the Fund.

In addition, there are advantages associated with participation in St. Joseph's College Pooled Income Fund. Generally speaking:

1. You may claim an income tax charitable deduction for a portion of your gift, depending on your age and current IRS regulations.
2. If your gift consists of appreciated securities, you will avoid capital gains tax on that appreciation.
3. Your gift to the Fund is removed from your taxable estate.

Additional information will be provided prior to your enrollment. Since each donor's circumstances are different, your tax consequences may vary; you may wish to consult your attorney and/or tax advisor before enrolling in this program.

HOW THE FUNDS HELP THE COLLEGE

Upon your death (and/or that of your beneficiary, if applicable) your remaining interest in the Fund will be given to St. Joseph's College to further its institutional mission. If you wish to restrict the use of those funds for a particular purpose (i.e. scholarships, endowment, building programs, etc.) you may do so.

The Board of Trustees
cordially invite you to the

Opening of the New Academic Wing
and the

Groundbreaking for the
Athletic Center

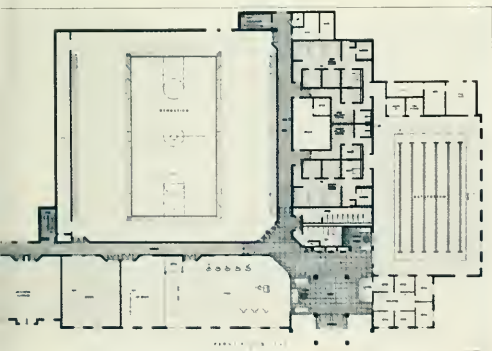

on
Friday, September 22, 1995

on the grounds of the
Patchogue Campus
Reception to follow

At St. Joseph's College magnificent new, state-of-the-art Athletic Center...there will be something for everyone. Student athletes will find facilities for practice, body-building and competition. Others, whether students, faculty, staff, alumni or friends, will find many opportunities for personal fitness training, aerobics, intramurals and club sports. Ground has been broken and completion is expected by late fall '96.

Athletic Center

AT THE PATCHOGUE CAMPUS

As a college in the liberal arts tradition, St. Joseph's has always embraced the ideal of a holistic educational environment which nurtures the development of a "sound mind in a sound body". Therefore, we have always sought to provide a full range of academic programs and athletic activities for our students. Even in the earliest days of our history, SJC's basketball team had an enviable reputation, and in the last few years, our athletics program has grown in leaps and bounds...especially at our Suffolk campus.

The growth of the athletics program is but a part of the astonishing success we have experienced since the Patchogue Campus was opened in 1979. In that short time, our enrollment has increased more than 600%...from under 400 in 1979, to over 2400 in the current academic year. This rapid development inspired us to undertake a study of our present and long-term needs, and the resulting Ten-Year Master Plan is now in the early stages of implementation.

The Master Plan envisions the creation of a beautiful yet functional campus at which each student would find appro-

priate, ample facilities for study and recreation. The interests of our faculty, staff, and alumni, as well as our many friends in the local community, were also carefully considered as we developed a three-phase program for expansion.

Phase I is already completed, resulting in an elegant Academic Center consisting of 8 classrooms, lounge areas, student offices, and a large multi-purpose meeting room. This Center was created in what was our gymnasium, and so Phase II of our Master Plan calls for the construction of a state-of-the-art Athletic Center...with a target completion date of Fall 1996. Phase III incorporates a new Student Center.

Through this construction program, the academic and recreational needs of the whole College family will be addressed and an environment for the total development of each person will be assured. Perhaps, we may even reach the ideal of "a sound mind in a sound body".

Sincerely,
—Sister George Aquin O'Connor

Two Retire From General Studies

Victor Brown's Retirement Party

September 5, 1995

It is wonderful to be here to honor Victor Brown and celebrate with him on the occasion of his retirement.

Victor began in the fall of 1976 as Lecturer in Health Administration. From there, he was promoted to Preceptor and then to Assistant Professor. He was later appointed to Coordinator of the Department of Health Administration in March of 1983 and was subsequently designated Department Chairperson.

In his leadership capacity, Victor devoted himself to developing innovative and exciting curricular and extra-curricular activities. For example, Victor was tireless in his effort to provide non-credit seminars on current topics germane to the health field. Victor was also ever-ready to go out to area hospitals to establish off-campus extension sites, recruit new students, and teach the gerontology certificate to health professionals.

A project close to Victor's heart has been bringing the Rockaway Review to St. Joseph's. Victor initiated two fundraisers which showcased this musical group from the Rockaway Senior Citizens Center.

Victor's signature contribution, however, involved his field

■ Mr. Brown relates to students extremely well and encourages students to express opinions

■ Mr. Brown has once again brought to this course a wealth of experience—he is an excellent instructor who is extremely knowledgeable and resourceful

■ He widened my viewpoints to the care of and concern for older people in today's society

Victor, thank you for your contributions, and good luck with your retirement.

—Thomas G. Travis, Dean

Suzanne Trappier's Retirement Party

November 29, 1995

Dear Suzanne:

You are so much a part of the St. Joseph's family that it is hard to think of a time when you were not here. But, obviously, there was a date that saw your arrival: and it was the fall of 1980 when you began taking courses at the College.

While still a student, you were asked to come on board part-time as a recruiter. And immediately following your graduation, we prevailed upon you to join us in the capacity of Admissions Counselor.

Thus began your career with us—a thirteen-year time frame that saw you promoted to Coordinator of Student Services. In addition to student advisement, you recruited

Suzanne Trappier

ed at sites, conducted Graduate School exploration Days, coordinated the Division Advisory Council, and were present in the cafeteria nights and weekends, sitting at your corner table serving as a vital connection among students, faculty and staff.

Each spring—as daffodils and forsythia bloomed—you would burst forth with raffle

tickets. Blessed be, did you ever sell a lot of tickets, a task that raised hundreds and hundreds of dollars for the College. This knack for fund raising also extended to phonathons. A rough calculation shows that through your plodding, over the years we raised approximately \$35,000 for the College.

And then there were the galas—the student dance in “245,” graduation gatherings at Prospect Hall and the Spring Celebration at the Caroline Pratt Mansion. While working at SJC, you went on to earn a master's degree in education, guidance, and counseling at Brooklyn College. Following receipt of this degree in 1991, you began teaching for St. Joseph's—notably as part of a funded program to offer college courses at the Marcus Garvey Head Start Center

and at the Community Parents' Head Start program. Thus, academically speaking, you came full circle, from adult student to teacher of adults.

Suzanne, you have done much for us over the years: in the big things as I've indicated above, but also in the small things that have kept us together as a family in Lorenzo Hall.

You are a good person, kind and compassionate—always concerned about others and ever ready to bring peace and love into our midst. For this, above all, we will miss you. We are deeply thankful for all that you have done, and truly grateful that you will still be with us a loyal and dedicated member of the alumni.

God bless you,

—Thomas G. Travis, Dean

The twins made a "first down" in August. They requested "no big celebration" (they still are not over their 85th) so Katherine Normaile Mylod received a huge book of memory messages from each of her 59 descendants. Some were funny, some were beautiful, some historical, some hysterical...all were loving! This book is a treasure. Of the 59 mentioned, two are twin granddaughters. They are the fourth generation of twins in her family. Margaret Normile McLoughlin received a calendar of the 90 days preceding the birthday. Each space had a tiny picture of one of her descen-

dants who contacted her on that day. The contacts were in great variety - calls, letters, cookies, pictures, poses, funny reminiscences...all wonderful! Now please send some news items for our next issue. Please?...Blessings!

Mary Glynn Beagan, Rosemary Christmann Casey, Yolanda Di Milta and Annette Nolan carried the ball for our class at the Golden Graduates Reception at the College on September 24th. Annette Nolan met with her Freshman Sister, Babette Harper '45. On October 16th, Sister Anita Rosaire Paglia, CSJ and Annette Nolan were among those present for the Founders Day Lecture. Lyn Sutherland McKenna and her husband spent July "Smorgasbord-ing" in Sweden, Denmark and Norway. In December, Annette will be off to Japan and Hong Kong. Since we all seem to be becoming gypsies, how about sending your class agent a postcard when you're away on your trip? Sylvia DeFine Covino sold all of her horses and closed down the business of showing them. She has taken up some special interests of her own. Sylvia is now attending an art class each week and is sketching. She is also part of a senior chorus. She is an officer in her county grange and all in all Sylvia is keeping active and broadening her world. Terry Kane Corsa and Eleanor Grennan followed up their appearance at the Spring Luncheon by coming out for "A Day at Belmont." September also saw our induction into the Golden Graduates Society. The parlor of "245" was the setting and Janet Blessing, Eileen Kelly

Daly, Betty Dudley, Babette Harper, Margaret Jokiel Joyce, Eileen McDermott Ott, Marie Maddock Turner, Mary Collins Hanrahan, and Clare Bauch were on hand to receive the certificate of membership and pin from Sister George. Five members of January '45 – Helen Golden Brown, Magda Crowe Boylan, Betty Dudley, Peggy Meagher Lundeberg, and Clare Bauch – had a reunion in Greenville, NY for three days. Magda and Peggy's spouses also attended, as did Bill Schoen (Pat Brown's husband) and Mary, Betty's sister. The Fall Luncheon at the Plaza Hotel brought out Janet, Eileen, Betty, Margaret Jokiel Joyce, Edith Voelker Piazza, Grace Olsen Egan and Clare. Eileen was especially honored by being invited to be part of the offertory procession at the Papal Mass at Aqueduct Raceway. She spoke with Pope John Paul II and received a pair of rosary beads from him. Edith has been traveling in the South and West and honing her tennis skills too. Her daughter Terri is in her last year at the Northeastern School of Law. The phonathon brings some news also: Miriam Kelly Chaplin is recovering and hopes to be at the next get-together; A. Dolores Hughes teaches at Hofstra University and just hosted her mother's 95th birthday party; Jeanne Dwyer McPike has "settled in" down in North Carolina to be near her two daughters. Patricia Dunne LaRocca and her husband Tom celebrated their golden wedding anniversary on August 4th, and their eldest grandchild was married on August 5th. Please keep in touch! Clare T. Members of our class were among the many people who attended the SJC Dinner-Dance honoring our classmate **Dorothy Bloodgood Kennedy**. **Dorothy** spoke movingly of her experience as a freshman at the College, when illness forced her to withdraw from class. She told us of Msgr. Dillon's kindness to her at that time and how her participation (along with that of her husband, **Bernard**, and her family) was actually a return to the College for the kindness and understanding she received at that time. The evening was a splendid affirmation of all that **St. Joseph's** meant to **Dorothy** and to all of us who shared that experience. It was a wonderful evening which all who attended enjoyed. A thank you to all the generous members of our class who contributed to the advertisement which we placed in the Dinner-Dance Journal. A Letter from the President...

Dear Graduate:

What a response! St. Joseph's College grads never cease to amaze me... and as always... never disappoint me.

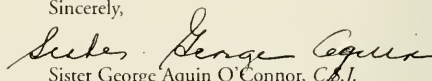

My recent letter to you concerning the alarming decrease in alumni participation in the Annual Fund has sparked an overwhelming show of support from each generation of alumni.

Your generosity continues to flow in daily in the form of letters, contributions, phone calls, and offers of volunteer help.

The result of your efforts are still being tallied and will be reported in the 1995-1996 President's Report scheduled for publication this Fall.

I appreciate your continued generous support. Be assured of my deep personal gratitude and of my continued prayers for you and all you hold dear.

Sincerely,

Sister George Aquin O'Connor, C.S.J.

President

MARGARET HARRINGTON '64

In 1990 Margaret Harrington's career reached its present station -- as superintendent of all 33 Queens public high schools, responsible for 70,000 students and 4,000 professional staff.

That path began in the early '60s at St. Joseph's. "My peers in college were not in education; I had to defend my choice of teaching as a career constantly," Margaret remembers. "I chose high school teaching because I wanted to teach, not because it was acceptable. That argument prepared me for many discussions that would ensue over the next 30 years."

For the next 13 years she taught social studies, then became assistant principal of Curtis High School in 1977, then principal of Port Richmond High School in 1982. She achieved the Ed. D. from Fordham in 1991, after receiving the M.A. at Brooklyn in 1966 and the Ph.D. from the College of Staten Island in 1976.

Margaret has won more than a dozen professional honors, including Educator of the Year awards from the Catholic Teachers Association, the Association of Teachers of New York, and the Emerald Society, and the Irish Woman of the Year in 1996 from the Irish-American Heritage Committee.

As an SJC student, Margaret worked in the library, was yearbook business manager for two years, and was in Sing. "SJC was all female in the 1960s," she says. "This provided a support to me and my classmates. Free-ranging, thought-provoking discussion, intellectual arguments, great sharing and personal and professional development over time was tied to my peers and our involvement with one another, but also to the academic stimulus provided by our teachers. For me, Sister Joan DeLourdes and Sister Joseph Damien provided an intellectual framework for discussion which still informs my thought process today."

Margaret reads a lot in her spare time, and is now writing about her professional practice. She also spends time carpooling and talking to the friends of her 13-year-old daughter Jessica. Her husband is Mel Hardin.

NANCY MULHOLLAND BROGAN '69

Since 1992 Nancy Brogan has been principal of the 1400-student Ditmas Intermediate School 62 in Flatbush, Brooklyn.

A former New York State Teacher of the Year, with a similar award from the Catholic Teachers Association, Nancy started out at Junior High School 136 in 1969, shortly after graduation from St. Joseph's. In 1976 she took time off for maternity, caring for three daughters, and didn't resume her career until 1982. She was promoted to assistant principal at IS 14 in 1986, before taking over at IS 62. Her current major project there is school-wide restructuring through the Annenberg network.

Nancy pursued graduate degrees at Brooklyn College, earning a master's degree in 1972 and a professional certificate in 1985. She credits her SJC experience as "a constant source of inner strength in dealing with difficult personal and professional decisions affecting the lives of others. I am extremely grateful for this special faith."

Nancy lives on Avenue P in Brooklyn, with her three daughters, Kelly Anne, 22, Kathleen Patricia 20, and Jamie Marie, 17. Her interests away from the job are tennis, golf, swimming, reading and parish service.

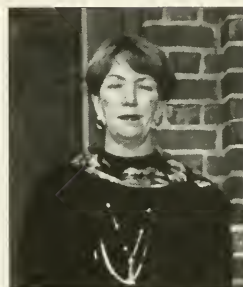

MARY BUTZ '69

Mary Butz, like the other alumnae educators profiled here, began teaching right after graduation from SJC in 1969, but her path led in an unusual direction--to founding and running Manhattan Village Academy, one of the city's new, small high schools.

For Mary the first step after college was teaching social studies at New Utrecht High School in Brooklyn, but there were also activities outside the classroom, assisting the dean and the chairman of social studies, and directing student affairs. The New Utrecht stint ended in heartbreak, when the fiscal crisis of 1975 forced her to change schools.

But the change--to Edward R. Murrow High School--turned out to be a blessing. Facing the challenge of being one of two females in a department with 25 males, she stayed for 13 years, becoming assistant principal of social studies and eventually finding her way in staff development.

In 1988 she left Murrow to join the UFT Teacher Center, and went on to the Queens high school office in 1989 to direct staff development, where she soon began working for fellow alumna Margaret Harrington (see Profile, page 1). In 1991 she worked for the American Federation of Teachers in Washington, D.C., traveling to train teachers in such newly democratic nations as Poland, Lithuania, and Nicaragua.

In 1993, starting from scratch, Mary founded the Manhattan Village Academy. She thought up the name, selected the staff, recruited the students, chose the building on West 22nd Street, helped the architect design the school, and developed the PTA. The school now has three grades and 220 students; in September it will have all four high school classes.

Mary is another alumna who appreciates St. Joseph's all-female environment in her student days. "I am also grateful that I attended a Catholic college; it provided me with a sense of commitment to my faith and warm, wonderful memories of a world filled with laughter and innocence--a world that is rapidly fading."

Mary received her M.A. in 1972 from Brooklyn College and has completed all but the dissertation in the doctoral program at Teachers College. In 1985 she was chosen as a Kellogg National Fellow, an honor that enabled her to visit and study schools all around the world. Mary enjoys cooking and collecting wine.

KATHLEEN LAVIN '72

Another principal in this group of alumnae educators is Kathleen Lavin, who since 1993 has been in charge of PS 177, an elementary school on Avenue P in Brooklyn, which she considers the most challenging assignment of her career. She recently received a state grant for multicultural edu-

cation at the school, well suited to her highly diverse student body.

She started out after graduation in 1972 at Our Lady Help of Christians in Brooklyn, teaching learning-disabled students at PS 52 in Sheepshead Bay in Brooklyn, becoming "learning specialist" in 1982 for a program to "mainstream" learning-disabled children into regular classes. In 1986, she was appointed assistant principal of PS 119.

She earned master's degrees at Staten Island and Brooklyn colleges, and a Professional Diploma (1988) and a doctorate (1992) from Fordham. She has also begun teaching part time at the College of New Rochelle. She collaborated with her sister, Claire Lavin SJC '62, on presentations of research on "Women in Administration" in Boston and at Trinity College, Dublin.

Kathleen belongs to the Association for Supervision and Curriculum Development and the Elementary School Principals Association.

MARY ANN CHIOLDI ZAPPETTI '82

Mary Ann Zappetti's life changed when she decided to return to school after many years and enrolled at St. Joseph's Suffolk Campus. That was in the late 1970s. Today, she is still in school--the Blue Point Elementary School, to be exact--but as the principal.

Asked about SJC, Mary Ann, a 1982 graduate, wrote: "'Look with favor on new beginnings' (Anonymous, Ancient Greece.) Attending SJC was a new beginning for me, and I have always attempted to live life as a challenge, not to be frightened by change, and to enjoy each day."

A psychology major, Mary Ann began her career as a school psychologist in 1985 in the Bayport-Blue Point Schools. In addition, she served as assistant chairperson of the district's Committee on Special Education and chairperson of the Committee on Preschool Special Education, a position she still holds. In 1991, she was appointed principal of Blue

Point Elementary.

Mary Ann and three teachers at Blue Point presented a workshop on inclusive education at the New York State Education Conference in May, 1995 and developed the school's integrated kindergarten program at Blue Point Elementary, which has been extremely successful.

At St. Joseph's, Mary Ann began and chaired the Women's Transition Club for returning students like herself. "At that time there was a critical need for a support group for women," Mary Ann recalled. In addition to her bachelor's degree in psychology from SJC, Mary Ann has an M.S. degree in school psychology from St. John's University and a Professional Diploma in school district administration from C.W. Post. She is a member of the New York and the National Association of School Psychologists.

Mary Ann is grateful for the education she received at SJC. "My psychology classes prepared me for graduate work at St. John's," she said. "My classes in the education department taught me all about the child and the school environment. The faculty at SJC was supportive, yet demanding."

Mary Ann lives in Holbrook with her husband of 33 years, Thomas. The couple has two daughters, Dawn, 30, a graduate of Cornell and Columbia Universities, and Dana, 22, a graduate of Brown University, where she is also a first year medical student. Mary Ann's leisure activities include reading, opera and the theater.

LISA HENRY ALTER '87

Lisa Henry Alter was no stranger to Frank J. Carasiti Elementary School in Rocky Point, Long Island when she was appointed principal two-and-a-half years ago. She had been a second-grade teacher there since 1987, when she graduated from the SJC Patchogue Campus. She was also founder and director of the district's adult education and REAL (Recreational, Educational, and Leisure Activities) programs. What's more,

Lisa herself was a product of the Rocky Point schools.

"I had to do some soul searching because I was not sure if I was ready to leave the classroom," Lisa said. "However, I accepted the position because I felt that I could make a positive difference in the lives of so many more children as principal."

In her short tenure, Lisa has already made a difference. She established a building-wide positive reward system that allows students to earn "principal points" for excellent hallway behavior. She also initiated an "Author of the Week" program, in which students judge and honor the writings of their peers. "My goal is to develop a close-knit community feeling, even though our building is so large," Lisa said. "All these things foster a loving environment that make children feel comfortable and love school."

At St. Joseph's, Lisa was president of the Foreign Language Club. In 1990 she earned a master's from SUNY at Stony Brook. She has additional graduate credits in administration from C.W. Post and the College of New Rochelle. In 1994 she received the P.T.A. Jenkins Memorial Award, and she is an active member of the Long Island Elementary School Principals Association for the Towns of Islip and Brookhaven.

Looking back, Lisa expressed thanks to her professors for their guidance and concern. "Their high standards promote the personal drive and persistence needed to be successful," she said. "SJC prepared me with the foundation to be an effective educator. The Child Study program is strong, and high expectations are set by all the teachers. This background prepared me to accept all challenges and to achieve the best."

Lisa and her husband Jeff live in Port Jefferson with their two dogs, a Bichon Frise named Penelope and a Golden Retriever named Stanley. In her spare time, she enjoys playing the piano and singing, especially with her students. She loves to tell stories, read and ski.

Andrea Lowe Reynolds '83

By the time Andrea arrived at the St. Joseph's G.S. program in 1981, she was already a Registered Nurse with seven years of experience in the emergency ward at Bellevue Hospital. While making the dean's list in her undergraduate major in 1982 and 1983 in community health at SJC, she worked in the emergency room at Queens Hospital Center, handling acute traumas like gunshot and stab wounds and burns.

Since graduation she has spent most of her career as a nursing director at treatment centers in the South Bronx, managing and training the nursing staff at the Morrisania Diagnostic and Treatment Center since February 1995.

Andrea also pursued her graduate studies after SJC, earning two master's degrees from Teachers College, along with the Ed.D. in 1995. She has received a citation from Community Board 13 for outstanding service to the Bronx community and was the keynote speaker at a 1992 conference on multicultural nursing sponsored by CUNY and the Health and Hospitals Corporation.

Dennis Grecco '95

In the midst of a career at Sweetheart Cup Co., Dennis Grecco began the G.S. management program at SJC. The impact of his studies on his professional life was immediate. "The most satisfying experience of returning to school as a working adult is the instant gratification of being able to implement fresh ideas in the business environment," he says.

Since graduation in 1995, Dennis says he has been producing a flood of new ideas for his division, where he has been a field engineer and a regional service manager. One idea is a new safety training program conforming to federal guidelines that the company will now establish nationwide. Another is a predictive maintenance program that makes it possible to develop a work schedule a year in advance. "The bottom line," he says, "is that St. Joseph's was the stimulus for my creativity."

In addition to working for a corporation, Dennis has owned and operated two small businesses-- a men's shop and a burglar and fire alarm company, both in Brooklyn-- and performed a variety of technical and service jobs since starting out in 1970.

SPOTLIGHT

on Our Faculty

Sister Anne Behre, C.S.J.

Sister Anne Behre, SJC's beloved professor of Child Study, had already accomplished what most people would consider a life's work before she even arrived at St. Joseph's in 1981.

A year after graduation from St. John's University in 1959, Sister founded the St. Francis de Sales School for the Deaf and remained as superintendent for the next two decades. She has been a prominent educator in that field, serving two terms as secretary for the Conference of Executives of American Schools for the Deaf. Her establishment of the St. Francis School brought her a Diocesan Leadership Award, and she has also received the Ubi Caritas, Deus Ibi award, the highest granted by Catholic Charities. The inclusion of deaf students of all races and creeds at St. Francis led to a special award from the National Conference of Christians and Jews. Sister continues to serve the handicapped and the aged in a variety of community outreach programs. Along the way Sister completed her master's at SUNY Buffalo in 1962, and her Professional Diploma and her Doctor of Education degree at Columbia's Teachers College, the latter in 1971. At St. Joseph's she has performed extensive faculty service and is current chair of the Academic Development Committee. She treasures the close contact with students that SJC makes possible. Teaching in the Child Study Department, she says, "I have had the opportunity to share all that I am and all that I have experienced with future teachers. To be able to touch the lives of others who, in turn, will influence so many children makes me feel that my work is noble and meaningful. Teaching at St. Joseph's has truly energized me." Born and raised in Brooklyn, the youngest of four children, Sister has not spent a single year since 1965 without a dog of some kind in her life.

Dr. Margaret Jennings

Margaret Jennings likens herself to the compass in the John Donne poem "Valediction Forbidding Mourning." The center of her professional life, where her "fixed foot" is planted, is St. Joseph's College, where she recently finished her 27th year in the English Department. But her career has also described a wide intellectual arc, concentrating on inten-

sive explorations of medieval literature.

Professor Jennings also travels far afield in the regular way, calling herself "Queen of the Road." Her home is in Saxonville, Mass., where she spends weekends, and her work week is divided between the SJC Brooklyn and Patchogue campuses. She has served for years as chair of the English Department, as well as chair of the Committee on Rank, Tenure and Faculty Interests. Twice she has chaired SJC's Middle States Self-Study committees. Looking back, she says her years at St. Joseph's "have a rosy glow, compounded of a supportive administration, intriguing and challenging colleagues, and delightful students."

With a B.A. from Brentwood College in 1964, Professor Jennings went on to an M.A. at the University of North Carolina at Chapel Hill, with additional study at C.W. Post, Notre Dame, Catholic and Oxford universities. By the time she had earned her Ph.D. from Bryn Mawr in 1970, she was already an instructor at St. Joseph's. Since then there has been a fellowship at Harvard and a Mellon Fellowship at NYU in 1984. There have also been some 30 scholarly publications, including a collation of Troilus manuscripts for the 1987 Riverside Chaucer.

Some other skills and roles Margaret Jennings has mastered: volunteer accountant for two inner-city parishes, accomplished bricklayer, plasterer, and installer of ceramic tile. She lives in Saxonville, Massachusetts with her husband, Patrick Kilcoyne.

Dr. Mark Hessler

Assistant Professor of History Mark Hessler has been a full-time faculty member at SJC's Patchogue Campus since the late 1980's. Before that, he taught part time at St. Joseph's, Empire State College, and SUNY at Stony Brook, where he obtained his master's and doctoral degrees. His bachelor's degree is from Southampton College.

Dr. Hessler's specialty is American history. On campus he oversees the Local History Center, which contains a wealth of information on Nassau and Suffolk counties. "Long Island is one of the great untapped resources for regional history in America," he says.

Dr. Hessler's profession may have been determined from the very beginning: He was raised in Stony Brook in a 250-year-old house by parents with a deep appreciation for the past. The

Holly Tree House, as it was called, was a favorite with community groups. "The garden club would run tours through it," he recalled.

After getting his bachelor's degree in child study and doing some student teaching, Dr. Hessler opted for graduate school in history. His doctoral work focused on the American Colonial period, and he developed a particular interest in the philosophy and literature of the 17th and 18th centuries.

On campus Dr. Hessler also advises the SJC History Club and the newly established Science Fiction Club. He sits on the Pre-Law Committee and is a main organizer of the SJC Fine Arts/Homecoming Festival, which will take place at the Patchogue Campus September 23-29, 1996. "One of my goals is to improve the fine arts at St. Joseph's and to make the community more aware that St. Joseph's is here," he said.

Dr. Hessler has been instrumental in forming the Academy College within a College, an interdisciplinary program whose debut at the Patchogue Campus is expected next spring. He especially enjoys the camaraderie and open-mindedness at St. Joseph's. "There's always room for new ideas here, and there's an open gate to the students," he said. "At a large institution, you don't really get to know your students."

Dr. Hessler and his wife Celeste, a violin and piano teacher, are parents of three children: Evan, 10, Arielle, 7, and Rowe, 5.

Dr. Jill Levin

Dr. Jill Levin, an Assistant Professor of Child Study, has been at St. Joseph's Patchogue Campus for over eight years. She teaches both elementary and special education classes, including primary grades reading and language arts, special education curriculum, methods and materials, children with physical disability and health impairments, and a summer class focusing on the psychology of the exceptional child. This summer she will also be teaching a new course in adaptive curriculum that she developed for SJC's master's program in infant/toddler therapeutic education.

Outside the classroom, Dr. Levin earlier this year established the Campus Academic Center, where faculty volunteers work one-on-one with students who need help with writing, studying, and other skills. She also chairs the Academic Development Committee, which reviews students' grades twice a year.

In her 30-year career, Dr. Levin has taught elementary school, tutored high school students and worked as a reading consultant. After starting out as a kindergarten teacher, she recalls, "I became fascinated by children with special needs. So special education became my focal point."

Dr. Levin has a bachelor's degree in early childhood from Brooklyn College and a master's in special education and reading from C.W. Post. Her Ed.D. is from Nova Southeastern

University, where she focused on special services for exceptional children.

In 1987, Dr. Levin accepted a position at SJC because she wanted to "give back" to the teaching profession some of what she had learned. "I'm truly interested in developing quality teachers," she said. "I enjoy working with them and listening to them. I am an advocate for children, and I want them to be, too." To keep the lines of communication open, she asks her students to write their thoughts in journals, which she collects from time to time. "It's time consuming, but it really does help me to get to know my students."

A Brooklyn native, Dr. Levin lives on Long Island with her husband Art, a businessman. Their children are Lisa, an audiologist, and Scott, a medical doctor. Dr. Levin writes poetry in her spare time, including a poem about children with special needs that appeared in a recent anthology published by the Library of Poetry. Another poem, "In the Fast Lane," will appear in a new anthology, *Carvings in Stone*.

FACULTY NOTES

CONGRATULATIONS TO:

Gretchen Owens, Associate Professor of Child Study, who will be on sabbatical for the fall '96 semester. Gretchen will be doing research and writing about attachment in young couples and their children, working in collaboration with researchers in the Stony Brook Relationship Project, an ongoing longitudinal study of attachment working models. Gretchen explains that these working models are internal representations of experience which are thought to be formed during childhood interaction with parents and other caregivers. Presumably, these working models continue to affect expectations of and behavior toward other people even during adulthood. With others in the Project, Gretchen is interested in testing - by interviews, questionnaires, and videotaped interactions - how these representations influence relationships with spouses and children. She expects that the research will lead to a number of papers.

S. Helene Ciborski, on the completion of twenty-five years of teaching at SJC.

Dr. Raymond D'Angelo, Professor of Sociology who was awarded a Social Science Data Analysis Network

Summer Grant. The project, "Using the U.S. Census in the Classroom," is funded by the National Science Foundation and the U.S. Department of Education FIPSE. The six-day workshop will be conducted at the Population Studies Center of the University of Michigan in Ann Arbor. The workshop is preceded by a one week Internet on-line access to census data. The purpose of the project is to help college teachers introduce "User-friendly" census data analysis into their classes.

Dr. Margaret Jennings of the English Department who presented a paper entitled "As Austyn Bit?: Chaucer's Ironic Use of Augustine," at the Canadian Society of Medievalist (part of the Learned Societies of Canada) Conference May 28-30 at Brock University, St. Catherine's, Ontario. It was Dr. Jennings' second trip to this Conference.

John J. Capela of the Business Department and Stephen W. Hartman who have compiled a book containing definitions of over 4,000 international business trade and 400 Internet terms entitled, "The Directory of International Business Terms." The directory is a practical and useful aid to anyone involved with international business, whether entrepreneurs, government administrations or students. A copy can be found in the Callahan Library at the Patchogue Campus.

Dr. Monica Brennan of the History Department who traveled to the University of Southern Illinois April 17-20 to attend the national meeting of the American Conference for Irish Studies. Dr. Brennan presented her paper, "Ascendancy Politics in Eighteenth Century County Kilkenny."

Dr. Ted McGlone of the Economics Department who attended the 22nd Annual Convention of the Eastern Economic Association in March. Dr. McGlone presented his paper, "The Duality of Labour," a temporal critique of a simultaneous approach to Marx's value theory. Dr. McGlone also chaired a session on new directions in political economy. Dr. McGlone co-authored with Dr. Andrew Kliman an article that appeared in the newly-released collection entitled, "Marx and Non-equilibrium Economics."

S. Miriam Corr and S. Frances Carmody who spent the week of April 1-5 in Orlando, FL, attending the International Convention of the Council of Exceptional Children. Of particular interest was the concept of Action Research by College Departmental Representative in local school districts as a collaborative effort to respond to the concerns of school administrators and their teachers. Sister Frances and Sister Miriam believe this concept would be worth some discussion and exploration.

Excerpts from Msgr. Vincent Breen's Eulogy for Msgr. Richard Ferris

Msgr. Ferris' life centered around certain themes: the first of these were Brooklyn and Queens. He was a son of Brooklyn; born in Greenpoint. His passion was for the Brooklyn Dodgers. Thursday afternoon the two of us would go to Ebbets Field. I don't think that Richie could ever be hostile to anyone, but he never forgave Walter O'Malley. His summers were centered about Queens. His family has had a summer home in the Rockaways since almost the beginning of Richie's life.

The second theme of his life was his family. He adored his sister. His father was his hero, his mother was his example in life. Margaret's children know what a treasure he was for them. But as he matured, other themes came into his life. The call to the priesthood took hold of his life and his mentor was Father Nick Cappa whom he absolutely adored. In the spring of 1959, another theme entered his life, the theme of Rome. The two of us were asked to go in the fall to Rome to study in the North American College. We sailed on the USS Constitution,

September 14, 1959. On Sunday morning we arrived at Algeciras, that Spanish port right by the Rock of Gibraltar. I ran downstairs to the cabin and said, "Richie you've got to get up. You've got to see the Rock of Gibraltar." He never went up to look at the Rock of Gibraltar.

But Rome became a passion in his life. Rome for him was the sea of Peter, the Rock upon which Christ founded his Church. It was in Rome that his great mind was challenged and he developed into a mature and faithful theologian.

Upon his return home, another theme came into his life. He was asked to teach at St. Joseph's College for Women. For twenty-five years he taught the theology of the Church as the Church teaches it. The last theme of his life was his beloved St. Genevieve Parish. He told me he wanted to die here and the Lord heard that prayer. There are devoted heroes here today: his sister Margaret, who took him into her home and cared for him in his illness. But the greatest of all the heroes today is his dad. Years ago I urged Richie to come up on deck to look at the Rock of Gibraltar, I know why he didn't have to do that. He had already seen the Rock of Gibraltar in the face of his father. For many of us here today, we weep at his passing, much too early we say. I told someone on Sunday, it is the end of 44 years of friendship but I was wrong, it is not the end. I am very lucky because I have a friend who is at the side of the Lord and there he will be evermore, a friend to me as He will be to you.

Tribute to Sister Mary Corde Tymann, C.S.J.,

by Sister George Aquin O'Connor, C.S.J.,

on the occasion of her retirement from the Faculty:

In 1993, Sister Mary Corde Tymann chose not to celebrate a special occasion. This year, therefore, we celebrate her completion of 53 years as a faculty member at St. Joseph's College -- as far as I know, the longest tenure of any faculty member at SJC.

When Sister Mary Corde graduated as a Mathematics major from St. Joseph's in 1939, she had already decided to join the Sisters of St. Joseph's; but envisioning a teaching career at the elementary or secondary level, she decided to complete her own education before entering. In 1940 she received her MA in Mathematics from Columbia University. After a year of teaching at The Mary

Louis Academy, in 1943 she was appointed to the faculty of St. Joseph's College -- and the rest is literally history.

At that time, the College envisioned the future need for someone prepared in Physics, and so Sister Mary Corde, while teaching Mathematics, began the long trek to New York University to complete, first the undergraduate major in physics, then the Master's in Physics.

Throughout the years when the National Science Foundation provided wonderful opportunities for updating, Sister Mary Corde took advantage of NSF grants to the Universities of Buffalo, Michigan State, Nebraska,

Rochester, Dartmouth, Wesleyan, and the Institute of Nuclear Studies at Oak Ridge.

At one critical point, she agreed to serve as Acting Chairperson of the Mathematics Department, her first love, and helped to see us through a potentially difficult period. And then, with the development of the Patchogue Campus, she planned the Physics lab, traveled out to teach courses, and selected the faculty, with whom she continues to be in touch.

With the professionalism, composure, and prayerful reflection which have always characterized her, Sister Mary Corde reached the decision that this would be her last year of teaching. She will continue to be available as a resource person.

On behalf of Alma Mater, we salute you today for a life dedicated to religious commitment, to the ideals of St. Joseph's College, and to enabling generations of students to reach their full potential. Thank you for all that you have done and will continue to do. Ad multos annos!

To the Class of 1956

*on the occasion of their 40th anniversary from St. Joseph's College
from Dorothy Whalen Newbert '56*

Sift the drifted dunes of time.
Plow the snows of yesteryear.
Dig for scraps
and find perhaps,
clues that lead from there to here.

Clinton was an Avenue,
not a President.
Dillon was the CEO
in our tiny government.

A lady sporting Levis
draw disapproving stares.
Bing and Perry sang to us.
Madonna heard our prayers.

JFK was vaguely cute.
Cyberspace was incredible.
Woodstock was just a village.
Arugula was inedible.

Vietnam was fat away,
someplace "over there."
Non-violent demonstrations
promoted Tupperware.

Grace Kelly set the standard:
white gloves and perfect diction.
Organ donors gave to churches.
A spacewalk was pure fiction.

We'd have to visit Oslo
to see a Nordic-Track.
Celebrities had Christian names,
not Magic, Air, or Shaq.

On-line was drying laundry
or waiting to pay cash.
We never watched "Home
Shopping"
or an episode of "M.A.S.H."

NOW indicated right away.
OJ meant Vitamin C.
Aids signified a helping hand.
And what on earth was MTV?

Computers were all portable,
housed within the brain.
Instead of raising consciousness,
activists raised Cain.

The Super Bowl held chips and dips.
To rap was not to sing.
No one knew the wondrous dream
of Martin Luther King.

We knew a lot of Latin.
Russia was a threat.
We rode the waves at Rockaway,
not surfed the Internet.

Fast food was penitential stuff,
especially during Lent.
Ebbs Field still echoed
with fantastic sentiment.

Those distant days of '56
are faded by time's bleach.
Despite the wear,
it's all still there
within our memory's reach.

The forty years may not have been
precisely what we planned.
Nonetheless,
we each impress
our Footprints on the Topaz sand.

CLASNOTES

1928

Mary Manning Doherty has been located! She has recuperated from a serious eye operation resulting in the loss of one eye. She would love to hear from you at the Fairfax Nursing Center, Room 412, Main Street, Fairfax, VA 22030, or through her daughter, Mrs. Eileen Doyle, 5921 Seabright Road, Springfield, VA 22152 (703-644-1264). Agnes Comerford has returned to Holyoke after another stay in the hospital. She is comfortable, and willing to accept her illness with an attitude of "come what may." Mary Keller Lawler is at a new residence run by the Dominican Sisters, whom Mary has found most comforting in her recovery from her second hip operation. Mary is expecting a visit from her son, a professor at Yale University. The Lawlers of Texas will arrive at the same time. Agnes Kelly Bryan has added to her many activities the nurturing of her garden of forsythia to remind her of Brooklyn. Although she lives many miles from her sister, Mary Kelly Hoermann, they keep in constant contact. Dorothy Hand is no longer able to host the large dinners and church affairs that gave her so much pleasure, but she is reasonably well and has many friends who still live in Cutchogue. Helen Callahan Brink is happy to report that, although she spends most of her time in a wheelchair, she is still able to walk a little and to visit her son John and his family. Jeannette Farrell Amery is happy to be living in her Brooklyn apartment. From her terrace overlooking Prospect Park, she enjoys the sound and sights of the change of seasons. She is still tracking down classmates to convey their news to you. Please keep in touch with the class agents and let us know how you are.

Kathlyn Ansbro Wurts and her husband Ed had an exciting trip this year -- a visit with their three children in California and then a cruise through the Panama Canal. Claire Smith sent me a clipping from the *Long Island Catholic*, a letter lauding Father John Worthley for his heartfelt homily at a funeral liturgy. I had chats with a number of our classmates: Edna Dawkins McDonald, Margaret Kenny, Mary Impelleri Barbieri, Winifred Mahon and Gertrude Unser. Mary White Kearney and Mary Whelan Phelan are busy as usual attending First Communion celebrations, graduations and weddings of their grandchildren. Former teachers for the N.Y.C. Board of Education will be interested in hearing that my son, Father Keith Fennessy, is now the chaplain of its Emerald Society. When we said our adieu to our hostess, Helen Coughlan Worthley, after her beautiful party last September, there was a feeling of "finis." Not so! Helen is most enthusiastic about entertaining us again this coming fall. I will send you details in August. Take care and keep well so you can join in this great reunion. Always love and prayers!

This year you celebrated the 60th anniversary of your graduation from St. Joseph's in the

year 1936. The following attended the luncheon: Dot Delay and her sister Ruth, Alice Hagan Finnerty, Kathleen Holland Jansen, Muriel McMahon Mulvey, Elizabeth Langan, and Betty Pyne Dunleavy. Sister Mary Louise Hubert wanted to join her classmates but the college where she teaches was celebrating its 75th anniversary on the same day. Kathleen Holland Jansen enjoyed an Alaskan cruise last year. She had an audience with the Pope on a visit to Rome. Muriel McMahon Mulvey has four daughters and one son. She is kept busy visiting them in various parts of the US. Jack and Alice Hagan Finnerty have enjoyed entertaining and visiting their many children and grandchildren. Elizabeth Langan is kept busy in her NYC residence with all the activities open to her in mid-Manhattan. Dot Delay and her sister Ruth spent a month in Florida. They will spend the summer days at their cabana in Atlantic Beach, Long Island. Betty Pyne Dunleavy is still doing her volunteer work at St. Jerome's School. She enjoys her membership in the National Association of Railway Businesswomen and is vice president of the New York chapter. She is a member of the senior citizens club of St. Jerome's and the Golden Girls sponsored by Sr. Theresa Gavin of McCauley High School. Her spare time is spent with her daughters and granddaughters at Point Lookout, Long Island and with her other grandchildren and ten great grandchildren. Make your plans to attend the fall luncheon on Nov. 2nd at the Union League Club in Manhattan. God Bless all of you.

Marge Laux O'Reilly is ensconced in her new digs in Silver Spring, Maryland. Her granddaughter graduates from Columbia this year. Claire Ruane, after one successful hip replacement surgery, is having a second one. Kay Heffernan Steffany and Tony celebrate their 50th wedding anniversary. As eucharistic ministers, they serve the local hospital and nursing home. Betty McMahon Corrigan and Ed escaped our horrible winter by staying in Florida. Edythe Bruce, who lives in the Big Apple, enjoys the benefits of the museums, concerts and lectures. Marjorie Parker Smith still has her running shoes on. She and her son, Kevin, are in the "Mother-Son" Trevira 2-mile run in Central Park. Marjorie received an invitation to attend a gala weekend for present and former USA national figure skating champions. In 1936 Marjorie and her partner were USA national dance pair figure skating champs! Her family gathered in New York to celebrate her 80th birthday.

Cathleen Farrell Walsh spent Easter in Dover, DE, where grandson Quentin Jr. took part in the Living Stations on Good Friday and granddaughter Meg was the altar server at the children's Easter Sunday Mass.

Cathleen hopes to leave for Louisiana next, where granddaughter Farrell Caithan will receive her first Holy Communion and another granddaughter will graduate from elementary school. Son John has put an addition on his house in Hawaii for his mother. Anne Sullivan spent two weeks in Villa Loyola, St. Ann's Bay, Jamaica, WI, visiting the Jesuits and the surrounding country. She also spent two weeks in Ireland, one of them with her brother's family (11 Sullivans in all), touring the west coast north of and around Galway. Mary Etzel McLaughlin comes to the city for shows, and says hello to us. From Houston, Helen Skead Fowler sends best regards, having lived there over 30 years. Agatina Carbonaro has moved to an apartment on Staten Island. Biggest news from Marcella Canale Reid are the two new grandsons, Timothy William Reid and Steven Joseph Pustorino. Sister Alice Francis Young will be off to the Holy Land with 11 Sisters of St. Joseph, courtesy of a Bishop of New Mexico.

The following from the Class of 1941 attended the Spring Luncheon: Rosedna Hall Murray, Agnes Connelly Huether, Eleanor Maguire, Bette Whalen Bonsall, Irene Butler Lozano (from Los Angeles, CA), Edith Mullen Boisi, Kay Foley, Peggy Wolfe

and Peggy McDerby Shea. Joan Schaefer cancelled at the last minute for health reasons. Also at our table were Mr. & Mrs. Bob Daly, wed last October. They spent their honeymoon in France. Mrs. Daly is Rosedna Murray's daughter, Frances, also an SJC Alumna. Before leaving Florida on April 10 for the reunion, I called Mary Doris Hillis Gilmartin, in Vero Beach. Her husband Roger had serious surgery a few years ago and is adjusting to a quieter mode of living. Their daughter, who had been on dialysis for several years, received a kidney transplant and is fine.

Virginia Quirke Dubatowka and her husband Aleck celebrated their 50th wedding anniversary in November. Patricia Loh Burgmyer had her hip replaced and is in intensive rehab treatment. Marie Carmichael, Kay Reidy Quinn, Dorrie Dooling Alcide, Frances Donahue, Virginia Worgull Davis, Sarah Miller Silk, Sarah Cooney Steets, Helen Fennelly Buckley, Edna Cunningham Hughes and Vera McGrath Lynch met again last fall at William Lake for a harvest weekend in the Catskills. We plan another weekend in autumn '96 and welcome all members of '42 to join us in this, our fifth weekend reunion. Contact Marie or Helen to arrange a reservation. In January '95, Virginia Worgull Davis, Helen and Jim Buckley, and Helen's daughter, Kathleen Reilly Masterson '79, traveled to the Holy Land with Sister Grace Rowland. This was a wonderful experience for everyone on the tour and the biblical sites came alive this Holy Week as we reflected on the places where we had walked and

prayed in Galilee, Jerusalem and the Judean desert. In April, Marie Carmichael and Kay Reidy Quinn joined Sister Joan Ryan's group, touring Sicily, Rome and southern Italy. We would like to hear from more members of our class. Please send us your news, your travels, your hobbies and volunteer work reports. Everyone wants to know what you're doing!

Clare Conk's son George is teaching at Seton Hall Law School as well as practicing in South Orange. Her daughter Nancy is moving from Santa Barbara to take over as executive director of the Affordable Housing Corporation in Davis, CA. Daughter Kathryn is completing a long delayed-last year of her BA at Antioch College in Santa Barbara. Lee Terry Prestia writes that at the time she was secretary of the Women's Club of Jupiter-Tequesta, a new member joined the club. It was none other than Eleanor Ulrick Farrell. Both of them live in Jupiter, FL and have become close friends. Eleanor is now secretary of the club, and an avid bridge player. Lee is now treasurer of her condo and scholarship and publicity chairperson of the women's club. She is also an auxilian at Jupiter Medical Center Hospital and this Fall will be installed in the executive board as president. *Marie Carroll Daly, 51-14 Overbrook Place, Douglaston, NY 11362 (718) 224-4944*

Betty Eppig Von Bourgondien celebrated her 50th wedding

anniversary with a big family party in April. Mary Burns Quinn, her Maid of Honor, sent "Congratulations," as we all do.

The same good wishes go to Helen Gebhardt Oberhofer, Paula Haller Bowes and Peggy Gravey Purcell, who have already passed this milestone. These are the ones we know. There must be more of you ... let us know so we can share the good news. Dr. Jim and Paula Haller Bowes were proud parents present at their daughter Patricia's performance in the Palm Beach Opera Society. In April, Paula, with daughter Margaret and her daughter, joined the SJC trip to Sicily where they visited a grandson who is stationed there. Annette Nolan, on the Board of Mercy Home, was honored in April with three other SJC-ers and the College had a full-page commendation in their journal. Lyn Sutherland McKenna and husband Jack, on an Elderhostel trip to the NY Financial District, spent a week at the World Trade Center Marriott, dined by a walk across the Brooklyn Bridge.

in an off Broadway play which she wrote -- *Where the Truth Lies*. Terry's son Larry is a talent agent, son Bill owns a book business and daughter Anne Carlon is an ob-gyn in NYC. Miriam Kelly Chaplin is feeling better every day and is enjoying the luncheon along with her daughter-in-law, Faye Ann. Margaret Millus Maroldy is our attorney and traveled to Lourdes on May 1 with the Knights and Dames of Malta. Mary Rita Roche O'Brien is busy with her family and is an avid golfer. Margaret Jokiel Joyce is our "pianist extraordinaire." She and husband Jack will be visiting their children in Texas. May Whalen Gronell is as vibrant as when she played basketball for SJC. Word has reached us that Marie Maddock Turner has decided to retire from the Herricks school district. Babette Harper is as busy as ever on the board of the English Speaking Union. Grace Olsen Egan writes that her husband Roger was invested as a Knight in the Equestrian Order of the Holy Sepulchre by His Eminence James Cardinal Hickey, Archbishop of Washington, at the Cathedral of St. Matthew the Apostle in Washington, DC. The Order of the Holy Sepulchre is commissioned by the Vatican to protect the holy sites in Jerusalem. Your correspondent was happy to be joined by so many at lunch. Clare had just returned from the alumni tour of southern Italy and Sicily and she is off to Scandinavia in June. Helen Golden Brown and her husband Lewis celebrated their 45th wedding anniversary. *Clare T. Bauch, 6 Stevens Court, Stewart Manor, Franklin Square, NY 11010 (516) 328-9449*

Sunday, April 21st brought forty of our classmates to our Golden

Jubilee celebration at the Alumni Luncheon in the Garden City Hotel. We traveled from around the country. Golden paperweights with the college seal were presented to each classmate. Brag booklets of our classmates' updates were distributed, but because of volume could not be included here. We were pleased to see that Mary Ellen Dowd Orr, who agreed to chair our class part of the celebration is slowly on the mend after a winter accident. What would we have done without the efforts of Dorothy Strachan Fitzsimmons and Gertrude Tausig Raiola for our class I.D.'s? Special thanks to Genevieve Kingman Lindner for coordinating the special liturgy and to Marian Quealy Zoll for collecting and computerizing our life stories. It was truly a golden occasion for us all! Each of us took different paths, finding our niche in the world. Yet, there was a similarity, threaded throughout, in advanced studies, family enrichment, and community outreach, common to all of us. After graduation and intervening years, our classmates have earned advanced degrees in their professional fields, including twenty-six masters, (many, but not all at Teachers College, Columbia) five doctorates and two MDs. Professionally, we have been teachers on all levels from pre-school to post graduate instructors and professors. We have a guidance counselor, a children's book editor, a founder of a school of music, and a director of a nursery school. There are three professors emerita, two former directors of development at SJC, five former NY Telephone reps and a retired NYC police detective. Many of us chose motherhood and often combined it with deferred careers in later years. Several have become entrepreneurs, and

a vice president. We have volunteered in first aid, boy and girl scout committees, teachers and library aides, in soup kitchens and for Meals on Wheels. At the parish level, many of us continue to serve as CCD teachers, as eucharistic ministers, lectors, choir members, pro-life advocates and a Dame of Malta. We have managed to travel in and out of the United States and to most of the continents. Our children, born between the years of 1947 and 1966, nicknamed the "Baby Boomers," at last count, totaled one hundred and seventy-two. They have chosen higher education and interesting careers, and are themselves producing a bumper crop of our grandchildren, one hundred sixty-seven so far. The gift of the college experience that we all shared at St. Joseph's has indeed touched many lives, and its ripple effects are still outreaching anyone's expectations. Deo Gratias! Nancy O'Brien Schuder is president of Inner Wheel of Westchester, an organization of Rotary wives. Marion Quealy Zoll is the class agent who spent long hours collecting information for the Jubilee booklet.

Irene Donohue Alpert is the treasurer of the Flagstaff Symphony Association and VP of Sidona Flagstaff Symphony League. She is on the finance committee of St. John Vianney Church in Sidona. Suzanne Gannon Murphy's daughter Kayt was married in October and her son Michael will be married in January in Pocatelto, ID. Carol McNierney Gant's daughter Betsy was to be married on May 18th. Carol traveled to Spain and Morocco in June. Ginny Scharf Falls swears, and maybe Jeanne Corbett Sheehan will agree, that we still look 19 years old and Stella MacNeil Finan's presence certainly confirms that. However, Agnes Maher Carr, being a bit more realistic, will settle for 45. Vilma Sauss Campbell was delighted to have Margaret Simonelli La Cerra as her houseguest in Brooklyn. The talking never stopped as Ann Oliva Apollo, Gloria Lopez Bruschini and Jerry Hanlon Weiss joined them at lunch. Gertrude Agoglia, Grace Arnone Marra and Joan McCarthy Dillon were glad to see each other in person. Some of us continue to work in our professions. Most of us are busy volunteers and we are all grateful for happy families, for sustaining friendships, for the grace to endure sorrows and for wonderful memories of our dear deceased classmates. We feel blessed for the education, standards and values that our St. Joseph family instilled in us and that we, hopefully, have nurtured. Having survived the win-

ter of '95, we rejoice in spring and summer joys of '96 and anticipate a significant anniversary in 2001.
